NOTES TO FINANCIAL STATEMENTS
MAY 31, 2013 AND 2012

1. THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the West Coast Quartz Corporation Employees' 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1995 by the West Coast Quartz Corporation (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – The Company is the Plan Administrator. Under the terms of the Plan, a group of designated officers of the Company act as the Trustees. The Company has contracted with Transamerica Life Insurance Company ("Transamerica") to act as custodian and third-party administrator to process and maintain the records of participant data. Prior to September 21, 2012, Charles Schwab Bank ("Schwab") served as the custodian and Standard Insurance Company, served as a third-party administrator. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Basis of accounting – The accounting records of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates – The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Forfeited accounts – Forfeited nonvested accounts will be used to reduce future employer contributions or to pay expenses of the Plan. The Plan had unallocated forfeited accounts totaling $9,289 and $8,645 at May 31, 2013 and 2012, respectively.

Investments – Investments of the Plan are held by the Plan's custodian and are invested in pooled separate accounts and an insurance contract based solely upon instructions from participants. The Plan's investments in pooled separate accounts are recorded at estimated fair market value as of the last day of the Plan year as quoted by Transamerica based on reported net assets values obtained on a daily basis from a national exchange. The Plan's investment in an insurance contract is recorded at contract value, which approximates fair value.

1. THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued) – The Plan follows the guidance of GAAP for measuring fair value of investments. Those principles establish a framework for the measurement of fair value and provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements).

The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Transfers in and out of level three are recognized on the date of the event or circumstance that caused the transfer.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

1. THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued) – The following table sets forth, within the fair value hierarchy of GAAP, the Plan's investments at fair value as of May 31:

		2013	2012
Level one:	Mutual and money market funds	$ -	$ 1,979,249
Level two:	Pooled separate accounts	2,350,307	-
	Insurance contract	81,344	-
Total investments at fair value		$ 2,431,651	$ 1 979,249

Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Financial instruments, which potentially subject the Plan to concentrations of the aforementioned risks, consist of pooled separate accounts and an insurance contract. As the Plan's investments are well-diversified and issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit and other risks are limited.

Income taxes –The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service on March 31, 2008. The Plan has since been amended and the Plan Administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchises taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

1. THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events – For the purposes of the accompanying financial statements, subsequent events have been evaluated through March 14, 2014, which represents the date the financial statements were available to be issued.

2. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Plan's custodian, Transamerica (and formerly Schwab). Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan's Trustees have a contract with Transamerica (and formerly Schwab) to hold and invest the Plan contributions and to provide record keeping services. The Trustees' requirements under the investment portion of its contract are to accumulate and invest participants' contributions as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

3. PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company is allowed to make contributions to the Plan in the form of profit sharing and matching contributions, as defined in the Plan and approved by the Board of Directors. The Company did not make matching contributions or discretionary profit sharing contributions for the year ended May 31, 2013.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's matching and profit sharing contributions after six years of credited service.

3. PARTICIPATION AND BENEFITS (continued)

Participant accounts – A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, and any contributions made by the Company on a participant's behalf are credited to the participants' matching and discretionary profit sharing contribution accounts. Investment results are allocated to such accounts accordingly. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Payment of benefits – Benefits are recorded when paid. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000. At May 31, 2013 and 2012, there were no participants that had chosen to withdraw from the Plan awaiting payment of benefits.

Notes receivable from participants – The Plan provides a provision which allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Plan Administrator. Any participant defaults are deemed taxable to the participant. In accordance with GAAP, participant loans are reported as "Notes Receivable from Participants" on the Statements of Net Assets Available for Benefits. Notes receivable are stated at their unpaid principal balances plus any accrued but unpaid interest. Outstanding participant loans at May 31, 2013, carry interest rates ranging from 4.25% to 7.00%.

4. PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

5. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Transamerica has certified the following information regarding the fair value of assets held at May 31, 2013, and transactions entered into from the period September 21, 2012 through May 31, 2013, and Schwab certified the fair value of assets held at May 31, 2012 and the transactions entered into for the period June 1, 2012 through September 20, 2012 which were used in the preparation of the accompanying financial statements and supplemental schedule.
