NOTE 1 - DESCRIPTION OF PLAN

The following description of First Co. (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan covering all full-time employees of the Company who have performed six months of service and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible employees may contribute pretax annual compensation, not to exceed the maximum permitted by law. Participants may also contribute distributions from other qualified plans. The Company makes matching contributions on deferrals up to 3% of annual compensation dollar for dollar, and 50% of each dollar for the next 2% of annual compensation deferred. Participants direct their contributions into various investment options defined by the Plan. The Plan currently offers approximately twenty mutual funds and a retirement savings trust.

Participant Accounts

Each participant's account is credited with the participant's contribution and the related matching contribution (funded monthly and annually, respectively) and allocations of plan earnings, and charged with administrative expenses, as defined by the plan. Allocations of plan earnings are based on actual results of individual participant investment balances, as electively designated, and certified by the trustee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferrals, rollover contributions and matching contributions, plus actual earnings thereon. Vesting in the remaining account balance is based on years of service. A participant is 100% vested after six years.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

Active participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate, as published by the Wall Street Journal. Loan repayments are made monthly by payroll deductions.

Payment of Benefits

On termination of service, a participant is eligible to receive a lump sum distribution of an amount equal to the value of the participant's vested interest in his or her account. For termination of service due to death or disability, the participant will be entitled to 100% of his or her account balance. Hardship distributions are allowed in certain circumstances as defined in the Plan.

Forfeited Accounts

Participants who are not 100% vested, and who receive a distribution of profit sharing contributions or other amounts subject to vesting provisions, are deemed to have forfeited their non-vested benefit. If a participant returns to work for the Company before five consecutive one year breaks in service, they may recapture the forfeited benefit, provided they repay the distribution received. Forfeitures may be applied first to payment of plan administrative expenses, and any remaining forfeitures are allocated to the remaining plan participants based on plan provisions.

Administrative Fees

The Company pays certain Plan related fees and expenses. However, to offset recordkeeping expenses incurred by the Company, individual participant accounts are charged $10 per quarter. Participants are also charged fees for loan initiation and maintenance.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value Measurements

The Plan accounts for its financial instruments at fair value. Fair value is defined as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

Accounting standards establish a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels:

Level 1 – Inputs generally are quoted prices in active markets for identical assets or liabilities. For this purpose, an active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Inputs generally are available indirect information, such as quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurements (Continued)

Level 3 – Inputs are unobservable and generally allow for situations in which there is little, if any, market activity. They are based on the reporting entity's own assumptions about the factors market participants would use in pricing the asset or liability.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Contributions

Contributions are recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company uses a prototype plan and trust sponsored by the Vanguard Fiduciary Trust Company. Although the plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9- SUBSEQUENT EVENTS

The Plan has evaluated subsequent events up and through the date which the financial statements were available to be issued, which was June 16, 2014.
