Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2012 and 2011, and for the year ended December 31, 2012, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2012, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements

December 31, 2012

1. Description of Plan

The following description of the MAHLE Behr Industry America 401(k) Plan (the Plan) provides general information about the Plan's provisions. MAHLE Behr Industry America (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have at least one year of service and are age 21 or older. Eligible participants are automatically enrolled in the Plan once they have attained 21 years of age and have completed three months of service unless they affirmatively decline to participate.

The Compensation Committee (the Committee) is responsible for the general administration of the Plan. Reliance Trust Company is the trustee of the Plan. ADP Retirement Services is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes 75% of the first 5% of compensation that a participant contributes to the Plan. Additional discretionary matching contributions may be contributed at the discretion of the Company's Board of Directors. No such amounts were contributed for 2012. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes his/her election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. Unallocated forfeiture balances as of December 31, 2012 and 2011, were \$893 and \$1,119, respectively, and forfeitures used to reduce Company contributions for 2012 were \$893.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans

Participants may borrow from their accounts in increments of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, not less than \$500. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear an interest rate set at the prime rate as published in *The Wall Street Journal* on the 14th of each month, plus two percentage points. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, he/she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 90 days.

Payment of Benefits

Upon a participant's termination of service or disability, the participant or beneficiary, as applicable, may elect to receive an amount equal to the value of the participant's vested interest in his/her account. The form of payment is a lump-sum distribution, an annuity, or a combination of the two. A lump-sum payment or direct rollover to an eligible retirement plan will be made following a participant's termination of service if the participant's account balance is \$5,000 or less.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2013.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Stable Value Trust Fund invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 3); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures are not required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's financial statements.

3. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2012	2011
Investor Destinations Moderate Fund	\$ 138,876	\$ 75,381
Special Value Fund Class R	129,905	155,353
Global Allocation Fund Class R	513,158	411,517
NFJ Small Cap Value Fund Class R	116,871	75,289
Jennison Equity Opportunity Fund Class R	230,080	(a)
International Value Fund Class R3	191,333	132,528
Diversified Stock Fund Class R	–	156,689

^(a) Investment is less than 5% of net assets available for benefits.

Other than the fair value of the Stable Value Trust Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. The contract value of the Stable Value Trust Fund was certified as complete and accurate by the trustee.

3. Investments (continued)

	December 31	
	2012	2011
Stable Value Trust Fund, at fair value	\$ 56,951	\$ 38,664
Stable Value Trust Fund, at contract value	54,903	37,494

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

Quoted prices for similar assets and liabilities in active markets.

Quoted prices for identical or similar assets or liabilities in markets that are not active.

Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Common/collective trust fund – Public investment vehicle valued using the net asset value (NAV) provided by the administrator of the trust. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

Registered investment companies – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets carried at fair value.

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Common/collective trust fund ^(a)	\$ –	\$ 56,951	\$ –	\$ 56,951
Registered investment companies:				
U.S. equities	1,378,711	–	–	1,378,711
International equities	284,120	–	–	284,120

4. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2011

Non-U.S. equities	181,838	—	—	181,838
Bonds	52,959	—	—	52,959
Total assets at fair value	<u>\$ 1,290,892</u>	<u>\$ 38,664</u>	<u>\$ —</u>	<u>\$ 1,329,556</u>

^(a) This category includes a stable value trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

5. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011, to the Form 5500:

	December 31

5. Reconciliation of Financial Statements to the Form 5500 (continued)

The following is a reconciliation of total increase per the financial statements to net income per the Form 5500 for the year ended December 31, 2012:

Net increase in net assets available for benefits per the financial statements	\$ 586,269
Add adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2012	2,048
Add contributions receivable	14,755
Less adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2011	(1,170)
Net income per the Form 5500	<u>\$ 601,902</u>

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The underlying standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Code. Any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

MAHLE Behr Industry America 401(k) Plan

Notes to Financial Statements (continued)

7. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2013, the date the financial statements were available to be issued.

On September 30, 2013, MAHLE GmbH (MAHLE) became the majority shareholder of Behr GmbH & Co. KG. The plan sponsor was a joint venture between these entities, prior to this transaction. As a result of this transaction, the plan sponsor's legal name changed from MAHLE Behr Industry America, L.P. to MAHLE Industrial Thermal Systems America, L.P. The legal name change represents a name change only and does not impact the legal structure or legal form of the plan sponsor. This subsequent event does not have any impact on the Plan as of December 31, 2012.

***Re: Reasonable Cause Statement / Request for Abatement of
Penalties for Late Filing of 5500***

Dear Ladies and Gentlemen:

In this letter I would like to explain the circumstances that have lead to us not being able to file our 5500 in a timely manner.

First of all, this was the first year that we have been required to provide an auditor's opinion for our 5500. In previous years, we were not required and we were able to file on our own and never missed the deadline. By the time we found out that we would need an auditor's opinion, it was already well into July. We filed an extension, which gave us till the October 15th deadline, but our auditors were very slow in getting to work on the audit. Then they auditors decided they needed to do a full blown audit going back to the year 2009, which took even longer and caused considerable delay in completing the audit. The auditors did not actually even complete the audit until October 15th, at which time they wanted me to submit revisions to the schedule H.

On the morning of October 15th I also called ADP 401K services to inform them that I needed to input some new information. I called twice and spoke with two different individuals. Neither one of these representatives informed me that if I input new information into the system that the system would not allow me to file my 5500 that day on 10/15/13 – that it would take overnight for the changes to be input

into the system and the forms to be updated. This also prevented me from filing on 10/15/13.

When I called ADP 401K services on 10/16/13, in order to complete the filing, there was yet another issue. Our Managing Director, who had previously been the only one in the company with filing credentials, was terminated last month unexpectedly and now I am the plan administrator. I was not aware that I could not file the 5500 with his credentials, so on 10/16/2013, I had to apply for my own credentials, which has now caused a further delay of filing.

In addition to this issue, when trying to log into the Relius Sunguard System on October 17th and October 18th 2013, I received error messages and was unable to complete the log-in. ADP had to send the error message on to their resolution team and it took some time before they could figure out what the problem was and resolve it.

As you can see it has been a perfect storm of a series of unfortunate events causing this delay, which I hope you will consider and grant us an abatement of the penalties.

If you have further questions, please feel free to contact me at 616-784-8638.

Kind regards,

A handwritten signature in black ink, appearing to read 'Lori Ann Bors', with a stylized flourish at the end.
