December 31, 2012 and 2011

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

In fulfilling its responsibility for the preparation of AmeriCorp, Inc. 401(k) Profit Sharing Plan and Trust's (the Plan) financial statements and disclosures, the Plan's Trustees select accounting principles generally accepted in the United States of America and adopt methods for their application. The application of accounting principles requires the estimating, matching and timing of revenue and costs in the determination of net assets available for plan benefits. It is also necessary for the Trustees to determine, measure and allocate the Plan's resources and obligations within the financial process according to those principles. Below is a summary of certain significant accounting policies selected by the Trustees.

A. The Plan uses the accrual basis of accounting.

B. Investments are reported at current market value as determined by Fidelity Management Trust Company. Investments are participant directed. The Plan does not track the cost of each participant's investment as the cost of this information would exceed any perceived benefit. Participant loans receivable are valued at the principal balance which approximates fair value.

C. Trustees make use of accounting estimates in the preparation of these financial statements. The major estimate is valuation of investments owned. The methods used in making accounting estimates are believed by management to be reasonable and have been consistently applied.

D. The Plan has adopted FASB ASC-962-325, *Accounting and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters*, which changes the required disclosures for plans with participant directed investment programs.

NOTE 2 – DESCRIPTION OF THE PLAN

AmeriCorp, Inc. ("Employer") established AmeriCorp Relocation Management, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") effective January 1, 1990. The Plan was established as a qualified defined contribution profit sharing plan which has a qualified salary deferral feature under Section 401(k) of the Internal Revenue Code of 1986. The Plan is a prototype plan which received a favorable determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

A. Participation

Each employee may participate in the Plan at the first of the month following the employee's full time hire date and attainment of the age of twenty-one (21). Subsequent entry dates are the first of each month.

An employee eligible to participate in the Plan shall fill out a payroll reduction form as a condition of participation in the Plan. Effective September 1, 2006, an eligible employee may participate by filling out a payroll reduction form online with Fidelity Management Trust Company. The salary reduction agreement may not be effective earlier than the employee's plan entry date. Total deferrals for any calendar year may not exceed the maximum allowed by law. The dollar limit for 2012 (including "catch-up" contributions for participants 50 and older) was $22,500. In addition, the Plan has been amended to comply with EGTRRA catch-up and other provisions. Voluntary contributions, other than salary reductions, are not permitted.

B. Employer Contributions

The Employer matches 50% of each participant's eligible contributions for the Plan year up to 1.5% of the employee's compensation in the Plan year. Employer matching contributions to the trust fund are allocated to separate accounts maintained for participants. For purposes of a plan allocation based on compensation, "compensation" means the total compensation participants received from the Employer during the period of actual participation in the Plan.

The Plan may require the Employer to make a contribution on the participant's behalf which is in addition to its discretionary contribution. This guaranteed minimum contribution is necessary if the Plan is top heavy and the amount of Employer contributions and forfeitures allocated to participants' accounts for the Plan year falls below a certain percentage (usually 3%) of the participants' compensation. It was determined that the Plan was not top heavy for 2012.

If the Plan requires the Employer to make an additional contribution, the Trustees will allocate the additional contribution.

With limited exceptions, participants must complete 1,000 hours of service during the Plan year in order to share in the allocation of the Employer's contribution and participant forfeitures for the Plan year. Employment on the last date of the Plan year is a condition to sharing in the Employer's contribution and participant forfeitures.

C. Vesting Rights

Employer Account

The vested balance of each participant in his/her Employer account and earnings thereon is determined on the following basis:

Years of Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

A year of service credit for purposes of the vesting schedule will include all Plan years during which the employee worked at least 1,000 hours for the Employer. Years of service before the effective date of the Plan are excluded for vesting purposes.

Employee Account

Participants are always 100% vested in their contributions to the Plan and the earnings thereon.

D. Payment of Benefits

The distribution of the vested balance of the participant will be made in lump sum either directly to the participant or as a direct rollover to an IRA or another qualified plan.

E. Administration

Altair Global Relocation Services, LLC is the Plan Administrator. The Plan Administrator has the authority to control and manage the operation and administration of the Plan according to its terms and provisions, and has all the powers necessary to accomplish these purposes.

F. Forfeitures

Forfeitures may be used to reduce the Employer's matching contributions.

G. Contributions

It is the policy of the Employer to forward to Fidelity Management Trust Company the participant's salary deferral and the Employer's matching contributions each pay period.

H. Plan Termination

Although it has not expressed any intent to do so, the Plan's sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

*Fair value of investments representing 5% or more of the Plan's net assets. In addition, Fidelity Management Trust Company certified investment transactions, earnings and expenses.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The following is a description of the fair value hierarchy:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at December 31, 2012.

Level 2 Fair Value Measurements

No investments were valued using Level 2 inputs.

Level 3 Fair Value Measurements

Participant loans are not actively traded and significant other observable inputs are not available.

Investments by Fair Value Hierarchy

	2012
	Level 1
Mutual Funds	$ 9,201,099

	2011
	Level 1
Mutual Funds	$ 7,832,317

NOTE 4 – ADMINISTRATIVE EXPENSES

It is the policy of the Plan and the Plan's sponsor to pay routine administrative expenses for the Plan. These expenses include, among other things, audit fees and administrator fees.

NOTE 5 – RECONCILIATION TO FORM 5500

The following is a reconciliation between the Form 5500 and the financial statements:

	Per Audited Financial Statements	Difference	Per Form 5500
Net assets available for plan benefits - beginning	$ 8,158,672	$ (28,319)	$ 8,130,353
Employee contributions	1,143,249	2,967	1,146,216
Employer contributions	169,758	213	169,971
Investment (loss)	1,048,909	2,375	1,051,284
Deductions	(926,653)	-	(926,653)
Net assets available for plan benefits - ending	$ 9,593,935	$ (22,764)	$ 9,571,171

The above differences are due to employer and participant contributions withheld by the Employer on December 31, 2012 that were not received by the Trustee until January 2013 and the difference in contract value and fair value of the stable value portfolio.

NOTE 6 – PARTICIPANT LOANS

Participants may borrow up to 50% of their vested balances with the minimum loan amount of $1,000 and a maximum loan of $50,000 except in the case of loans to acquire a primary residence. These loans are secured by the participant's account and are repaid through payroll deductions. The participant pays interest at the established plan interest rate on the date of the loan. Interest payments are credited to that participant's account. Participant loans are reported at their unpaid principal balances plus any accrued/unpaid interest.

NOTE 7 – SEPARATED PARTICIPANTS WITH DEFERRED VESTED BENEFITS

At December 31, 2012 and 2011, twelve and eleven separated participants had deferred vested benefits which totaled $67,917 and $106,945, respectively.

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events were reviewed through the issue date of the financial statements, September 12, 2013. Based on this review, no events have occurred requiring disclosure.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
