Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Healthcare Solutions, Inc. ("Plan sponsor" or "Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's effective date was January 1, 2006. It is a defined contribution plan covering substantially all employees of the Company who have attained age 18, and it is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to participate in the Plan on the first day of the month after they have met the eligibility requirements.

During the year ended December 31, 2011, the Plan merged \$2,693,248 from the Procura Management, Inc. 401(k) Profit Sharing Plan. Shortly after the merger, the Plan was amended to change the Plan's name from Cypress Care, Inc. 401(k) Plan to Healthcare Solutions, Inc. 401(k) Plan.

Contributions: The Plan allows participants to contribute up to 80% of their eligible compensation, as defined by the Plan, on a tax-deferred or after-tax basis subject to Internal Revenue Service regulation limitations. The Company matches 25% of the first 6% of a participant's compensation that is contributed into the Plan. The Plan also permits non-elective contributions at the discretion of the Company. No non-elective contributions were made for the year ended December 31, 2011.

Participant accounts: Each participant's account is credited with the participant's contribution and the company's matching contributions and allocations of (a) the company's non-elective discretionary contributions and (b) plan earnings and losses, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings and losses thereon or upon death, disability or attainment of age 65. Vesting in the employer's contributions and earnings thereon is based on years of service. A participant is 100% vested after three years of credited services.

Forfeited accounts: When termination of participation in the Plan occurs, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce future employer matching contributions. At December 31, 2011 and 2010, there were no forfeited non-vested account balances. For the year ended December 31, 2011, employer contributions were reduced by \$6,931 from forfeited non-vested accounts. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated.

Investment options: Upon enrollment in the Plan, a participant may direct employee and employer contributions into selected investment options as made available and determined by the Plan administrator. Participants have daily access to their investment balances. Changes may be self-directed by the participants through internet or telephone transfers.

Payment of benefits: Upon leaving the Company for retirement, termination, disability or death, a participant or designated beneficiary may elect to receive a lump sum distribution or installment equal to the value of the participant's vested interest in his or her account balance at the date of distribution. Participants may withdraw all or part of their vested account balance upon reaching age 59 ½. Rollover contributions may be withdrawn at any time. In the event of a financial hardship, a participant may withdraw any elective deferrals and any vested employer contributions.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of the present value of the non-forfeitable accrued benefit under the Plan, or \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made. The minimum loan is \$500. A loan is secured by the balance in the participant's account and bears interest at a rate equal to the prime rate as of the 14th of the month the loan is effective plus two percentage points. Principal and interest are paid through semi-monthly payroll deductions and must be fully repaid within five years, unless the loan is for the purchase of a primary residence then the loan may be repaid within a period of no more than thirty years.

Note 2. Significant Accounting Policies

Accounting records: The accounting records with respect to investment transactions are maintained by State Street Bank and Trust Company ("State Street"), the trustee of the Plan. ADP is the recordkeeper and maintains participant level records.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of investments and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contribution from the Plan sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative fees: As provided by the Plan agreement, the Plan sponsor pays certain expenses on behalf of the Plan. Certain investment management expenses, transaction costs and service charges are paid by the Plan.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan administrator has evaluated subsequent events (events occurring after December 31, 2011) through October 12, 2012, the date the financial statements were available to be issued.

Income taxes: GAAP requires the Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax position and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S federal, state, or local tax authorities for years before 2008.

Accounting pronouncements not yet effective: In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRS"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to the following assets is complete and accurate to the best of its knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information included in the Plan's financial statements and supplemental schedule related to the following assets:

Note 5. Fair Value Measurements

Accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered investment companies (mutual funds): Valued at fair value as determined by quoted market prices of shares held by the Plan at year end.

Collective trust funds: Valued at the net asset value ("NAV") per unit based on the underlying investments comprising the trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Net Asset Value Per Share

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using net asset value:

Investment	Fair Value Estimated Using Net Asset Value Per Share					
	Fair Value*		Unfunded	Redemption	Other	Redemption
	December 31, 2011	December 31 2010				
			Commitment	Frequency	Restrictions	Notice Period
Invesco Stable Asset						
ADP85 Trust Fund (a)	\$ 541,594	\$ -	\$ -	Daily	None	None
SSGA S&P 500 Index						
Trust Fund (b)	\$ 444,245	\$ 346,435	-	Daily	None	None
SSGA Stable Value						
Fund (a)	\$ -	\$ 224,867	-	Daily	None	None

* The fair values of the investments have been estimated using the net asset value of the investment.

- (a) The investment objective of the Fund shall be to seek preservation of principal while seeking a rate of return which, over time, is competitive with rates of return earned over an extended period of time by comparable fixed income investment products. The Fund provides its unitholders with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts, and in short-term investments or other collective investment funds.
- (b) The investment seeks to replicate the total return of the S&P 500 index. It invests at least 80% of total assets in stocks in the S&P 500 index in proportion to their weighting. The fund may also invest in futures, options and other derivatives.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no transfers in or out of Levels.

Note 7. Related Party Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions of the Sponsor are considered party-in-interest transaction. State Street is the trustee of the Plan; therefore transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$4,250 for the year ended December 31, 2011. The Plan sponsor also paid certain administrative expenses of the Plan.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 8. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption of the prototype plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10. Plan Failure

In prior year, management identified an operational failure of the Plan related to not performing certain discrimination testing at the control group level for the years 2007 through 2010. The Plan elected to correct the operational failure through the Internal Revenue Service ("IRS") Voluntary Correction Program ("VCP"). The IRS accepted the proposed correction in May 2012. The IRS approved corrections are to be completed during 2012. The proposed corrections are not expected to have a significant effect on the Plan's financial statements.
