Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2013 and 2012

Note 1: Description of Plan

The following description of the Community Care Network, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Community Care Network, Inc. (the “Organization”). For the purposes of elective deferral contributions, an employee shall become eligible to participate in the Plan on the participant’s hire date. For the purposes of the Organization’s discretionary employer matching contributions, an employee becomes eligible after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows certain participants with 15 or more years of service to make special section 403(b) catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers shares of registered investment companies as investment options for participants. The Organization contributes the lesser of the employee contribution or up to 5% of annual compensation for all unionized employees. At June 30, 2013, there were no unionized employees. For all non-unionized employees, the Organization may contribute a matching contribution calculated as a percentage of the participant’s annual compensation. Matching contributions will not be made to any employee participating in the defined benefit plan sponsored by the Organization. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Organization matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Organization’s contributions plus actual earnings thereon.

Notes to Financial Statements

June 30, 2013 and 2012

Note 1: Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments.

Forfeited Accounts

At June 30, 2013 and 2012, there were no forfeited nonvested accounts. These accounts may be used to first offset plan expenses and will then be used to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board ("FASB") which established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2013 and 2012

Note 2: Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan are generally paid from Plan assets. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses.

Bad Debt Expense

Employer contributions receivable are written off when deemed uncollectible by Plan management. During the year ended June 30, 2013, the Plan wrote off \$42,714 of employer contribution receivable due to the closing of one of the participating employers of the Plan and Plan management's determination that such amounts will not be recovered from the liquidating agent.

Subsequent Events

The Plan has evaluated subsequent events through November 21, 2013, the date the financial statements were available to be issued.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2013 and 2012

Note 3: Custodian Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at June 30, 2013 and 2012, and net appreciation in fair value of investments, and interest for the year ended June 30, 2013, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company (the custodian of the Plan).

Note 4: Investments (Unaudited)

The following presents investments that represent 5% or more of the Plan's net assets at June 30:

	<u>2013</u>	<u>2012</u>
MFS Total Return Fund	\$ 100,454	\$ 87,764
American Funds Money Market Fund	278,930	213,697
Russell FX Inc. Fund	209,099	229,208
American Funds Capital World Growth & Income Fund	123,225	115,585
Neuberger Berman Socially Resp Inv Fund	91,949	**
INVESCO SmallCap Growth Fund	82,024	**
The Principal SmallCap Value II Fund	119,547	103,588
American Funds Washington Mutual Investors Fund	161,530	153,527

**Did not represent greater than 5% of net assets for the respective year.

During fiscal year 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$133,608, which is attributable to the registered investment companies.

Note 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2013 and 2012

Note 5: Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013 and 2012.

Shares of registered investment companies: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at June 30, 2013:

Note 5: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at June 30, 2012:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Participant directed funds:

	\$ <u>1,365,932</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,365,932</u>

Note 6: Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by The Principal Trust Company. The Principal Trust Company is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in administrative expenses.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contribution portion of their account.

Note 8: Tax Status

There is no requirement for 403(b) plans to receive a favorable determination letter from the IRS indicating that the Plan is qualified under Section 403(b) of the Internal Revenue Code (the "IRC") and is tax-exempt under present income tax law. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2013 and 2012

Note 8: Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for Plan years prior to June 30, 2010.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
