INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Carestream Health, Inc. Retirement Savings Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Carestream Health, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis but is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Carestream Health, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of the Plan

The following description of the Carestream Health, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Carestream Health, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants can either direct the investment of their contributions into various investment options offered by the Plan, or self-direct their contributions through a brokerage account into mutual funds.

The salary of an employee who has not entered into a salary deferral agreement or elected to forego making salary deferral contributions to the Plan, is reduced by three percent which will be contributed to the participant's account.

The Company matches 100% of elective deferrals for the first 1% of base compensation, then 50% of elective deferrals for the next 4% of base compensation that a participant contributes to the Plan.

The Company also makes an additional 4% of base compensation contribution to all eligible employees whether or not they are contributors to the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings (losses), and (c) charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions and the Company's matching contribution, plus actual earnings thereon. Vesting in the Company's additional contribution is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans bear interest at rates that are based on the local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Repayment terms may not exceed five years on participant loans, with the exception of loans for a principal residence which allow for a maximum repayment term of 10 years.

Payment of Benefits
Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, permanent disability or termination of employment with the Company. Participants can take in-service withdrawals upon attaining age 59 ½ or due to financial hardship.

Forfeited Accounts
The Plan allows for forfeited amounts to be used to reduce future employer contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled approximately $49,000 and $232,000, respectively. In 2013, employer contributions were reduced by approximately $300,000 from forfeited nonvested accounts.

Administrative Expenses
Administrative expenses can be paid by the Plan or the Company.

Notes to Financial Statements - Continued

Note 1: Description of the Plan - Continued

Administrative Budget Account

The Plan has an administrative budget account which is a suspense account funded with excess revenue generated by the Plan. These funds may be used to pay Plan expenses or be distributed to each participant. The excess revenue earned by the Plan in 2013 amounted to $169,962 and is included in other income on the statement of changes in net assets available for benefits. During 2013, $10,800 of Plan expenses were paid and $250,800 was allocated to active participants from the administrative budget account. The unused balance of this account amounted to $116,838 and $208,458 as of December 31, 2013 and 2012, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a common/collective trust fund. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust fund as well as the adjustment of the investment in the common/collective trust fund from fair value to contract value relating to the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 4, 2014, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 3: Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3: Investment Valuation and Income Recognition (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common/Collective and Commingled Trust Funds: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective and commingled trust funds at year end.

Mutual Funds: These investments are valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted market price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2013

(a) The trust seeks to provide maximum current income while maintaining stability of principal.
(b) The trust seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Barclays U.S. Aggregate Bond Index over the long term.
(c) The trust seeks an investment return that approximates as closely as practicable, before expenses, the performance of the MSCI EAFE Index over the long term.
(d) The trust seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Russell Small Cap Completeness Index over the long term.
(e) The trust seeks an investment return that approximates as closely as practicable, before expenses, the performance of the S&P 500 index over the long term.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4: Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	December 31, 2013	***December 31, 2012***
T. Rowe Price Stable Value Fund	**$ 75,621,401**	$ 73,218,033

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

Note 6: Certified Information

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.

- Net appreciation in fair value of investments, dividends, and interest on notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.

- Common/collective trust fund, commingled trust funds, mutual funds, brokerage account and participant loans on the Schedule of Assets (Held at End of Year) as of December 31, 2013.

Note 7: Related Party Transactions

Certain Plan investments are shares of mutual funds and a common/collective trust fund managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

Note 8: Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by AccuDraft, Inc. The prototype plan received an opinion letter from the Internal Revenue Service dated March 31, 2008, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 9: Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
