THRIFT SAVINGS (401(k)) RETIREMENT PLAN (REPLACEMENT EDITION)
NOTES TO FINANCIAL STATEMENTS**

December 31, 2013

NOTE 1 - PLAN DESCRIPTION

The following description of the Central Investment LLC Thrift Savings (401(k)) Retirement Plan (Replacement Edition), successor to the Central Investment LLC Thrift Savings (401(k)) Retirement Plan, (collectively, the "Plan") provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL-

The Plan was adopted by Central Investment LLC effective December 30, 2004. Orchard Trust Company, LLC and its affiliate, Great West Retirement Services, provide recordkeeping and custody services for the Plan's assets. The Plan is subject to the provisions of ERISA.

ELIGIBILITY-

The Plan is a defined contribution plan covering eligible employees of Central Investment LLC and subsidiary companies (the "Employer") who have attained the age of twenty-one and earned credit for one year of service.

CONTRIBUTIONS-

Generally, each year active participants may contribute up to seventy-five percent (75%) of pretax annual compensation (or the maximum amount prescribed by law, whichever is less), as defined in the Plan. The Company may make contributions to the Plan subject to limitations imposed by law ("Employer Contributions"). For 2013 and 2012, the Company made safe-harbor matching contributions equal to one-hundred-percent (100%) of the amount of a participant's elective contributions that do not exceed three-percent (3%) of the participant's annual compensation and fifty-percent (50%) of the amount of a participant's elective contributions that exceed three-percent (3%) but do not exceed five-percent (5%) of the participant's annual compensation. Additionally, the Employer will make an annual special discretionary age-weighted employer contribution to the Plan for the benefit of certain select non-highly compensated participants ("Warrant Participants") actively employed on the last day of the plan year.

PARTICIPANT ACCOUNTS-

Each participant's account is adjusted by (a) the participant's contribution, (b) allocations of any Employer Contributions, and (c) allocations of the Plan's earnings or losses (including any administrative expenses paid by the Plan). Allocations are based on participant earnings or account balances in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have the ability to direct the investment of their contributions into the various investment options offered by the Plan.

(Continued)

NOTE 1 - PLAN DESCRIPTION (Continued)

VESTING-

Participants are immediately vested in their contributions plus allocated earnings or losses less allocated expenses. Vesting in the Employer Contributions to a participant's account is based on years of continuous, credited service. Generally, a participant becomes one-hundred percent (100%) vested in Employer Contributions upon completion of three years of credited service. During the period prior to completion of the required credited service, a participant is zero percent (0%) vested in the amounts attributable to Employer Contributions. However, vesting in 100% of safe-harbor matching qualified contributions is immediate.

FORFEITURES AND SUSPENSE ACCOUNT-

Forfeitures are used to reduce future Employer Contributions. There were no forfeited nonvested amounts at December 31, 2013 and 2012.

PAYMENT OF BENEFITS-

Upon reaching age 65, termination of employment, death, total and permanent disability, or termination of the Plan, the participant's account may be distributed under several options. If the participant's vested interest is greater than \$5,000, the participant may choose to have the distribution delayed (in accordance with the participant's election) until the participant reaches retirement age. If delayed, the participant's account will continue to be credited with earnings, gains, or losses until a distribution is made. If the vested interest is less than \$5,000 but greater than \$1,000, the participant may elect to have the distribution paid directly to an eligible retirement plan or to receive the distribution directly in the form of cash. Should such an election not be made by the participant, the distribution may be delayed by the plan administrator, until such time as the participant returns such forms. If the vested interest is \$1,000 or less, the payment is in the form of a lump sum payment, payable at termination.

In conditions of financial hardship, as defined by the Plan and applicable regulations, a participant may apply to the plan administrator for approval to withdraw that portion of their 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code (IRC).

PLAN TERMINATION-

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013
(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with U.S. generally accepted accounting principles as applied to savings and retirement plans, and in accordance with the terms of the Plan agreement. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING-

The financial statements are prepared using the accrual method of accounting.

USE OF ESTIMATES-

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

VALUATION OF INVESTMENTS-

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities |
| Level 2 | Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability |
| Level 3 | Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported by little or no market activity) |

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. As of December 31, 2013 and 2012, all investments are valued using quoted market prices and therefore are categorized as Level 1 fair value instruments.

Purchases and sales are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
