THE HILLER COMPANIES, INC. 401(K) PLAN

Notes to Financial Statements
April 30, 2013 and December 31, 2013

Note 1 - Plan description

The following description of The Hiller Companies, Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General

The Plan is a defined contribution plan established by The Hiller Companies, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Merger

On January 22, 2013, the Board of Directors of Pon North America, Inc, a controlling party of the Company, approved the merger of this Plan into the Pon North America 401(k) Savings Plan ("Savings Plan"), effective April 30, 2013. As a result, all investments were transferred from the Plan to the Savings Plan on that date.

Contributions

Eligible employees can contribute an amount up to 60%, but not less than 1%, of compensation as defined by the Plan, limited by requirements of the IRC. The Company has the option of providing a discretionary 401(k) matching contribution on behalf of those participants who are making salary deferral contributions. The Company may also make a profit sharing contribution to the Plan. This amount is discretionary and is available to all employees who have been credited with 1,000 hours of service and are employed on the last day of the year. The Company's profit sharing contributions are allocated among all participants based on each participant's compensation relative to the total compensation paid to all participants for that year.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in employer matching and profit sharing is based on years of continuous service. A participant vests according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures can be used to reduce employer contributions to the Plan. Total forfeitures for the period ended April 30, 2013 were \$8,061. During 2013, the Company used \$7,415 of existing forfeitures toward employer contributions.

THE HILLER COMPANIES, INC. 401(K) PLAN

Notes to Financial Statements (continued)
April 30, 2013 and December 31, 2013

Note 1 - Plan description (continued)***Benefits***

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment is a lump-sum distribution.

Participant accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the Company's contribution, and the participant's contribution. Allocations are based on participant account balances, as defined in the plan document.

Investment options

Participants direct contributions, including employer matching contributions, into various investment options. Participants may change their investment elections quarterly. These investment options consist of a variety of mutual fund types, including bond funds, equity funds and index funds. The funds invest in debt and equity securities of various U.S. and foreign companies along with U.S. and foreign government securities.

Note 2 - Summary of significant accounting policies***Basis of accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation

Investments of the Plan are stated at fair value. Securities traded in public markets are valued at their quoted market prices. Purchases and sales of securities are reflected on a trade-date basis. The difference between cost and market value from one period to the next is recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Fair values are measured on a recurring basis at April 30, 2013 and December 31, 2012 and are based on quoted prices in active markets for identical assets (Level 1 as required by FASB ASC 820 Fair Value Measurements and Disclosures).

As detailed in Note 7, the Plan effectively terminated May 1, 2013, requiring Plan assets to be valued on a liquidation basis, which equates to fair value or contract value for current Plan assets.

Income recognition

Interest and dividend income is recorded as earned on the accrual basis.

Administrative expenses

The Plan sponsor pays most of the administrative expenses for the Plan.

Notes to Financial Statements (continued)
April 30, 2013 and December 31, 2013

Note 2 - Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Subsequent events

The plan sponsor's evaluation of subsequent events through December 19, 2013, which is the date the financial statements were available to be issued, revealed no significant matters to be recorded or disclosed.

Note 3 - Investments

The following table represents the Plan's investments at fair value, as determined by quoted market prices. Investments that represent five percent (5%) or more of the Plan's net assets are separately identified.

Note 6 - Tax status

The Internal Revenue Service issued a determination letter dated October 1, 2001 stating that the prototype plan that was adopted by the Plan was designed in accordance with applicable IRC requirements as of that date. The plan administrator has not applied for a separate determination letter on the Plan; however, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates.
