INDEPENDENT AUDITOR'S REPORT

To the Trustees of Wright State
Physicians, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wright State Physicians, Inc. Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended June 30, 2013 and 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held for investment purposes at end of year, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WRIGHT STATE PHYSICIANS, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following description of the Wright State Physicians, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wright State Physicians, Inc. (the Organization) who are eighteen (18) years of age or older. The Plan provides for retirement, disability and death benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended for all applicable requirements made by law.

Contributions

Each year, the Organization contributes to the Plan up to 20% of eligible participant compensation. For the plan years ended June 30, 2013 and 2012, employer contributions were made at 20% of eligible physician wages and 7.5% of eligible non-physician wages. Employer contributions are limited to the maximum amount allowed by the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with: (a) an allocation of the employer's contribution, (b) plan earnings or losses and (c) plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 25% of their account balance. These transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan fund. Note receivable terms can be up to five years, and may exceed five years if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account or annual installments.

WRIGHT STATE PHYSICIANS, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses

Certain legal and accounting fees and certain administrative expenses relating to maintenance of employee eligibility records are paid by the Organization.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

Investments

Upon enrollment in the Plan, participants may direct employer contributions in any of twenty-six (26) investment options. Participants may change their investment options daily. Investment options are diversified in conformity with the ERISA diversification requirement. Except for the Fidelity Retirement Money Market Portfolio, there is no guarantee of principal or earnings when participating in these funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WRIGHT STATE PHYSICIANS, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the custodian will make payment to each employee participant (or the beneficiary of a deceased employee participant) of their respective interest in the Plan.

4. INCOME TAX STATUS

The Plan has adopted a prototype plan from its administrator. The Plan is relying on the opinion letter of the prototype plan in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the fiscal years prior to the June 30, 2010 year end.

6. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

7. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013 and 2012.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a combination of various funds. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

9. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through April 2, 2014 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of Wright State
Physicians, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wright State Physicians, Inc. Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended June 30, 2013 and 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held for investment purposes at end of year, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following description of the Wright State Physicians, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wright State Physicians, Inc. (the Organization) who are eighteen (18) years of age or older. The Plan provides for retirement, disability and death benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended for all applicable requirements made by law.

Contributions

Each year, the Organization contributes to the Plan up to 20% of eligible participant compensation. For the plan years ended June 30, 2013 and 2012, employer contributions were made at 20% of eligible physician wages and 7.5% of eligible non-physician wages. Employer contributions are limited to the maximum amount allowed by the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with: (a) an allocation of the employer's contribution, (b) plan earnings or losses and (c) plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 25% of their account balance. These transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan fund. Note receivable terms can be up to five years, and may exceed five years if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account or annual installments.

WRIGHT STATE PHYSICIANS, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses

Certain legal and accounting fees and certain administrative expenses relating to maintenance of employee eligibility records are paid by the Organization.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

Investments

Upon enrollment in the Plan, participants may direct employer contributions in any of twenty-six (26) investment options. Participants may change their investment options daily. Investment options are diversified in conformity with the ERISA diversification requirement. Except for the Fidelity Retirement Money Market Portfolio, there is no guarantee of principal or earnings when participating in these funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WRIGHT STATE PHYSICIANS, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the custodian will make payment to each employee participant (or the beneficiary of a deceased employee participant) of their respective interest in the Plan.

4. INCOME TAX STATUS

The Plan has adopted a prototype plan from its administrator. The Plan is relying on the opinion letter of the prototype plan in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the fiscal years prior to the June 30, 2010 year end.

 Interest on money market fund	 <u>\$ 153</u>	 <u>\$ 147</u>

6. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

7. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013 and 2012.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a combination of various funds. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

9. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through April 2, 2014 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
