NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. PLAN DESCRIPTION

The Avon Rubber & Plastics, Inc. Employees Retirement Plan (the Plan) is a defined contribution plan covering all full-time employees of the Company who have completed ninety days of service and all part-time employees who have completed one year of service. The Plan was established in July of 1974, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of the financial statements of the Plan.

- a. **Accounting Basis:** The financial statements of the Plan are reported on the accrual basis of accounting.
- b. **Investment Valuation:** The financial statements have been prepared using current market values for investments as reported by the trustee, Prudential Retirement Insurance and Annuity Company.

The Plan also has participant loans which, due to their nature, have a carrying amount which approximates their fair value.

- c. **Revenue Recognition:** Employer and employee contributions are recognized as revenue at the time payroll withholdings are made.
- d. **Net Realized and Unrealized Appreciation (Depreciation) in Aggregate Fair Value of Investments:** The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.
- e. **Use of Estimates:** The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent net assets at the date of the financial statements. Actual results could differ from those estimates.
- f. **Risks and Uncertainties:** The Plan provides for various investment options in mutual funds which invest in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

3. CONTRIBUTIONS AND BENEFITS

The Plan permits participants to contribute up to fifty percent of their compensation up to the annual IRS dollar limits. Participants direct the Company as to the allocation of their contributions to the various funds in the Plan. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Eligible full-time employees who have completed ninety days of service and eligible part-time employees who have completed one year of service and are at least age 18 will receive a match. The Company matches 50% on the first 6% of each participant's elective contribution amount and not more than 3% of each participant's compensation for a given plan year. All participants are 100% vested in their Company match. The Company may contribute an additional discretionary amount which shall be proportionately allocated among participants according to compensation level.

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

The benefits to which a participant is entitled are the benefits that can be provided by the participant's contributions, the Company's vested contributions and investment income thereon allocated to such participant's account.

Upon death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments. Loans may be made during employment with the Company subject to certain restrictions.

4. TAX STATUS

The plan obtained its latest determination letter on August 26, 1996, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of September 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. TERMINATION OF THE PLAN

The Plan may be terminated at any time by the Company. At termination, all participants' accounts are fully vested and nonforfeitable and would be distributed to the participants as directed by the Company.

7. ADMINISTRATIVE EXPENSES

Certain administrative costs of the Plan, including trust, legal, and audit fees are paid by the Company.

8. RELATED PARTY TRANSACTIONS

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee, Baird, Cotter and Bishop, P.C., the Plan auditor, and Avon Rubber & Plastics, Inc., the Plan sponsor, which are parties-in-interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Code and are not prohibited by ERISA.

9. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

In addition to quoted market prices in active markets, the valuation technique for Level 2 included:

- Insurance Co. General Account – Prudential's Guaranteed Income Fund is an insurance company issued Evergreen Group Annuity with no maturity date and interest rates are reviewed on a semi-annual basis. The contract value represents deposits made to the contract, plus earnings at guaranteed rates, less withdrawals and fees. The contract value is the amount payable on demand at the reporting date, and therefore, the contract value is also the fair market value to be disclosed.
