NOTE 1. PLAN DESCRIPTION

The following description of the Klune Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, as defined by the Plan, who have been employed for at least two months by Klune Industries, Inc. (the "Company" and the "Plan Sponsor") and affiliated employers. In addition, participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for discretionary Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2013, the Plan was merged into the Precision Castparts Corp. 401(k) Retirement Savings Plan and accordingly, all assets were transferred out of the Plan and into the Precision Castparts Corp. 401(k) Retirement Savings Plan. In connection with the merger, the additional eligibility requirements to receive the Company matching contributions were waived.

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Company may make discretionary matching and profit sharing contributions. The Company matched 50 percent of the first three percent of deferred compensation for certain eligible employees and the total Company matching contribution was $13,759 for the period ended April 1, 2013. No discretionary Company profit sharing contributions were made for the period ended April 1, 2013.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. While still employed by the Company, if a participant reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce future Company contributions. During the period ended April 1, 2013, forfeitures of $3,729 were utilized to pay Plan administrative expenses. As of April 1, 2013, there were no forfeitures available.

NOTE 1. PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, in accordance with the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Trust Company and Great-West Life & Annuity Insurance Company (collectively, the "Custodians" and "Great West").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Custodians and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The Key Guaranteed Portfolio Fund is not fully benefit-responsive and therefore is recorded at fair value. The investments and changes therein of the funds have been reported to the Plan by Great West using fair value.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payable to Participants

Benefits are recorded when paid.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 1, 2013 and December 312012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Guaranteed Interest Contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As a result of the Plan merger, all assets were transferred out of the Plan as of April 1, 2013. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Investments at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Blend funds	$ 549,002	$ -	$ -	$ 549,002
Value funds	324,563	-	-	324,563
Growth funds	91,946	-	-	91,946
Target date funds	5,260,115	-	-	5,260,115
Fixed income funds	539,071	-	-	539,071
Guaranteed interest contract	-	814,330	-	814,330
Total investments at fair value	$ 6,746,697	$ 814,330	$ -	$ 7,579,027

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. There were no investments at April 1, 2013. The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2012:

	December 31, 2012
Key Guaranteed Portfolio Fund	$ 814,330
Great-West SecureFoundation Lifetime 2015 Fund	1,421,670
Great-West SecureFoundation Lifetime 2025 Fund	2,638,014
Great-West SecureFoundation Lifetime 2035 Fund	720,494

For the period ended April 1, 2013, net appreciation of investments in registered investment companies (mutual funds) was $391,514.

The Plan's investment options included the Key Guaranteed Portfolio Fund. The crediting interest rate as of December 31, 2012 on the Key Guaranteed Portfolio Fund was 1.45 percent. The crediting interest rate on the Key Guaranteed Portfolio Fund was reset on a quarterly basis.

NOTE 4. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 1, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Investments are managed by Great West. Transactions with Great West qualify as party-in-interest transactions for which exemptions exist. Great West received recordkeeping fees of $15,919 that were paid by participants through the Plan and the Plan's third party administrator received fees of $3,729 that were paid from Plan forfeitures. In addition, NFP Securities Inc., the Plan's investment advisor, received indirect fees of $17,128.

NOTE 6. PLAN TERMINATION

The Plan was merged into the Precision Castparts Corp. 401(k) Retirement Savings Plan effective April 1, 2013.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodians and was not subjected to any auditing procedures performed by the independent public accountants:

NOTE 8. PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum loan amount of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.25 percent. Principal and interest are paid ratably through payroll deductions. Participant loans in the amount of $368,204 were transferred to the Precision Castparts Corp. 401(k) Retirement Savings Plan on April 1, 2013.
