Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Hollins University (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended June 30, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by TIAA-CREF, as issuer for certain investments and as agent for J.P. Morgan Chase Bank, N.A., Custodian of certain other investments, and Fidelity Management Trust Company, Custodian, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that TIAA-CREF, J.P. Morgan Chase Bank, N.A., and Fidelity Management Trust Company hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from TIAA-CREF and Fidelity Management Trust Company as of June 30, 2013 and 2012, and for the year ended June 30, 2013, that the information provided to the Plan Administrator by TIAA-CREF and Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by TIAA-CREF and Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN FOR EMPLOYEES OF HOLLINS UNIVERSITY

NOTES TO FINANCIAL STATEMENTS
June 30, 2013

Note 1. Plan Description

The following description of the Retirement Plan for Employees of Hollins University (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering eligible employees of Hollins University (the "University"), excluding student employees. Each employee who satisfies the eligibility requirements, and who is not a member of an excluded class of employees, may contribute to the Plan by enrolling as a participant. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute a portion of their compensation as a pre-tax deferral as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For participants who are age 18 or older and working at least 1,000 hours per year, the University contributed 2% of the employee's eligible compensation for the year ended June 30, 2013. For participants who are age 18 or older, working at least 1,000 hours per year, and deferring at least 5% of their eligible compensation, the University contributed 8% for the year ended June 30, 2013. Contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, the University's contribution, an allocation of Plan earnings and/or losses, and charged with an allocation of Plan expenses. Allocations are based on participant earnings and/or losses or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their own contributions and the University's contributions to their account plus actual earnings and/or losses thereon.

Payments of benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution, partial payments, installment payments, or annuity payments equal to the value of the participant's vested balance in his or her account.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by authoritative guidance, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if material. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefit payments:

Benefit payments are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Administrative expenses:

Substantially all Plan fees and administrative expenses are paid by the Plan and are netted with investment income.

Reclassifications:

Certain amounts in the prior year have been reclassified to conform to the current year presentation.

Subsequent events:

Subsequent events have been evaluated through April 2, 2014, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Note 3. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair values of mutual funds and the pooled separate account are based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The TIAA Traditional Annuity is valued at contract value which equals the accumulated cash contributions and interest credited to the Plan's contracts less any withdrawals. Contract value approximates fair value. The following table provides further detail of Level 3 investments.

Fair Value Measurements using Significant Unobservable Inputs (Level 3)

	2012
TIAA Traditional Annuity	$ 19,988,105

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Fair value determined by quoted prices in an active market:	
Mutual funds	$ 4,199,558
Pooled separate account	87,698
	$ 4,287,256

Note 5. Investment Contract with Insurance Company

Participants may choose to invest in a TIAA Traditional Annuity account that is not fully benefit-responsive. This contract pays a guaranteed rate of interest plus additional amounts that are not guaranteed but may be established on a year-by-year basis. These additional amounts, when declared, remain in effect through the end of the "declaration year," which begins each March 1. The guaranteed annual interest rate is generally 3.00%. Interest rates were 3.00% for the year ended June 30, 2013, and ranged from 3.00% to 4.00% for the year ended June 30, 2012.

Participants may also invest in a TIAA Traditional Annuity account that is fully benefit-responsive. This contract maintains the participants' contributions plus a specified rate of interest and is guaranteed by TIAA's claims paying ability. The guaranteed annual interest rate is generally 3.00%. The expected rate of return in the benefit-responsive Traditional Annuity account was 3.00% for the year ended June 30, 2013, and ranged from 3.00% to 3.25% for the year ended June 30, 2012. The actual average yield earned by the Plan for the fully benefit-responsive investment contract was 3.30% and 3.22% for the years ended June 30, 2013 and 2012, respectively.

When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. Accordingly, the contract is included in the financial statements at contract value which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

TIAA issues various types of contracts as funding vehicles for retirement plans. Certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract.

Note 6. Related-Party Transactions

Certain administrative functions are performed by officers or employees of the University. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants may choose to invest in funds held by TIAA-CREF and Fidelity Management Trust Company. Investments in funds issued and managed by TIAA-CREF and Fidelity Management Trust Company are considered related-party transactions. Fees paid to Fidelity Management Trust Company by the Plan for investment management and custodial services amounted to $3,617 for the year ended June 30, 2013. Fees paid to TIAA-CREF by the Plan for the year ended June 30, 2013 were netted with investment income as discussed in Note 2.

Note 7. Plan Termination

Although they have not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

The Plan is an adoption of a prototype plan sponsored by TIAA-CREF. The Plan is designed in accordance with applicable sections of the *Internal Revenue Code* (*IRC*). The Plan has been amended; however, the Plan Sponsor and Administrator believe that the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The federal annual returns of the Plan are subject to examination by the Internal Revenue Service, generally for three years after they are filed.
