Independent Auditor's Report

To the Plan Administrator of the
MagTek Profit Sharing/401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MagTek Profit Sharing/401(k) Plan which are comprised of the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules (1) of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013 and (2) Schedule H, Line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 9, 2013, indicated that (*a*) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (*b*) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the MagTek Profit Sharing/401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective June 30, 1980 by MagTek, Inc. (the "Company" or "Employer"). The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A plan administrator, who serves at the discretion of the Company's Board of Directors, administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian of Plan assets is Fidelity Management Trust Company ("Fidelity"). In addition, Fidelity acts as the record-keeper for the individual participant accounts.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan on the first day of the month immediately following the employee's date of hire and obtaining age 18. Effective November 1, 2011, participants become eligible for nonelective contributions following 1,000 hours of eligible service.

Contributions

The Company's eligible employees may contribute up to 60% of their compensation, subject to the limitations as defined by the Internal Revenue Code ("IRC"), each year on a pre-tax basis by salary reduction. All participants were limited to a maximum contribution of $17,500 in 2013 and $17,000 in 2012 by Section 402(g) of the Code. An additional catch up contribution of $5,500 in 2013 and 2012 was allowed for participants who were age 50 by year end, per the Code. If any participant's compensation deferrals for a year exceed the maximum amount allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

The Company may make a matching contribution to each participant based on his or her elective deferrals. The percentage, if any, is generally set by the Company at the beginning of the plan year and is contributed each pay period to participants. For the December 31, 2013 and December 31, 2012 Plan years, the Company elected to, and did contribute, 50% of the participant's salary deferral up to 10% of the participant's gross income.

Note 1. Description of the Plan (continued)

The Company, at its discretion, may also make discretionary profit sharing contributions to the Plan to be allocated to participants who are employed on the last day of the Plan year. The Board of Directors of the Company determines the amount of this contribution at the end of the Plan year. The Company made a discretionary profit sharing contribution of $1,638,538 and $1,470,964 for the plan years ended December 31, 2013 and December 31, 2012, respectively.

Participant Accounts

Participants direct the investment of all contributions to their account into various investment options offered by the Plan. Each participant's account is credited with the participant's salary deferral contribution and allocations of the Company's matching and profit sharing contributions, if any, and Plan earnings and gains and losses. The allocation of the Company's profit sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their deferral contributions plus actual earnings thereon. Vesting in the discretionary Company contributions and related earnings is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

The participant's account shall become fully vested upon the participant's retirement date or prior to the retirement date in the event of death or total and permanent disability.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contributions and earnings on their contributions in a lump sum payment as soon as administratively possible following participants' requests for distribution. A participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution.

Subject to certain restrictions, in-service withdrawals from a participant's account may be permitted to participants who are over the age of 59-1/2 or if the participant qualifies for a financial hardship, as described in the Plan document, for which funds are not reasonably available from other resources of the participant. Employees who receive hardship distributions are excluded from participating in the Plan for a six-month period.

Note 1. Description of the Plan (continued)

As a result of the Plan's previous receipt of a transfer of assets from another defined contribution plan, benefits were previously payable in the form of an annuity and the Company elected to continue to offer this form of benefit payment under the Plan.

Forfeitures

Amounts forfeited from terminating participants non-vested portion of their Company matching contribution and earnings on such contributions may be used to pay administrative expenses or to reduce Company contributions. As of December 31, 2013 and December 31, 2012, there was no significant forfeiture balance available. During the year ended December 31, 2013, approximately $76,000 of forfeitures were used to reduce the Company matching contribution.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants, distributions and self-directed brokerage accounts are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Contribution Funding

The Company makes payments to the Plan for employee and employer contributions on a weekly basis in conjunction with payroll and on an annual basis for the discretionary profit sharing contribution.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The fair value of the fully benefit-responsive investment contract (Fidelity Managed Income Portfolio - Common/collective trust fund) at December 31, 2013 and 2012 was $3,817,446 and $3,516,790, respectively. The contract value of the investment contract at December 31, 2013 and 2012 was $3,759,905 and $3,416,149, respectively.

Note 2. Summary of Significant Accounting Policies (continued)

Valuation of Investments

All investments are carried at fair value or an approximation of fair value except for the fully benefit-responsive investment contract (Fidelity Managed Income Portfolio) which is based on the net asset value reported by the fund (this fund is adjusted and reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Reclassifications

Certain amounts relating to the 2012 Plan year have been reclassified to conform to the current period (2013 Plan year) presentation. These reclassifications have no effect on the previously reported net assets available for benefits or changes in net assets available for benefits.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts from $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Only one outstanding loan is allowed at any given time. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Subsequent events have been evaluated through July 9, 2014, the date the financial statements were available for issuance.

Note 3. Investments

At December 31, 2013 and 2012, the following presents investments that represent 5% or more of the Plan's net assets:

	December 31,

Note 4. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules:

a) Investments

d) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held At End of Year)**

** Amount does not include the fair value adjustment attributable to the fully benefit-responsive investment contract which is not certified by the trustee.*

*** Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Self-directed brokerage accounts: Common stocks, the money market fund and stock options are valued at the closing market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2013 and 2012:

The self directed brokerage accounts allow participants to invest in investment holdings of their choice. The following represents the primary categories of the investments held in the self-directed brokerage accounts.

a) Common stocks and stock options – these investments consist primarily of equity securities of domestic companies.

b) Money market fund – this fund invests in US dollar-denominated money market securities of domestic and foreign issuers and repurchase agreements and invests more than 25% of total assets in the financial services industries. This fund seeks a high level of current income as is consistent with the preservation of capital and liquidity.

Note 5. Fair Value Measurements (continued)

The following table presents additional information relative to the common/collective trust fund-Fidelity Advisor Stable Value reported on net asset value at December 31, 2013 and 2012:

December 31, 2013	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Fidelity Managed Income Portfolio (a)	$ 3,817,446	$ ---	Daily	Up to a 90 day holding period	None

December 31, 2012	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Fidelity Managed Income Portfolio (a)	$ 3,516,790	$ ---	Daily	Up to a 90 day holding period	None

(a) The fund objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. Exposure to wrap credit risk is minimized through, among other means, diversification of the wrap contracts across an approved group of issuers. The fund's ability to receive amounts due pursuant to these contracts is dependent upon the issuer's ability to meet their financial obligations.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2008 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The Plan has been amended and restated since receiving the advisory letter. However, the plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund, a common/collective trust fund and self-directed brokerage accounts managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest for which there is a statutory exemption.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2012, the plan sponsor inadvertently failed to deposit $760 of participant deferrals within the required timeframe as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings and deposited the lost earnings and participant deferrals into the Plan. The participant deferrals and lost earnings were deposited into the Plan during the Plan year ended December 31, 2013.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

Note 11. Reconciliation of Financial Statements to the Form 5500

Due to timing differences, the financial statements for the years ending December 31, 2013 and 2012 reflect a difference in net assets available for benefits and a difference in net increase in net assets available for benefits as compared to the Form 5500.

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500:

	December 31,	
	2013	**2012**
Net assets available for benefits per the financial statements	$ 58,608,305	$ 48,704,732
Add: Adjustment from fair value to contract value for fully benefit-responsive investment contract	57,541	100,641
Net assets available for benefits per the Form 5500	$ 58,665,846	$ 48,805,373

The following is a reconciliation of net increase in net assets available for benefits from the financial statements to the Form 5500:

	Year Ended December 31, 2013
Net increase in net assets available for benefits per financial statements	$ 9,903,573
Deduct:	
Net adjustment from fair value to contract value for fully benefit-responsive investment contract	(43,100)
Net increase in net assets available for benefits per the Form 5500	$ 9,860,473
