Note 1 - Description of the Plan

The following description of United Home Care Services, Inc.'s 401(K) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan created under the provisions of Section 401 of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401 of the IRC. As such, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERSA").

The Plan, which was adopted effective July 1, 1999, is classified as a defined contribution plan. The employees of United Home Care Services, Inc. (the "Company"), are eligible to participate in the Plan after they have completed one year of service with at least 1,000 hours of service during the Plan year. The primary purpose of the Plan is to provide employees of the Company with financial benefits upon retirement.

Administration

The Plan is administered under a trust agreement between the Reliance Trust Company (the "Trustee") and the Company. The Trustee is responsible for investment of plan assets and carries out its fiduciary responsibilities through appointment of an administrative committee and various investment managers.

Contributions

Participants may elect to make contributions to the Plan. Deferrals in any taxable year may not exceed IRS limits. Participants' deductions are made through a salary reduction agreement.

The employer safe harbor matching contribution formula is based on the following: 100% of the first 3% of participant deferrals, then 50% of the next 2% of participant deferrals. The deposit and allocation of the contribution will take place subsequent to the last day of the Plan year.

Discretionary profit-sharing contributions may be made by the Company, as well. The participant must be employed as of the last day of the Plan year and have worked at least 1,000 hours during the Plan year in order to receive the contribution.

Note 1 - Description of the Plan (cont'd)

Participant accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, discretionary profit-sharing contributions, safe harbor matching contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses, if any. Participant contributions and employer contributions are allocated, at the participant's election, to investment funds held at Reliance Trust Company (the "Trustee"). Plan earnings are allocated based on the actual earnings of the respective participant's investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000, or 50% of the vested interest of their account balances. The loans are collateralized by the balance in the participant's account. Participants may have only one loan outstanding at a time. The administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. Loan repayments will be made not less frequently than quarterly. The term of the loan may not exceed five years. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment term. Principal and interest are paid ratably through semi-monthly payroll deductions.

Investment options

Upon enrollment in the Plan, a participant may direct its allocated contributions to be invested in one or more of the investment options available to the Plan.

Vesting

Participants are immediately vested in their own contributions, safe harbor matching and rollover accounts, plus actual earnings thereon. Vesting in the employer-contributed portion, if any, of their accounts is based on years of continuous service, as follows:

Years of Service	Profit Sharing Contributions Percentage Vested	Discretionary Matching Contributions Percentage Vested
1	0%	0%
2	25%	25%
3	50%	50%
4	75%	75%
5	100%	100%

Note 1 - Description of the Plan (cont'd)

Payment of benefits

Distributions are made upon death, retirement, permanent disability, or request for withdrawal for extreme financial hardship, as defined in the Internal Revenue Code ("IRC"). Distributions are based on the participant's vested interest value in their account and are made in a single lump-sum payment.

Forfeitures

Forfeitures arising from participants with less than fully vested interests in the Plan will be applied to reduce future contributions

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA requires the Plan administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation and income recognition

The Plan's investments are stated at fair value and are invested in interest-bearing money market funds and registered investment company fund vehicles. Investment funds are valued at quoted market prices, which represent the net asset value of funds held by the Plan at year end. Account balances are allocated to each participant by the Plan's third-party administrator.

Note 2 - Summary of Significant Accounting Policies (cont'd)

Investment valuation and income recognition (cont'd)

Purchases and sales of marketable securities are recorded on a trade-date basis. Interest and dividend income is recorded as earned on the accrual basis. Interest is automatically reinvested in additional fund units.

In accordance with the Plan's policy of stating marketable securities at market value, the net appreciation (depreciation) in fair value of investments each year for the Plan is reflected in the Plan's statement of changes in net assets available for benefits.

Administrative fees and other costs

Administrative fees amounting to approximately $8,000 and $9,000 were charged by the Plan administrator directly to the Plan during 2013 and 2012, respectively. Certain other expenses of the Plan were paid by the Company. Other investment related fees and commissions are netted against net appreciation in fair value of investments.

Payment of benefits

Benefits payments to participants are recorded when paid.

Income taxes

The Plan is exempt from federal income taxes pursuant to Section 501(a) of the Internal Revenue Code.

Date of management's review

The Plan has evaluated the subsequent events through October 29, 2013 which is the date the financial statements were available to be issued.

Note 3 - Investments

The following presents investments that represent 5% or more of the Plan's net assets as of June 30:

Description of Investments	2013	2012
American Funds Capital World Bond Fund – A	$ 328,067	$ 319,724

Total Investments	$ 3,732,730	$ 3,497,269

For the years ended June 30, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Description	2013	2012
Net appreciation (depreciation) in fair value of investments	$ 266,171	$ (49,502)
Interest and Dividends	94,717	65,063
	$ 360,888	$ 15,561

Note 4 - Fair Value Measurements

The Plan's assets and liabilities reported at fair value are valued using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair values. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits as follows:

June 30, 2013

		Fair Value Measurements Using:	
		Prices in Active Markets for Identical Assets

Total	$ 3,667,835	$ 3,479,269	$ 188,566

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2009.

Note 6 - Information Prepared and Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:
