Independent Auditors' Report

Board of Trustees
ARGO Data Resource Corporation 401 (k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ARGO Data Resource Corporation 401 (k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is an other comprehensive basis of accounting other than generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the ARGO Data Resource Corporation 401 (k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed three months of service and are 21 years of age or older. The Plan was established in accordance with Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

Under the terms of a trust agreement with Fidelity Management Trust Company ("FMTC") and ARGO Data Resource Corporation 401 (k) Plan, Fidelity Investments Institutional Operations Company, Inc. ("FIIOC") is involved in the processing and record-keeping of Plan investment contributions and distributions. FMTC manages the Plan interest in the registered investment company. Accordingly, FMTC has been granted certain authority concerning investment and management powers.

Reasonable cost and expenses incurred in the administration of the plan may be charged to the Plan. In addition, ARGO Data Resource Corporation ("Company") may pay certain administrative expenses directly.

Contributions

Participants may make regular contributions of up to 60% of pretax annual compensation, and may make additional contributions with approval from the employer of up to 100% of their effectively available compensation as defined in the Plan, not to exceed dollar amounts as set by federal regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a broad range of investment alternatives for participants. The Company makes non-discretionary matching contributions in an amount equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company. Contributions are subject to certain limitations by law up to the maximum contributions under Section 402(g) of the IRC.

On January 3, 2012, the Plan filed an adoption agreement amendment to increase the automatic enrollment contribution percentage from 3% to 6%.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participant contributions, plus the earnings thereon, vest immediately. Participants become fully vested (20% per year beginning with year 2) in matching contributions and the earnings thereon upon the completion of 6 years of service, upon termination of the plan, upon attainment of normal retirement age, or upon death or disability. Forfeitures of the employer's contributions due to Participants withdrawing from the plan prior to full vesting may be used to reduce the employer's future contributions.

Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their Participant's vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates as determined by the Plan administrator. Loans must be repaid within 5 years (may exceed 5 years for a primary residence loan) through payroll deductions.

Distributions

The participant or beneficiary may elect to receive a distribution(s) upon retirement, termination (elective or due to disability), death, or in the event of financial hardship. The Trustee pays any benefit provided by the Plan directly to the participant or in the form of a direct rollover to another qualified plan or an IRA. All distribution(s) are made in lump-sum amounts up to the value of the funds allocated to the account of the participant, or substantially equal amounts over a period of time. Special rules apply to a distribution due to financial hardship.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $27,398 and $277, respectively. These accounts may be used to pay administrative expenses and to reduce future Company's contributions. During the years ended December 31, 2013 and 2012 Company contributions were reduced by $141,593 and $157,355, respectively, from forfeited nonvested accounts. Administrative expenses for the years ended December 31, 2013 and 2012 of $0 and $0, respectively, were paid from forfeited non-vested accounts.

Plan Termination

The Company expects to continue the Plan indefinitely, but the Company's 401(k) Plan Committee reserves the right to terminate the Plan at any time and for any reason. Upon termination of the Plan, all benefits shall be fully vested, and each Participant will become 100% vested in their accounts. The Trustee in a single lump sum payment shall make payment of such amounts to each Participant in accordance with plan provisions until the Trustee has distributed all assets.

1. DESCRIPTION OF THE PLAN (continued)

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive accounting basis other than generally accepted accounting principles.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments

The Trustee uses quoted market prices to value all investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Gains and losses on securities transactions are recorded on a current value basis. Unrealized gains and losses are calculated as current value of investments at the end of the plan year less current value at the beginning of the Plan year or acquisition cost if acquired during the Plan year.

Use of Estimates

The preparation of financial statements in conformity with the accounting method described above requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value Measurements Using:	
December 31, 2013	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

Participant loans	215,403	-	215,403
Total	$ 18,927,865	$ 18,712,462	$ 215,403

FASB ASC 820-10 (formerly SFAS No. 157, Fair Value Measurements) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock are based on quoted market prices.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

3. FAIR VALUE MEASUREMENTS (Continued)

6. TAX STATUS OF THE PLAN

The Plan has adopted The Chase Retirement Solutions Retirement Plan (Profit Sharing/401(k) Plan), A Fidelity Prototype Plan of the Fidelity Management & Research Company.

The employer has not requested an individual determination letter from the Internal Revenue Service with respect to the Plan's qualifications, as it is not a requirement.

Management believes that the Plan is qualified under section 401(a) of the IRC and applicable sections of ERISA, and therefore the Trust is exempt from taxation under section 501(a). Accordingly, employee contributions, employer contributions, and earnings of the Plan are not taxable to the participants until distributed. Management is unaware of any variations in the operation of the Plan from the terms of the Plan documents, as amended, which would subject the Plan to disqualification. Management intends to maintain the Plan's qualification under the IRC and ERISA. Management has adopted all plan amendments as required by legislation. The Plan has complied with fidelity bonding requirements of ERISA.

The Plan is no longer subject to U.S. federal or state and local income tax examinations by tax authorities for years before 2010.

7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has accepted the certification of FMTC that the unaudited financial information related to investments and investment income used in the preparation of the Plan's financial statements and Schedule of Assets Held for Investment is complete and accurate.

8. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through May 29, 2014, the date the financial statements were available to be issued.

Independent Auditors' Report

Board of Trustees
ARGO Data Resource Corporation 401 (k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ARGO Data Resource Corporation 401 (k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is an other comprehensive basis of accounting other than generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the ARGO Data Resource Corporation 401 (k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed three months of service and are 21 years of age or older. The Plan was established in accordance with Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

Under the terms of a trust agreement with Fidelity Management Trust Company ("FMTC") and ARGO Data Resource Corporation 401 (k) Plan, Fidelity Investments Institutional Operations Company, Inc. ("FIIOC") is involved in the processing and record-keeping of Plan investment contributions and distributions. FMTC manages the Plan interest in the registered investment company. Accordingly, FMTC has been granted certain authority concerning investment and management powers.

Reasonable cost and expenses incurred in the administration of the plan may be charged to the Plan. In addition, ARGO Data Resource Corporation ("Company") may pay certain administrative expenses directly.

Contributions

Participants may make regular contributions of up to 60% of pretax annual compensation, and may make additional contributions with approval from the employer of up to 100% of their effectively available compensation as defined in the Plan, not to exceed dollar amounts as set by federal regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a broad range of investment alternatives for participants. The Company makes non-discretionary matching contributions in an amount equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company. Contributions are subject to certain limitations by law up to the maximum contributions under Section 402(g) of the IRC.

On January 3, 2012, the Plan filed an adoption agreement amendment to increase the automatic enrollment contribution percentage from 3% to 6%.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participant contributions, plus the earnings thereon, vest immediately. Participants become fully vested (20% per year beginning with year 2) in matching contributions and the earnings thereon upon the completion of 6 years of service, upon termination of the plan, upon attainment of normal retirement age, or upon death or disability. Forfeitures of the employer's contributions due to Participants withdrawing from the plan prior to full vesting may be used to reduce the employer's future contributions.

Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their Participant's vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates as determined by the Plan administrator. Loans must be repaid within 5 years (may exceed 5 years for a primary residence loan) through payroll deductions.

Distributions

The participant or beneficiary may elect to receive a distribution(s) upon retirement, termination (elective or due to disability), death, or in the event of financial hardship. The Trustee pays any benefit provided by the Plan directly to the participant or in the form of a direct rollover to another qualified plan or an IRA. All distribution(s) are made in lump-sum amounts up to the value of the funds allocated to the account of the participant, or substantially equal amounts over a period of time. Special rules apply to a distribution due to financial hardship.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $27,398 and $277, respectively. These accounts may be used to pay administrative expenses and to reduce future Company's contributions. During the years ended December 31, 2013 and 2012 Company contributions were reduced by $141,593 and $157,355, respectively, from forfeited nonvested accounts. Administrative expenses for the years ended December 31, 2013 and 2012 of $0 and $0, respectively, were paid from forfeited non-vested accounts.

Plan Termination

The Company expects to continue the Plan indefinitely, but the Company's 401(k) Plan Committee reserves the right to terminate the Plan at any time and for any reason. Upon termination of the Plan, all benefits shall be fully vested, and each Participant will become 100% vested in their accounts. The Trustee in a single lump sum payment shall make payment of such amounts to each Participant in accordance with plan provisions until the Trustee has distributed all assets.

1. DESCRIPTION OF THE PLAN (continued)

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive accounting basis other than generally accepted accounting principles.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments

The Trustee uses quoted market prices to value all investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Gains and losses on securities transactions are recorded on a current value basis. Unrealized gains and losses are calculated as current value of investments at the end of the plan year less current value at the beginning of the Plan year or acquisition cost if acquired during the Plan year.

Use of Estimates

The preparation of financial statements in conformity with the accounting method described above requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

The Plan has adopted The Chase Retirement Solutions Retirement Plan (Profit Sharing/401(k) Plan), A Fidelity Prototype Plan of the Fidelity Management & Research Company.

The employer has not requested an individual determination letter from the Internal Revenue Service with respect to the Plan's qualifications, as it is not a requirement.

Management believes that the Plan is qualified under section 401(a) of the IRC and applicable sections of ERISA, and therefore the Trust is exempt from taxation under section 501(a). Accordingly, employee contributions, employer contributions, and earnings of the Plan are not taxable to the participants until distributed. Management is unaware of any variations in the operation of the Plan from the terms of the Plan documents, as amended, which would subject the Plan to disqualification. Management intends to maintain the Plan's qualification under the IRC and ERISA. Management has adopted all plan amendments as required by legislation. The Plan has complied with fidelity bonding requirements of ERISA.

The Plan is no longer subject to U.S. federal or state and local income tax examinations by tax authorities for years before 2010.
