MINDLEADERS' 401(k) AND PROFIT SHARING PLAN

Notes to Financial Statements
May 31, 2013 and December 31, 2012

Plan Description

The following description of the Mindleaders' (the Company) 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of the Company who had attained the age of 18 or older. There was no service requirement to participate in the Plan and participants could enter the Plan immediately upon becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administrative fees were paid by the Plan unless paid by the Company.

During 2012, the Company was acquired by Skillsoft, Inc. and management approved the merger of the Plan with and into the Skillsoft 401(k) Profit Sharing Plan. Effective May 31, 2013, the assets of the Plan were added to the assets of the Skillsoft 401(k) Plan and following the consolidation, each former participant of the Plan had a Skillsoft 401(k) Plan account balance equal to the sum of his or her Mindleaders' 401(k) and Profit Sharing Plan account balance immediately prior to the consolidation date.

Contributions

Each year, participants could contribute up to 60% of pretax annual compensation, as defined in the plan agreement. Participants who have attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides that the Company may make matching contributions to each participant as determined annually. Additional employer profit sharing contributions were discretionary in nature and may be contributed at the option of the Company's Board of Directors. The Company contributed 50% of participant compensation deferrals up to 2.5% of compensation during 2012. There were no employer contributions for the period ended May 31, 2013.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution and (b) investment earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes were secured by the balance in the participant's account and bore interest at a reasonable rate (5%). Principal and interest were paid ratably through semi-monthly or monthly payroll deductions.

Plan Description (continued)

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon was based on years of continuous service and was subject to the following vesting percentage provisions:

Years of Service	Vesting
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments under a systematic withdrawal plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2012, forfeited non-vested accounts totaled \$10,070. There were no forfeited non-vested accounts at May 31, 2013. The accounts were used to pay administrative expenses of the plan and then used to reduce future employer contributions. During 2013 and 2012, \$5,429 and \$8,263 of forfeitures were used to pay administrative expenses of the plan, respectively. In 2013, \$18,056 in forfeited accounts were transferred from the Plan as part of the plan termination. During 2012, employer contributions were reduced by \$32,402 from forfeited non-vested accounts.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of May 31, 2013 or December 31, 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits were recorded when paid.

Notes to Financial Statements

Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2013 and December 31, 2012.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

MINDLEADERS' 401(k) AND PROFIT SHARING PLAN

Notes to Financial Statements May 31, 2013 and December 31, 2012

Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012.

Party-in-Interest Transactions

Certain Plan investments were shares of mutual funds managed by Fidelity. Fidelity was the trustee as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest transactions.

Plan Termination

During 2012, Mindleader's Inc. was acquired by Skillsoft Corporation. Effective May 31, 2013, the plan was consolidated with and into the Skillsoft 401(k) plan. Participants of the Plan as of May 31, 2013 automatically became participants in the Skillsoft 401(k) plan.

Tax Status

The Company adopted a prototype non-standardized profit sharing plan sponsored by Fidelity Management Trust Company which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

May 31, 2013 and December 31, 2012

Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of May 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

Subsequent Events – Date of Management Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
