Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Beckman Coulter, Inc. Retirement Account Plan I ("the Plan"), which comprise the statements of net assets available for benefits as of July 12, 2013, December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the period from January 1, 2013 to July 12, 2013 and the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of July 12, 2013 and December 31, 2012 and 2011 and for the period from January 1, 2013 to July 12, 2013 and the year ended December 31, 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1, the Plan was merged into the Danaher Corporation & Subsidiaries Savings Plan effective July 12, 2013.

Other Matter

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BECKMAN COULTER, INC.
RETIREMENT ACCOUNT PLAN I
NOTES TO FINANCIAL STATEMENTS
July 12, 2013, December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Beckman Coulter, Inc. Retirement Account Plan I (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General: Beckman Coulter, Inc. (the Company) established and adopted the Plan effective January 1, 2007. The Plan is a defined contribution plan available to former participants of the Beckman Coulter, Inc. Pension Plan with a frozen benefit in that plan and employees hired in 2006, excluding individuals employed in Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Benefits Finance and Administration Committee (the Committee), whose members are appointed by the board of directors of the Company.

Contributions: The Plan is funded by the Company. No employee contributions are permitted. Each calendar year, the Company contributes a percentage of eligible pay for that year. The contribution ranges from 2.5% to 8% based on the participants' age and benefit service total. The contribution is generally made as soon as administratively practical after the year ends, generally no later than the first quarter of the next year.

As a result of a merger with the Danaher Corporation & Subsidiaries Savings Plan (the "Successor Plan"), the Plan was amended during 2013 to allow for a contribution based on eligible participant earnings between January 1, 2013 and June 28, 2013. This contribution was remitted to the Danaher Corporation and Subsidiaries Savings Plan in August 2013.

Investment Options: Company contributions may be directed to any of the core investment funds. Participants have the right to elect investment options upon enrollment into the Plan. Additionally, participants may elect to change their investment options and to transfer their account balances among the different investment funds on a daily basis.

Income (loss) on investment funds is allocated to participants' accounts based on the participants' investment fund balance as a percentage of the total investment fund balance.

Participant Accounts: Each participant's account is credited with an allocation of the Company's contributions and plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Benefits and Vesting: Participants become fully vested in their account after the earlier of completion of three years of vesting service, attainment of age 65, layoff, or death. If the total vested value is greater than \$1,000, the participants may elect to postpone their distribution until the year following the year they attain age 70½. Separated participants can elect to receive either a lump sum payment equal to the value of their vested account; a partial distribution if his or her account balance exceeds \$1,000; or installment payments to be paid monthly, quarterly, semi-annually or annually over the participant's life expectancy, but not to exceed 30 years.

Forfeitures: Forfeitures of non-vested benefits are first used to reinstate previously forfeited amounts of returning participants as allowed by the Plan and then to reduce future Company contributions. As of December 31, 2012 and 2011, forfeited nonvested accounts totaled \$3,550 and \$4,976, respectively. All forfeited nonvested accounts were transferred to the Successor Plan on July 12, 2013 as a result of a plan merger.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Merger: On February 15, 2011, the Company received a tender offer from Djanet Acquisition Corp, an indirect wholly owned subsidiary of Danaher Corporation (Danaher), to purchase all outstanding shares of Beckman Coulter, Inc. Common Stock. The acquisition was completed on June 30, 2011. Effective July 12, 2013, pursuant to a plan amendment, the Plan merged into the Successor Plan. Included in the \$58,499,470 net assets transferred to the Successor Plan, \$7,597,212 reflects the assumption of the Plan's employer contribution receivable by the Successor Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses: Substantially all of the Plan's administrative expenses will be paid by the Company. The Company has elected to pay these administrative expenses on behalf of the Plan but reserves the right to change this election. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 6. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 29, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since applying for the determination letter, plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Certain plan investments are shares of mutual funds managed by T. Rowe Price, an affiliate of T. Rowe Price Trust Company, and units of collective investment funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the Plan trustee and recordkeeper, and therefore, these transactions and the Plan's payment of trustee fees, recordkeeping fees, and investment management fees to T. Rowe Price qualify as party-in-interest transactions.

NOTE 5 - INVESTMENTS – UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

The fair value of individual investments representing more than 5% of the net assets available for benefits is as follows at July 12, 2013 and December 31, 2012 and 2011:

NOTE 5 - INVESTMENTS – UNAUDITED INFORMATION (Continued)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value during the period from January 1, 2013 to July 12, 2013 and the year ended December 31, 2012 as follows:

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 391,762	\$ 2,952,982
Collective trusts	<u>3,860,919</u>	<u>1,462,285</u>
Net appreciation	<u>\$ 4,252,681</u>	<u>\$ 4,415,267</u>

During the period from January 1, 2013 to July 12, 2013 and 2012, the Plan earned dividend and interest income of \$19,334 and \$106,250, respectively.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Collective trusts: The fair values of participation units held in collective trusts, other than stable value funds, are based on their net asset values, as reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). The underlying investments of the bond fund are collective trusts which primarily invest in fixed income securities. The investment objective of this fund is to provide current income, and as a secondary objective, capital appreciation through a variety of diversified strategies including sector rotation, modest interest rate timing, security selection and tactical use of high yield and emerging market bonds. The fair value of the interest in the stable value fund is based upon the net asset value of the fund after an adjustment to reflect all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the fund manager (Level 2 inputs). The stable value fund seeks to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant initiated transactions under a retirement plan without penalty or adjustment. The stable value fund does so by investing in guaranteed investment contracts issued by insurance companies, investment contracts issued by banks, and synthetic investment contracts issued by banks, insurance companies, or other issuers. The bond and stable value collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The underlying investments of the equity collective trust are common stock and short-term investments. The objective of the equity fund is to provide long-term capital growth and, secondarily, income. The equity fund provides for redemptions upon 90-day written notice. The underlying investments of the large cap value collective trust are common stock and short-term investments. The objective of the large cap value fund is to provide substantial dividend income and long-term growth of capital through investments in the common stocks of established companies. The large cap value fund provides for redemptions upon 90-day written notice.

The underlying investments of the target funds are money market, bond, and equity collective trusts. The investment objectives of the target funds is to invest over time primarily in a diversified portfolio of underlying trusts that represent various asset classes and sectors. The allocation to equity based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity based underlying trusts remaining at the end of its target year and the most conservative allocation projected to occur 30 years after the target date is reached.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
