Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Enginetics Corporation Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended September 30, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified or provided by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of September 30, 2013 and 2012, and for the year ended September 30, 2013, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended September 30, 2013, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Enginetics Corporation Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Enginetics Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Enginetics Corporation, Inc. (Enginetics) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Each full-time employee is eligible to participate in the Plan on the first day of the calendar quarter following the completion of 90 days of service. Participants direct the investments of contributions into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts and a guaranteed investment contract as investment options.

Contributions: Each year, participants of the Plan may contribute eligible compensation up to the limits set in IRS Code Section 401(k), as defined in the Plan. Participants who will be age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Enginetics makes matching contributions of 50% of the first 4% of compensation that a participant contributes to the Plan as pretax contributions. Enginetics may make additional annual discretionary profit sharing contributions solely at their option. No discretionary contribution was made by Enginetics during 2013.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) Enginetics' matching contributions, (b) Enginetics' discretionary profit sharing contributions, and (c) Plan earnings and losses. Allocations are based on participant compensation or account balances, in accordance with the method described in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contributions along with the earnings thereon is based on years of continuous service, where a year is defined as one in which an employee works 1,000 or more hours. Vesting in the employer's contributions along with earnings thereon is as follows:

<u>Years of service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year, but less than 2 years	25%
2 years, but less than 3 years	50%
3 or more years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, which are commensurate with local prevailing rates as determined by the plan administrator. The prime rate at September 30, 2013 and 2012 was 3.25%. The maximum loan term is five years and, effective January 1, 2011, the participants may only have one loan outstanding at a time. The previous loan limit was two per participant.

Payment of benefits: A participant may receive the value of his or her vested account upon retirement, disability or termination. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions are made in either a lump-sum or equal installments not to exceed the life expectancy of the participant. Hardship withdrawals, as defined in the Plan, are also available to participants.

Enginetics Corporation Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeited accounts: At September 30, 2013 and 2012, forfeited nonvested accounts totaled \$8,521 and \$7,877, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. During the year ended September 30, 2013, \$3,490 was used to pay Plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions: Participant contributions and employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. Discretionary employer contributions are recognized when declared by the Employer.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by Enginetics, net of any forfeitures used, except for participant fees related to distribution and loan withdrawals which are paid by the participants.

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recently adopted accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04)*. ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption was not significant to these financials

Enginetics Corporation Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Recently issued accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 1, 2014, the date the financial statements were available to be issued.

Note 3. Related Party Transactions

Certain Plan investments are units of separate pooled accounts managed by ING Life Insurance and Annuity Company (ING). ING is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 4. Tax Status

Effective March 19, 2012 the Plan adopted a non-standardized form of a mass-submitter prototype plan sponsored by Dataair Employee Benefit Systems, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan follows FASB guidance on accounting for uncertain tax positions. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of September 30, 2013 and 2012. Generally, the statute of limitations restricts federal and state examinations by tax authorities to three to five years from the date of filing. When and if applicable, potential interest and penalty costs are accrued as incurred, with expenses recognized in income taxes in the statement of changes in net assets available for benefits. As of September 30, 2013 and 2012, the Plan has no liability for unrecognized tax benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Information Certified and Provided by ING Life Insurance & Annuity Company

The following is a summary of the Plan's asset information as of September 30, 2013 and 2012 and for the year ended September 30, 2013, included throughout the Plan's financial statements and supplemental schedules, that were prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

The following table presents the fair value of the Plan's assets as certified and provided by the custodian as of September 30. Assets representing more than 5% of the Plan's net assets are separately identified.

	2013	2012

Notes to Financial Statements

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2013 and 2012.

Pooled separate accounts: Valued at net asset value per share based on quoted market prices of the underlying investments.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 7. Fair Value Measurements (Continued)

- ^(f) This category seeks current income consistent with the preservation of capital and capital appreciation for the asset allocation associated with a target retirement date.
- ^(g) This category primarily seeks long term growth and capital appreciation by investing in stocks of U.S. companies, including large companies, medium-sized companies and smaller companies the fund managers believe will increase in value over time.

Note 8. Guaranteed Investment Contract with an Insurance Company

The Plan has a guaranteed investment contract with ING. ING maintains the contributions in a general account. The account is credited with earnings and the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract does not qualify as fully benefit-responsive as there are restrictions on certain transfers and withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was 3.00% for 2013 and 2012. The contract is included in the financial statements as of September 30, 2013 and 2012 at fair value as reported to the Plan by ING.

Note 9. Prohibited Transactions

During the year ended September 30, 2013, the Plan sponsor inadvertently failed to deposit \$335 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan sponsor deposited funds to correct this failure.
