Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
California Paperboard Corp. Pension Plan for Pulp and Paper Workers

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of California Paperboard Corp. Pension Plan for Pulp and Paper Workers (the "Plan"), which comprise the statements of net assets available for benefits as of April 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended April 30, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of April 30, 2013 and reportable transactions for the year ended April 30, 2013, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PENSION PLAN FOR PULP AND PAPER WORKERS

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED APRIL 30, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following description of California Paperboard Corp. Pension Plan for Pulp and Paper Workers (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined benefit noncontributory pension plan established May 1, 1975, for all union hourly employees of The Newark Group, Inc. (the "Company," "Plan Sponsor," or "Employer"), who are covered by a collective bargaining agreement between the Company and Local Union No. 657 of the Association of Western Pulp and Paper Workers ("Union Employees"). The Plan is administered by the Plan Committee (the "Committee"). Members of the Committee are responsible to, appointed by, and serve at the discretion of the Board of Directors of the Company. The Committee has the exclusive right to interpret the Plan, establish rules for administration of the Plan, and to decide any and all matters arising in connection with interpretation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility—Effective July 1, 2008, participants' benefits were frozen and no new participants are permitted to enter the Plan. Plan participants, as well as newly eligible employees are entitled to enter a defined contribution plan where the Company will (i) match 50% of the first 3% of salary deferral and (ii) contribute 2% of covered compensation (generally, base pay and overtime) for employees whether or not the employees contribute to the Plan through salary deferrals.

Pension Benefits—The Plan provides for normal, early, late and disability retirement benefits as further discussed in the Plan document. Benefits are calculated based upon years of service at termination date. Benefit payment options include lump sum and monthly joint or survivor installments. An employee is 100% vested in his accrued benefit after completion of five years of service. As indicated above, benefit accruals were discontinued under this Plan effective July 1, 2008.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation—The accompanying financial statements have been prepared on the accrual basis of accounting.

Subsequent Events— The Plan evaluated subsequent events through January 31, 2014, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition— The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

All security transactions are accounted for on the date the securities are purchased or sold (trade-date basis). Interest and dividend income is recorded on the accrual basis. Dividends, which include capital

gain distributions, are accrued as of the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities, and actuarial present value of accumulated Plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments to Participants—Benefit payments to participants are recorded upon distribution.

Expenses—Administrative expenses of the Plan are paid by the Plan to the extent not paid by the Plan Sponsor as provided in the Plan document.

Accounting Change— In 2012, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04), effective for Plan years beginning after December 15, 2011. ASU 2011-04 amends Accounting Standards Codification ("ASC") 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles ("GAAP") and International Financial Reporting Standards ("IFRSs"). Adoption of ASU 2011-04 had no effect on the financial statements.

3. INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, State Street Bank and Trust Company, the trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of April 30, 2013 and 2012, the statements of changes in net assets available for benefits for the years ended April 30, 2013 and 2012, and the accompanying supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended April 30, 2013.

4. INVESTMENTS

For the years ended April 30, 2013 and 2012, the investments in the Plan (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $613,396 and $208,253, respectively, as follows:

Description	2013	2012
Common collective trusts	$ 529,396	$ 281,082
Mutual funds	84,000	(72,829)
	$ 613,396	$ 208,253

The Plan's investments which represented five percent or more of net assets available for benefits as of April 30, 2013 and 2012 are as follows:

Description	2013	2012
Diversified Core Bond Fund	$ 321,894	$ 269,917
Diversified Long Bond Fund	1,443,220	1,434,805
Diversified Real Estate Fund	452,353	385,183

American Funds EuroPacific Gr R5	556,829	481,332

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification*, (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2013 and 2012.

Mutual funds **–** Valued at the net asset value ("NAV") of shares held by the Plan at year-end. As these mutual funds are held in a trust, and the Plan does not directly invest these funds, they are therefore shown as a Level 2 investment.

Common collective trust **–** The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Massachusetts Fidelity Trust Company ("MFTC") is the trustee of the common collective trust investments. Pursuant to the trust agreement for the common collective trust, withdrawals from the Plan will be made no later than 5 business days for single sum withdrawals, 31 days for periodic benefit payments and 31 days for withdrawing the Plan's entire interest following the trustee's receipt of the written withdrawal request.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of April 30, 2013 and April 30, 2012:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended April 30, 2013 and 2012, there were no transfers in or out of levels 1, 2 or 3.

6. FUNDING POLICY

All contributions to the Plan are made by the Company acting upon the advice of the actuary for the Plan. The Company intends to make contributions in an amount determined by actuarial calculations, which are at least sufficient to meet the minimum funding requirements of ERISA. For 2013 and 2012, the Company met the minimum funding requirements of ERISA.

7. ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan

benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated Plan benefits for active employees are based on their estimated accrued benefits as of the valuation date. Benefits payable under all circumstances--retirement, death, disability, and termination of employment--are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's actuary, Transamerica Retirement Solutions Corporation ("Transamerica") (formerly Diversified Retirement Corporation), and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated Plan benefits as of the latest valuation date is presented below:

	April 30, 2012
Vested benefits:	
Participants currently receiving payments	$ 2,534,130
Other participants	2,354,983
Total vested benefits	4,889,113
Non vested benefits	38,320
Total	$ 4,927,433

The changes in the actuarial present value of the Plan's accumulated Plan benefits for the year ended April 30, 2012, are as follows:

Actuarial present value of accumulated plan benefits – April 30, 2011	$ 4,911,723
Increase (decrease) during the year attributable to:	
Interest accumulated	287,654
Benefits paid	(238,460)
Benefits accrued and actuarial experience	(44,252)
Assumption changes	10,768
Net increase	15,710
Actuarial present value of accumulated plan benefits – April 30, 2012	$ 4,927,433

The significant assumptions underlying the actuarial computations at April 30, 2012 are as follows:

a. Discount rate— 6.00%.

b. Rates of mortality— Static Mortality Table.

c. Rates of turnover—T-3 turnover rates.

d. Retirement—The earlier of age 62 or 35 years of vesting service.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 13, 2010, which was issued subject to an amendment executed April 21, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2010.

9. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments primarily consist of mutual funds and common collective trusts. State Street Bank and Trust Company is the trustee of the Plan's assets, Transamerica is the Plan's recordkeeper and actuary, MFTC is the trustee of the common collective trust investments and is an affiliated company of Transamerica and, therefore transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to the Plan's trustee, recordkeeper and actuary were approximately $11,600 and $8,400 for the Plan years ended April 30, 2013 and 2012, respectively.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at April 30, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

11. MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

12. ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE ("AFTAP")

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding funding for defined benefit plans that may significantly increase required contributions for underfunded plans. The Act established new minimum funding standards and limited benefit increases and accruals for underfunded plans. Plans with a funding percentage below 80% will be required to implement certain benefit limitations such as restricting lump-sum payments and restricting the Plan from amending the Plan to enhance benefits. Further limitations such as freezing the accrual of all future benefits will be required for plans that are underfunded by more than 60% until such time as the percentage increases above 60%. Additionally, pursuant to the Act, each year actuaries are required to certify to a plan's funded percentage. The Plan received such certification for the Plan's AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the AFTAP for the Plan year beginning May 1, 2012 is 110.24%.

13. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document. To the extent that any assets remain after satisfying all benefit obligations under the Plan, such excess assets will revert to the Company.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Upon termination of the Plan, participants would be 100% vested.

14. SUBSEQUENT EVENTS

E.I.N.: 22-2884844 Plan No.: 010
Plan Year: May 1, 2012 to April 30, 2013

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;

2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year. However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
