INDEPENDENT AUDITORS' REPORT

PLAN ADMINISTRATOR
WEI-CHUAN U.S.A., INC.
DISCRETIONARY CONTRIBUTION PLAN
BELL GARDENS, CALIFORNIA

We have audited the accompanying financial statements of **WEI-CHUAN U.S.A., INC. DISCRETIONARY CONTRIBUTION PLAN,** which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of **WEI-CHUAN U.S.A., INC. DISCRETIONARY CONTRIBUTION PLAN** as of December 31, 2013 and 2012, and the changes in net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year), assets (acquired and disposed of within year) and reportable transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WEI-CHUAN U.S.A., INC. DISCRETIONARY CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the WEI-CHUAN U.S.A., INC. DISCRETIONARY CONTRIBUTION PLAN (Plan) which was effected in January 1, 1986 provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a discretionary contribution plan covering all eligible employees of the Company who is at least twenty one (21) years of age, and have 1,000 hours or more of service within the first twelve months of employment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTION

The plan is funded entirely by the Company; no contribution is required of the participants. The amount is determined annually by the Board of Directors with a maximum of 15% of all eligible participants' compensation.

PARTICIPANT ACCOUNTS

Each participant's account is credited with an allocation of the Company's contribution, Plan earnings and current forfeitures. Allocation of contributions and current forfeitures are based on participant's compensation for the year, and allocation of current earnings is based on participant's beginning account fund balances.

VESTING

Vesting is based on an employee's number of years of continuous service. A participant is 20% vested after two years. A participant becomes fully vested with the later of attaining the age of 65 or completion of six (6) years of participation.

FORFEITED ACCOUNTS

At December 31, 2013 and December 31, 2012, forfeited nonvested accounts totaled $10,260 and $10,940 respectively. These accounts are not used to reduce future employer contributions

TOP-HEAVY MINIMUM BENEFIT

In the event that the Plan becomes "top heavy" in accordance with Section 416 of the Internal Revenue Code, a participant will be entitled to a minimum allocation equal to the lesser of the percent that the key employees receive or 3 percent of compensation.

The Plan is currently not top-heavy.

TERMINATION OF THE PLAN

If the Plan shall be terminated, or contributions of the Employer shall be completely discontinued, the rights of all affected participants in their accrued benefits shall thereupon become fully vested and nonforfeitable, notwithstanding any other provisions of this Plan.

1. DESCRIPTION OF PLAN (continued)

EXPENSES OF THE PLAN

The Plan pays for all expenses incurred in the administration of the pension. Audit fees for the Plan are paid by the Company.

DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through June 26, 2014, which is the date the financial statements were available to be issued.

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are as follows:

	2013	2012
Cash	$ (988)	$ 361,158
Money market funds	186,778	220,580
	$ 185,790	$ 581,738

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

3. FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements

The Plan at December 31, 2013 and 2012 consists of only Level 1 inputs. Fair values are stated at market value as determined by quoted prices in an active market. Investments that represent 5% or more of Plan net assets are separately identified.

	2013	2012
Fair value of investments at December 31:		
Registered investment companies	$1,316,030	$1,083,709
U.S. Government asset backed securities	68,206	61,936
Corporate bonds (principal amounts $104,000)	114,336	107,852
Preferred/fixed rate cap securities	12,860	12,685
Equities:		
Apple Computers (2,055 shares)	1,152,896	
Apple Computers (1,392 shares)		740,784
Others	5,707,741	4,253,311
Total fair value of investments at December 31	$8,372,069	$6,260,277

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
