INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Tides' 401(k) Plan
Bodega Bay, California

I was engaged to audit the financial statements and supplemental schedule of The Tides' 401(k) Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the trustee for December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule taken as a whole, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE TIDES' 401(k) PLAN
Notes to Financial Statements
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Tides' 401(k) Plan (the Plan) provides only general information. The Plan's sponsor is Robert Bugatto Enterprises, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1999 to provide retirement benefits for the employees of the Company. The Plan is a single employer defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA". The Plan was amended and restated effective January 1, 2009 to be a safe harbor 401(k) plan.

Eligibility – Employees of the Company become participants in the Plan on the first day of the month following twelve months of employment, providing they have attained age twenty-one and completed 1,000 hours of service.

Contributions – A participant may make salary reduction contributions up to 100% of their eligible compensation to the Plan at their discretion, subject to a maximum limitation as provided in the Internal Revenue Code. The maximum contribution of pretax compensation that a participant could defer in 2011 was $16,500, and the maximum catch-up additional deferral for participants who reached the age of fifty by the end of the 2011 plan year was $5,500.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

Effective January 1, 2009, the Company elected to become a safe harbor 401(k) plan and contribute an employer safe harbor match contribution of 100% of each participant's deferred contributions on the first 4% of each participant's compensation which is deferred as a participant deferral contribution. The Company contributed $36,911 in safe harbor matching contributions in the year ended December 31, 2011. Employer safe harbor contributions receivable totaled $46,027 and $41,994 at December 31, 2011 and 2010, respectively.

The Company may also contribute a discretionary non-elective contribution. The Company did not contribute a discretionary non-elective contribution in the year ended December 31, 2011.

All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts - Participant's salary reduction contributions are credited to his or her salary reduction account, employer match contributions are credited to his or her employer match contribution account, employer safe harbor match contributions are credited to his or her employer safe harbor match contribution account, and rollover contributions from other qualified plans are credited to his or her rollover account. All such amounts were held in individual, participant directed accounts in investment options offered under the plan and held by State Street Bank and Trust Company, and each participant received their accounts' investment results from ADP Retirement Services. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Vesting - A participant is always fully (100 percent) vested in his or her salary reduction account, employer safe harbor match contributions, and rollover contribution account, plus actual earnings thereon. Participants vest in the Company's matching and non-elective contribution portions of a participant's account based on a six year graded vesting schedule. Participants with less than two years of credited service are not vested in any of the Company's matching or non-elective contributions.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms generally range from one to five years, but can be up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. A participant's account is charged monthly interest on the outstanding loan balance. Interest rates on outstanding loans were 5.25% at December 31, 2011. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the vested portion of his or her account. If a participant's balance is less than $1,000, the Company may cash-out the entire vested account balance. It a participant's balance is less than $5,000, but greater than $1,000, the Company may roll the vested account balance into an IRA.

Forfeited Accounts - Available forfeitures of the nonvested portion of terminated participants' accounts may be used to reduce employer contributions and pay administrative expenses of the Plan. There were no available forfeitures at December 31, 2011 and 2010.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Reclassifications – In 2010, the Plan adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2010-25 which reclassified loans to participants from investments to receivables.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments in mutual funds, collective investment trusts, pooled separate accounts and guaranteed interest are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid. Loans are recorded as benefits paid to participants when they are distributed to participants due to non-payment.

Administrative Expenses – Certain investment expenses are absorbed by participants and netted from their individual accounts. The Company absorbs all of the Plan's remaining administrative costs.

Subsequent Events – The plan has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The Plan's investments are held by State Street Bank and Trust Company (State Street). The following table presents investments at December 31, 2011 and 2010. Investments that represent five percent or more of the Plan's net assets are separately identified:

	December 31, 2011	2010
Investments at fair value as determined by quoted market prices:		
GS Equity Growth Strategy	$ 96,461	$105,900
GDS Growth Strategy	161,332	156,867

NOTE 4 – FAIR VALUE OF ASSETS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs reflect the Trustees' own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Trustee's own data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds

The values of mutual funds are calculated daily as of the close of business of the New York Stock Exchange based on the quoted market prices of the underlining portfolio securities. The investment and redemption of these units constitutes an active market.

.

NOTE 4 – FAIR VALUE OF ASSETS (continued)

Government Money Market Fund
Investments are valued daily at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

NOTE 5 – CERTIFIED FINANCIAL INFORMATION

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by State Street, the trustee, as of December 31, 2011 and 2010, and for the year ended December 31, 2011, except for comparing such information to the related information included in the financial statements and supplementary Schedule of Assets (Held at End of Year). These certifications applied to the following:

	December 31, 2011	December 31, 2010
Assets:		
Mutual Funds	$ 891,693	$ 885,991
SSGA Government Money Market Fund	93,199	78,554

	Year Ended December 31, 2011
Additions to Net Assets Attributed to:	
Dividends	$16,213
Interest	1,016
Total Additions to Net Assets Certified by State Street	$72,221
Deductions from Net Assets Attributed to:	
Net depreciation in fair value of investments	($54,128)
Total Deductions to Net Assets Certified by State Street	($54,128)

NOTE 6 – RELATED PARTY TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In accordance with generally accepted accounting principles, the financial statements include participant loans that are deemed distributed. For tax reporting purposes, these loans are considered distributed and are no longer included in participant loans. In addition, the financial statements are presented on an accrual basis and the Form 5500 Schedule H is presented on the modified cash basis of accounting. This results in differences between the financial statements and Form 5500.

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010:

	December 31, 2011	2010
Net assets available for benefits, per the financial statements	$1,068,363	$1,023,095
Less: Participant loans deemed distributed	(3,215)	(3,054)
Participant Contributions Receivable	(1,414)	(5,754)
Employer Contributions Receivable	(46,027)	(41,994)
Net Assets, per Form 5500 Schedule H	$1,017,707	$ 972,293

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 Schedule H for the year ended December 31, 2011:

	December 31, 2011
Net Increase in Net Assets, per the financial statements	$45,268
Add: Contributions Receivable, December 31, 2010	47,748
Participant Loans deemed distributed, December 31, 2010	3,054
Less: Contributions Receivable, December 31, 2011	(47,441)
Participant Loans deemed distributed, December 31, 2011	(3,215)
Net Income (Loss), per Schedule H to the Form 5500	$45,414

NOTE 8 – TAX STATUS

The Automatic Data Processing Prototype 401k and Profit Sharing Plan adopted by the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net income is exempt from income taxes. The prototype plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan currently designed and being operated incompliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
