Plan Administrator
The Ohio Art Company Retirement Income Plan
Bryan, Ohio

We were engaged to audit the financial statements and schedules of The Ohio Art Company Retirement Income Plan as of August 31, 2013 and 2012, and for the years then ended, as listed in the index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company and Wilmington Trust Retirement and Institutional Services (Wilmington), the Trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that J.P. Morgan Securities held the Plan's investment assets, and Wilmington executed investment transactions from May 29, 2013 to August 31, 2013, and that Vanguard Fiduciary Trust Company held the Plan's investment assets and executed investment transactions as of August 31, 2012, and for the period September 1, 2012 to May 28, 2013. The Plan Administrator has obtained certifications from the Trustees as of and for the years ended August 31, 2013 and 2012, that the information provided to the Plan Administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE OHIO ART COMPANY RETIREMENT INCOME PLAN

Notes to Financial Statements

August 31, 2013 and 2012

Note 1. Description of Plan

The following brief description of The Ohio Art Company Retirement Income Plan (the "Plan") is intended to give a general summary of its principal provisions. Participants should refer to the Plan Agreement for more complete information.

The Plan is a defined benefit pension plan covering all eligible employees of The Ohio Art Company (the "Company") and former employees of Strydel, Incorporated. Effective December 31, 2007, the Plan was amended to freeze participation and benefit accruals for non-union employees. Effective June 30, 2011, the Plan was amended to freeze participation and benefit accruals for union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

Employees with five or more years of credited service are entitled to pension benefits beginning at the normal retirement age of 65. Monthly pension benefits are determined based on a participant's number of years and completed months of benefit service immediately preceding retirement, not to exceed 30 years, multiplied by amounts varying from \$20 to \$9.75 for years and months of service for various periods as specified in the Plan Agreement. The Plan permits early retirement at age 55 with 10 years of credited service. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. If employees are terminated before rendering five years of service, they forfeit the right to receive any portion of their accumulated plan benefits. Employees whose employment is terminated for a reason other than normal retirement or death, but who have five years of credited service, will be entitled to receive a monthly deferred benefit for life commencing at their normal retirement date.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements. Interest income is accrued as earned. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded as of the trade date. All investments of the Plan are selected by the Custodian as directed by the Plan Sponsor.

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation of the fair market value of its investments, which consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan Administrator has evaluated events and transactions for possible recognition or disclosure through June 6, 2014, the date the financial statements were available to be issued.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from the Findley Davies Company and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

THE OHIO ART COMPANY RETIREMENT INCOME PLAN

Notes to Financial Statements (Continued)

August 31, 2013 and 2012

Note 3. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The principal methods and assumptions used by the Plan's actuary are summarized below:

	<u>August 31, 2013</u>	<u>August 31, 2012</u>
Interest rates:		
Discount rate	7.5%	7.5%
Mortality	RP-2000 Static Tables	RP-2000 Static Tables
Average retirement age	65	65
Form of benefit - single	Life only annuity	Life only annuity
Form of benefit - married	Joint and survivor annuity	Joint and survivor annuity
Asset valuation	Market value	Market value

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of September 1, 2013 and 2012. Had the valuations been performed as of August 31, there would be no material differences.

Note 4. Funding Policy

Prior to the Plan amendments to freeze participation in the Plan, participant contributions were withheld from earnings at a rate of four cents per hour worked up to 40 hours a week. Participants' accumulated contributions and interest at August 31, 2013 and 2012, approximated \$437,000 and \$435,000, respectively, including interest credit at an interest rate of 1.01% and 1.95%, respectively. There were no accumulated employee contributions payable due to terminated participants at August 31, 2013 and 2012. The Company makes annual contributions to the Plan in an amount equal to or greater than the minimum amount required to meet the minimum funding standards of ERISA. Contributions from the Company are determined prospectively through actuarial valuations as of the beginning of the Plan year. As of August 31, 2013 and 2012, the Plan has met the minimum funding requirements of ERISA.

Note 5. Plan Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it may do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, all participants would become fully vested in benefits earned as of the termination date.

THE OHIO ART COMPANY RETIREMENT INCOME PLAN

Notes to Financial Statements (Continued)

August 31, 2013 and 2012

Note 5. Plan Termination (Continued)

Pursuant to ERISA requirements, if a termination is the result of the bankruptcy or near-bankruptcy of the Plan's sponsor and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the Pension Benefit Guaranty Corporation (PBGC) will take over the Plan and will pay those benefits which it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan) and the level of benefits guaranteed by the PBGC at that time.

If the Plan is terminated for any reason other than the bankruptcy or near-bankruptcy of the Plan's sponsor and the Plan has insufficient assets, the sponsor will be required to pay to the Plan an amount which together with plan assets will satisfy all benefits accumulated to the date of the plan termination.

Note 6. Information Certified by the Trustees

J.P. Morgan Securities, the Custodian, held the Plan's investment assets and Wilmington, the Trustee, executed transactions from May 29, 2013 to August 31, 2013. As of August 31, 2012, and for the period September 1, 2012 to May 28, 2013, Vanguard, the Trustee, held investment assets and executed transactions therein. All information pertaining to investments included in the financial statements has been certified as complete and accurate by the Trustees. This information has not been audited by independent accountants. The related financial information included in the financial statements and supplemental schedules is based solely on information provided by the Trustees.

Note 7. Significant Investments

The market value of investments that represent 5% or more of the Plan's net assets are summarized below:

As of August 31, 2013:

Vanguard FTSE Developed Markets ETF	\$ 1,075,983
SPDR S&P 500 ETF Trust	1,588,714

Note 8. Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, the effect of such changes could be material to the financial statements.

The Plan provides for investment in various securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 9. Net Realized and Unrealized Gains and Losses

The net appreciation (depreciation) in the fair value of the Plan's investments (including investments bought, sold, and held) during the years ended August 31, 2013 and 2012, were as follows:

	<u>2013</u>	<u>2012</u>
Corporate bonds	\$ (1,234)	\$ -
Mutual funds - equity	506,280	281,270
Mutual funds - bonds	(391,939)	400,411

Note 10. Fair Value Measurements

The Plan utilizes the Fair Value Measurements framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at August 31, 2013 and 2012.

Exchange traded funds, money market fund, and mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

Common stock and corporate bonds: Valued at the last reported prices on an active national securities exchange on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 11. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service, dated September 19, 2011, relating to the amendments adopted by the Plan effective January 30, 2011, and prior to the date thereof. The Plan has subsequently been amended. In the opinion of the Plan Administrator, the Plan and its underlying trust have operated within the terms of the Plan and should remain qualified under the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 12. Transactions with Parties in Interest

The Company provides certain accounting, recordkeeping, and administrative services for the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Company.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

APPENDIX A

SUMMARY OF PRINCIPAL PLAN PROVISIONS

<i>Plan Sponsor</i>	The Ohio Art Company																		
<i>EIN/PN</i>	34-4319140/001																		
<i>Effective Date</i>	September 1, 1953																		
<i>Plan Year</i>	The 12-month period beginning each September 1.																		
<i>Participation</i>	A covered employee shall become a participant on the March 1st or September 1st coincident with or next following the completion of one year of service (1,000 or more hours in the first 12 months of employment, or subsequent plan year) and reaching age 21. A covered employee is one who is a member of a group of employees of an Employer to which the plan has been and continues to be extended either by his Employer unilaterally or by collective bargaining. Effective December 31, 2007, the plan was closed to new participants unless he is part of a group of employees to which the plan is extended by collective bargaining. Effective July 1, 2011, the plan was closed to all new participants.																		
<i>Year of Service</i>	Service for all purposes is currently credited on the basis of completed years and months of employment, excluding any portion of employment during which a participant was eligible to join the plan but did not or was required to make contributions under the plan but declined to do so. Service for benefit accrual purposes was frozen as of December 31, 2007 for all non-union employees, and July 1, 2011 for all union employees.																		
<i>Accrued Benefit</i>	For participants retiring on a Normal Retirement date on or after March 16, 1993, a monthly benefit equal to the participant's years of benefit service immediately preceding retirement date not in excess of 30 years, multiplied by the rates in the following table: <table> <tr> <th><u>Years of Service</u></th><th><u>Benefit Unit</u></th></tr> <tr> <td>Before 9/16/1985</td><td>\$9.75</td></tr> <tr> <td>9/16/1985 – 9/15/1990</td><td>\$11.75</td></tr> <tr> <td>9/16/1990 – 9/14/1993</td><td>\$13.00</td></tr> <tr> <td>9/15/1993 – 9/1/1996</td><td>\$14.00</td></tr> <tr> <td>9/2/1996 – 9/1/1999</td><td>\$15.00</td></tr> <tr> <td>9/2/1999 – 8/31/2003</td><td>\$17.00</td></tr> <tr> <td>9/1/2003 – 8/31/2006</td><td>\$19.00</td></tr> <tr> <td>After 8/31/2006</td><td>\$20.00</td></tr> </table> If a participant has more than 30 years of service, the most recent 30 years will be taken into account when computing the benefit. APPENDIX A (Continued)

Normal Retirement Benefit

Eligibility:

Age 65.

Monthly Benefit:

The Accrued Benefit.

Early Retirement Benefit

Eligibility:

Age 55 and 10 Years of Service.

Monthly Benefit:

The Accrued Benefit, starting at age 65, or starting immediately but reduced by 1/180 for each of the first 60 months and 1/360 for each of the next 60 months preceding age 65.

Late Retirement Benefit

Eligibility:

Older than age 65.

Monthly Benefit:

The greater of the Accrued Benefit at date of termination of employment or the Normal Retirement Benefit actuarially increased for delayed commencement.

Disability Benefit

Eligibility:

10 Years of Service and eligible for Social Security disability benefits.

Monthly Benefit:

The Accrued Benefit, starting immediately, calculated as if the participant had at least 25 Years of Service. Actual benefit service earned will be credited with the appropriate benefit units, however any assumed benefit service that is given in order to total 25 years will be credited at the \$9.75 rate.

Termination Benefit

Eligibility:

Upon termination of employment prior to retirement after completion of at least five Years of Service.

Monthly Benefit:

The benefit commences in full at age 65 or, in a reduced amount, as early as age 55, in accordance with the early retirement provisions.

APPENDIX A (Continued)

Death Benefit

If a vested active or former employee dies and has been married for at least one year on the date of death, his surviving spouse shall receive a monthly benefit for life commencing at the time the employee would have been eligible for retirement. The benefit is equal to 50% of the benefit vested on the date of death, adjusted as appropriate for early commencement and the 50% Joint and Survivor annuity form of payment. In no event will the value of benefits received be less than the employee contributions with interest. If a nonvested active employee dies, the beneficiary receives the value of the employee contributions plus interest.

Employee Contributions

Mandatory contributions equal to four cents for each hour worked, limited to 40 hours per week. Contributions are not required (1) while not participating in the plan, (2) for longer than 30 years, or (3) after reaching Normal Retirement Date. No contributions will be made after December 31, 2007 for non-union employees and July 1, 2011 for union employees.

Employee contributions will be credited with interest each year at 120% of the federal mid-term rate determined each September 1. For calculation purposes, when projecting from a determination date to Normal Retirement Date, the rate used will be the Applicable Interest Rate for July of the prior year.

A participant is always 100% vested in their employee contributions.

Normal Form of Benefit

Life Annuity for a single participant and an actuarially equivalent 50% Joint and Survivor for a married participant.

Optional Forms of Payment

Single Life Annuity – this form provides monthly payments during the participant's lifetime.

Joint & Survivor 50%, 67%, 75%, and 100% Annuity – This form provides reduced monthly payments during the participant's lifetime with monthly payments to the surviving spouse, or other beneficiary (67% and 100% only), after the participant's death equal to 50%, 67%, 75%, and 100%, respectively, of the amount paid during the participant's lifetime. The payments are the Actuarial Equivalent Value of the Life Annuity Form of Benefit.

Life Annuity with 60, 120, or 180 payments guaranteed – This form provides reduced monthly payment during the participant's lifetime with 60, 120, or 180 payments guaranteed to the participant's beneficiary. The payments are the Actuarial Equivalent Value of the Life Annuity Form of Benefit.

The conversion factors are based on UP-84 Mortality and the PBGC immediate rate from the January preceding each valuation date.

APPENDIX A (Continued)

***Benefits Available as
Lump Sums***

The participant's employee contributions with interest are always available as a lump sum. The accrued benefit will be offset accordingly if this lump sum is elected.

The conversion factors are based on the Applicable Mortality Table and Applicable Interest Rate from the July preceding each valuation date as required under IRC Section 417(e)(3).

Funding of the Plan

Employer pays all costs.

***Changes in Plan
Provisions***

Participation and benefit accruals for union employees were frozen as of July 1, 2011.

The change, if any, in maximum benefits payable were recognized.

<i>Assumptions Made In Valuing Spouse's Benefit</i>	Eighty percent of all employees included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.		
<i>Optional Form Election</i>	5% of employees are assumed to elect the life annuity benefit. 95% of employees are assumed to elect the return of employee contributions with interest in the form of a lump sum, while receiving the remainder of their benefit as a life annuity.		
<i>Annual Increases to Maximum Benefits and Plan Compensation Limits</i>	0.00%		
<i>Annual Increases to Social Security</i>	<u>Taxable Wage Base</u> 3.50%	<u>Cost of Living Index</u> 2.50%	<u>Average Earnings</u> 3.50%
<i>Provision for Expenses</i>	The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal actual expenses during the prior year, were included in the Target Normal Cost for minimum contribution purposes.		
<i>Standing Elections</i>	The Ohio Art Company has not signed an election that provides for the automatic use of the Carryover and/or Prefunding Balance if necessary at the end of the plan year to meet the minimum funding requirement. The Ohio Art Company also has not signed an election to automatically add the maximum amount possible to the Prefunding Balance.		
<i>MAP-21 Elections</i>	The MAP-21 segment rates have been used for minimum purposes as well as for the calculation of the AFTAP.		

APPENDIX B (Continued)

Asset Method

Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.

ASC 960-20: Market Value of Assets plus, any contributions for prior plan years that will be made in this plan year.

Employees Valued

Only participants as of the valuation date were valued.

Changes in Assumptions and Methods since the Last Actuarial Valuation

The segmented interest rates used for determining the funding target were 2.06%, 5.25% and 6.32%. These rates were updated to the rates required for the current plan year, as adjusted by MAP-21.

The mortality table for the funding target was changed as required under PPA '06.

Justification for Changes in Actuarial Assumptions

The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."
