HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Helac Corporation (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General - The Plan is a defined contribution plan covering substantially all employees of the Company, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility - Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing 2 months of service.

Contributions

Participant contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions - The Company makes matching contributions and may elect to make profit sharing contributions to the Plan. The Company matches 40% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended June 30, 2013.

Contributions are subject to regulatory limitations.

Participant accounts - Participant accounts are credited with participant contributions and allocations of the Company's matching and discretionary profit sharing contributions, if any, and the Plan's earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary portions of their accounts, plus earnings thereon, is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule or upon death or disability:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	33%
2	67%
3	100%

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan. Principal and interest are paid ratably through payroll deductions. As of June 30, 2013, the rates of interest on outstanding loans ranged from 5.25% to 12.25%, with various maturities through July 2025.

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the value of the vested interest in his or her account or annual installments over a certain period, as defined in the Plan. A terminated participant with a vested balance of less than \$1,000 will receive the value of the vested interest in his or her account in a lump-sum cash distribution as soon as administratively possible after the termination date. A terminated participant's account balance is automatically rolled over into an individual retirement account if the account balance is greater than \$1,000 but less than \$5,000, unless otherwise elected.

Forfeitures - Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future employer contributions. As of June 30, 2013 and 2012, forfeited nonvested accounts totaled \$2,728 and \$0. For the year ended June 30, 2013, Plan administrative expenses were reduced by \$0 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The adoption of this standard did not have a material impact on the financial statements.

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Investment valuation - Investments are stated at fair value as certified by the Plan's trustee and custodian, Charles Schwab Trust Company. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date (Note 4).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires that the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses - Administrative expenses related to operating and maintaining the Plan are paid by the Plan. Certain investment and transaction fees are paid by the Plan.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through January 24, 2014, which is the date the financial statements were available to be issued.

Mutual funds	\$ 971,594
Collective trust	<u>5,169</u>
Net appreciation in fair value of investments	<u><u>\$ 976,763</u></u>

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of fair value measurement

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013 and 2012.

Registered investment companies (mutual funds) - Shares of registered investment company funds are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust - Units held in collective trusts are valued using the NAV of the fund as reported by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The Plan has investments in the Morley Financial Services Stable Value Fund (the Fund). The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicated on underlying fixed-income securities), as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted-average credit quality rating of A or better. The underlying fixed-income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund will not exceed four years.

The Fund is designed for long-term retirement investing. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Fund trustee's approval.

Money market fund - The money market fund is a public investment vehicle valued using \$1 for the NAV.

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of June 30, 2013 and 2012:

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 21, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is no longer subject to income tax examinations for years prior to 2009.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified by the Trustee and Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of:

Registered investment companies and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2013 and 2012.

Net appreciation in fair value of registered investment companies and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2013.

Contract value of collective trust reflected on the accompanying statements of net assets available for benefits as of June 30, 2013 and 2012. Net appreciation in contract value of collective trust reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2013.

Investments reflected on the supplemental schedule of assets (held at end of year).

Transactions reflected on the supplemental schedule of reportable transactions.

HELAC CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8 - Party-in-Interest Transactions

Certain Plan investments include shares of registered investment company funds managed by Charles Schwab Trust Company, which is the trustee and custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$29,401 for the year ended June 30, 2013.

Note 9 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500 as of June 30, 2013:
