INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Clifford Fuel Co., Inc.
Employees' 401(k) Savings and Profit Sharing Plan
Utica, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Clifford Fuel Co., Inc. Employees' 401(k) Savings and Profit Sharing Plan, which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended June 30, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Clifford Fuel Co., Inc. Employees' 401(k) Savings and Profit Sharing Plan as of June 30, 2013 and 2012, and the changes in its net assets available for benefits for the year ended June 30, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule included in schedule H, line 4i - schedule of assets (held at end of year) as of June 30, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN

The following description of the Clifford Fuel Co., Inc. ("Company") Employees' 401(k) Saving and Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age twenty-one or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, the Company may make a discretionary contribution which is not conditioned on profits. The discretionary contribution is allocated based on each participant's compensation and based on a classification group. In order to receive an allocation of a discretionary contribution, participants must have completed a minimum of 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. Contributions are subject to certain limitations. Discretionary contributions totaled $265,554 for the year ended June 30, 2013.

Participant Accounts

Each participant's account is credited with an allocation of the Company's discretionary contribution, Plan earnings and investment expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or in monthly, quarterly, or annual cash installments over a period to be determined by the participant or his beneficiary. The period over which such a payment is to be made shall not extend beyond the participant's life expectancy or the life expectancy of the participant and his designated beneficiary. Options for a life annuity or a joint life and last survivor annuity are also available. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as an automatic rollover IRA unless the participant elects otherwise.

(Continued)

1. DESCRIPTION OF PLAN (CONT'D)

Payment of Benefits (cont'd)

Hardship withdrawals are permitted by the Plan for the purchase of a principal residence, tuition and related expenses for post-secondary education, medical expenses not covered by insurance, to prevent eviction from or foreclosure on a principal residence, for certain burial or funeral expenses, and for the repair to a principal residence resulting from a casualty. Participants may withdraw rollover contributions and fully vested employer contributions plus their respective earnings subject to certain limitations.

Forfeited Accounts

Forfeited accounts are used to reduce the employer contributions. The Company used $6,394 in forfeited funds to reduce the Company contribution for the Plan year ending June 30, 2013. There was no forfeited non-vested account balance as of June 30, 2013 or 2012.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

(Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Allocated Contract

The Plan has a contract with an insurance company for an individual life insurance policy on a key employee. The insurance benefits are fully guaranteed by the insurance company. Therefore, the allocated contract and related benefit obligation are excluded from the Plan's financial statements. Insurance premiums paid by the plan for the year ended June 30, 2013 were $287.

Subsequent Event

Subsequent events have been evaluated through January 20, 2014, the date the financial statements were available to be issued.

3. INVESTMENTS

There were no investments that represent 5% or more of the Plan's net assets and require separate identification at June 30, 2013.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $192,125 as follows:

Mutual funds	$ 93,082
Common stocks	141,811
Corporate bonds	(18,213)
Government and agency obligations	(24,555)
Net appreciation in fair value of investments	$ 192,125

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at June 30, 2013 and 2012.

- *Common stock, corporate bonds and government and agency obligations:* valued at the closing price reported in the active market where the assets are traded.
- *Mutual funds:* valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Morgan Stanley Smith Barney ("MSSB"), who acts as the custodian and investment advisor of the Plan; therefore, transactions qualify as party-in-interest transactions. Fees paid to MSSB by the Plan for investment management services amounted to $28,473 for the year ended June 30, 2013.

(Continued)

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 16, 2010 that the Plan is in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to June 30, 2010.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become one hundred percent vested in their accounts.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2013, to Form 5500:

Net assets available for benefits per the financial statements	$ 4,235,990
Amounts allocated to withdrawing participants	(2,652)
Net assets available for benefits per the Form 5500	$ 4,233,338

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended June 30, 2013, to Form 5500:

Benefits paid to participants per the financial statements	$ 85,816
Add: Amounts allocated to withdrawing participants at June 30, 2013	2,652
Benefits paid to participants per the Form 5500	$ 88,468

Amounts allocated to withdrawing participants are recorded on the From 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.
