Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended April 14, 2011 and December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

C/G ELECTRODES, LLC 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED APRIL 14, 2011 AND DECEMBER 31, 2010

1. DESCRIPTION OF THE PLAN

The following description of C/G Electrodes, LLC 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

On November 30, 2010, C/G Electrodes, LLC merged with GrafTech International. The employee benefit plan that C.G Electrodes, LLC had was not terminated until April 14, 2011 (also see Note 8).

General

The Plan's effective date was March 1, 2004 at which time all employees of C/G Electrodes, LLC (the Company), who met the eligibility requirements of the Plan, were eligible to participate. Enrollment into the Plan is effective immediately after the employee's hire date. The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have attained the age of 18.

Contributions

Each year employees may make pretax contributions, as defined in the Plan, up to the maximum permitted by law. The Company contributes four percent (4%) of the employee's pretax annual compensation. The Company may also contribute additional amounts at its discretion.

The Plan also provides the participants who are age 50 or older by the end of the calendar year and who are making deferral contributions to make catch-up contributions as permitted by IRS; catch-up contributions will also be matched by the Company at the same rate as regular pretax contributions.

Employees may also make after-tax Roth contributions, as defined in the Plan, up to the maximum permitted by law.

Additionally, the Plan provides for rollover contributions from eligible rollover distributions that participants received from prior employer's eligible retirement plan or an IRA.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both their contributions and company contributions plus actual earnings thereon.

Forfeitures

If an employee terminates employment, the nonvested portion of contributions are treated as forfeitures and are retained by the Plan and will first be used to pay expenses and then any remaining amounts will be used to reduce future Company contributions.

**C/G ELECTRODES, LLC 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED APRIL 14, 2011 AND DECEMBER 31, 2010**

1. DESCRIPTION OF THE PLAN, Continued

Investment options

Upon enrollment in the plan, each participant may direct their contributions into several investment options provided by the Plan.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance to a maximum of \$50,000. Loan terms range up to 5 years, or 30 years for purchase of a primary residence, and are secured by the participant's vested account balance. Interest is charged at a market rate as determined by the Plan administrator.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through January 14, 2014, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Plan's investment fees are paid by the Plan while the Plan's management and other expenses have been paid by the Company.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

3. FAIR VALUE MEASUREMENTS, Continued

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of April 14, 2011 and 2010:

	Fair Value	Quoted Prices in Active markets for identical assets (Level 1)	Significant unobservable inputs (Level 3)
<u>April 14, 2011</u>			
Mutual Funds	\$ 0	\$ 0	\$ 0
Investment contract with insurance company ..	0	0	0
Total	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>

	Fair Value	Quoted Prices in Active markets for identical assets (Level 1)	Significant unobservable inputs (Level 3)
<u>December 31, 2010</u>			
Mutual Funds	\$ 5,229,785	\$5,229,785	\$ 0
Investment contract with insurance company ..	334,791	0	334,791
Total	<u>\$ 5,564,576</u>	<u>\$5,229,785</u>	<u>\$ 334,791</u>

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with insurance company for the years ended April 14, 2011 and 2010.

	<u>Investment Contract</u>
<u>April 14, 2011</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended April 14, 2011 and December 31, 2010 are reported in net appreciation in fair value of investments.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2007, the Plan entered into a benefit-responsive investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY, Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at April 14, 2011 and December 31, 2010 was \$0 and \$334,791, respectively.

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Based on interest rate credited to participants	0.00%	2.37%

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

Investments, at fair value	2011	2010
Mutual funds	\$ 0	\$ 5,229,785
Investment contract, at contract value	0	328,530
Investment income	228,203	684,865

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services for the years ended April 14, 2011 and December 31, 2010 amounted to \$1,623 and \$9,591, respectively.

8. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective April 14, 2011, the Plan has been terminated. Under the terms of the Plan, all participants were fully vested in their contributions and the actual earnings thereon. The Plan participants have received a distribution from the Plan equal to their vested account balance, and hence, all Plan assets have been distributed as of the Plan's last day, April 14, 2011.

9. TAX STATUS

The Plan uses the trustee's prototype plan. The trustee is Fidelity Management Trust Company and their latest determination letter was October 9, 2003. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of total additions per the financial statements at April 14, 2011 to Form 5500:

Total additions per the financial statements	\$ 229,520
Adjustment from fair value to contract value for fully benefit responsive investment contracts	<u>(6,261)</u>
Total income per the Form 5500	<u>\$ 223,259</u>
