Independent Auditors' Report

To the Plan Administrator of the
Dietrich Industries, Inc. Salaried Employees' Profit Sharing Plan
Columbus, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the DIETRICH INDUSTRIES, INC. SALARIED EMPLOYEES' PROFIT SHARING PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits of the Plan as of December 31, 2013 and 2012, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
Dietrich Industries, Inc.
Salaried Employees' Profit Sharing Plan

1. Description of Plan

The following description of the Dietrich Industries, Inc. Salaried Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all salaried employees formerly employed by Dietrich Industries, Inc. ("Dietrich") and its subsidiaries who were participating employers under the Plan (collectively, the "Company") who met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee for the Plan is Fidelity Management Trust Company (the "Trustee"). Effective June 1, 2013, Dietrich merged with and into The Worthington Steel Company, a Delaware corporation. The Worthington Steel Company is the Plan Sponsor.

The Plan is one of three plans within the Worthington Deferred Profit Sharing Plan Master Trust (the "Master Trust"). The other plans are the Worthington Industries, Inc. Retirement Savings Plan for Collectively Bargained Employees and the Worthington Industries, Inc. Deferred Profit Sharing Plan.

On March 1, 2011, the Company executed an agreement with Marubeni-Itochu Steel America Inc. ("MISA") to combine certain assets of Dietrich Industries, Inc. ("Dietrich") and ClarkWestern Building Systems in a newly-formed joint venture, Clarkwestern Dietrich Building Systems LLC ("ClarkDietrich"). The Company's contribution to the new joint venture consisted of all of its metal framing business including six of Dietrich's 13 facilities. The remaining seven facilities operated only to support the transition of the business into the new joint venture, and following this brief transition period, these assets were disposed of.

Eligibility:

All salaried employees of the Company are immediately eligible to participate in the Plan.

Contributions:

Employee Contributions - Participants may elect to defer between 1% and 90% of their annual compensation. Contributions are subject to annual addition and other limitations imposed by the Internal Revenue Code ("IRC") as defined in the Plan document and can be made on an pre-tax or ROTH, after-tax, basis.

Employer Matching Contributions – The Company will contribute to the Plan an amount equal to 50% of each eligible participant's pre-tax and/ or after-tax contributions, not to exceed 2% of the participant's eligible compensation.

Employer Contributions - As a safe harbor plan, the Company guarantees a minimum contribution of at least 3% of participants' eligible compensation. The contribution is made on or

about the end of the month following the end of each calendar quarter. A participant does not need to make contributions to the Plan to receive the Company's 3% contribution.

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions, employer contributions, earnings and losses thereon and an allocation of the Plan's administrative expenses. Substantially all administrative fees are paid by the Plan, through allocation, both direct and indirect, to its participants.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

Investment Options:

Participants direct their contributions among a choice of the Plan's investment options. All contributions are allocated to the designated investment options according to each participant's election, although, to the extent that a participant receiving a contribution made no allocation election, the participant's contribution is invested in the applicable Fidelity Freedom Fund, as determined by the age of the participant.

Effective December 6, 2012, future contributions to the Worthington Industries, Inc. Common Stock fund are limited to not more than 25% of the participant's total contribution to the Plan. A participant will be prohibited from making investment exchanges to the Worthington Industries, Inc. Common Stock fund if the participant's investment in the fund equals or exceeds 25% of such person's total accounts.

Vesting:

All participants are 100% vested in employee elective deferrals, Company matching contributions and Company safe harbor contributions.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are to be repaid over a period not to exceed 5 years, except when used for the purchase of a primary residence.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Trustee. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65. The Plan also provides for early payment of benefits to in-service employees, with certain restrictions, after reaching age 59-1/2.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service (“IRS”) guidelines.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

As described in current accounting guidance, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by U.S. GAAP, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition:

The Master Trust's investments are stated at fair value as of year-end. Fair values for mutual funds and Worthington Industries, Inc. Common Stock are determined by the respective quoted market prices. Fair value of the common collective trust (“CCT”) is determined by dividing the trust’s net assets at fair value by its units outstanding at the valuation dates. Fair value of investments in wrapper contracts within the common collective trust are measured using a discounted cash flow model, which considers recent fee bids as determined by recognized dealers, discount rates and the duration of the underlying portfolio securities. The primary goal of the CCT is to seek current income while maintaining stability of invested principal. The CCT is invested and reinvested primarily in a diversified portfolio of fixed-income instruments which may include traditional and separate account guaranteed investment contracts (obligations of creditworthy life insurance companies), corporate investment contracts, synthetic GICs (high-quality debt securities including mortgage-backed, commercial mortgage-backed, asset-backed and corporate securities held by the CCT within contracts that are intended to minimize market volatility), variable rate GICs, repurchase agreements, US treasury and agency securities, and cash and cash equivalents, including certificates of deposit and money market instruments. The CCT may also invest in a collective fund or group trust (including but not limited to one maintained by The Bank of New York Mellon or its affiliate) that invests in such fixed income instruments. No investment contract in which the CCT invests will have a duration of more than six years from the date of issuance. The CCT will operate with a weighted average duration selected by The Bank of New York Mellon, in its capacity as Trustee of the fund from time to time, but such weighted average duration generally will average between 1.0 and 3.0 years. Participants may purchase or redeem units of the CCT for cash or securities based on the unit value determined as of the valuation date. Unit value is generally determined each business day of the year. All participants have a proportionate undivided interest in the net assets of the CCT.

Purchases and sales of securities are recorded on a trade-date basis using fair market value, except for those investments in investment contracts which are transacted at contract value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Plan Termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On January 13, 2014, the Board of Directors of the Worthington Steel Company voted to terminate the Plan as of the close of business on January 31, 2014, and to distribute Plan assets as soon as administratively practicable after receipt of an IRS determination letter on the Plan's termination. In accordance with Plan provisions, the Sponsor vested 100% of the Plan's assets as of January 31, 2014.

Plan-to-Plan Transfers:

Participants within the Plan are permitted to transfer their account to another plan provided by the Company in the event they change employers within the affiliate group. This activity is shown, net, on the Statements of Changes in Net Assets Available for Benefits.

Recently Issued Accounting Standards:

In September 2009, amended accounting guidance was issued to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting. The Plan has adopted this amended guidance and has utilized the practical expedient to measure the fair value of investments within the scope of this guidance based on the investment's NAV. The Plan has also provided the required disclosures regarding the nature and risks of investments within the scope of this guidance. Refer to *Investment Valuation and Income Recognition* above for these disclosures. The adoption of this amended accounting guidance did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In April 2013, amended accounting guidance was issued that addresses when it is appropriate to apply, or how to apply, the liquidation basis of accounting. The amended guidance is effective for entities that determine liquidation is imminent during annual reporting periods beginning after December 31, 2013. As a result of the termination of the Plan effective January 31, 2014, Plan transactions will be reported on the liquidation basis of accounting for the 2014 Plan year.

3. Tax Status

The Plan received a determination letter from the IRS dated April 2, 2013, stating that the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be

sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2010.

4. Investments

The Plan's share of the investments held by the Master Trust was approximately 6% and 8% at December 31, 2013 and 2012, respectively. Each participating retirement plan has a specific interest in the Master Trust. Net investment income for the Plan is based upon its actual holdings of the net assets of the Master Trust.

Investments of Master Trust at Fair Value:	2013	2012
Mutual Funds	\$ 341,953,634	\$ 256,775,578

At December 31, 2013 and 2012 the Master Trust held 1,576,777 and 1,719,041 common shares of Worthington, respectively. The Master Trust received cash dividends from Worthington of \$444,246 and \$1,342,188 for the years ended December 31, 2013 and 2012, respectively.

Investments of the Plan that represented more than 5% of the net assets of the Plan at December 31, 2013 and 2012 were as follows:

5. **Benefit-Responsive Contracts**

The Plan holds a stable value investment contract (the “portfolio”) with the Trustee. The portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The portfolio invests in underlying assets, typically fixed-income securities or bond funds and enters into “wrapper” contracts issued by third parties. The Plan is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrapper contract issuer agrees to pay the portfolio an amount sufficient to cover unit holder redemptions and certain other payments (such as portfolio expenses), provided all the terms of the wrapper contract have been met. Wrappers are normally purchased from issuers rated in the top three long-term ratings categories (equaling A- or above).

As described above, because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the wrapper contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed for resetting on at least a semi-annual basis. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the Plan Administrator does not believe that the occurrence of any such event would limit the Plan’s ability to transact at contract value with participants. The issuer may terminate the contract for cause at any time.

Mellon Stable Value Fund	December 31,	
	2013	2012
Investments at Fair Value	\$ 7,728,353	\$ 10,361,385
Adjustments to Contract Value	(34,869)	(224,111)
Investments at Contract Value	<u>\$ 7,693,484</u>	<u>\$ 10,137,274</u>

Crediting Interest Rate	1.18%	1.38%

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee; therefore, transactions involving these funds qualify as party-in-interest transactions.

The Plan offers common shares of Worthington as an investment option. As a result, Worthington qualifies as a party-in-interest.

The Company provides certain administrative and accounting services at no cost to the Plan and may pay for the cost of services incurred in the operation of the Plan.

7. Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. Fair Value

As defined in current authoritative accounting guidance, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets; and
Inputs other than quoted prices that are observable for the asset or liability.

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. See the description within Footnote 2, "Summary of Significant Accounting Policies," as to the investment valuation methodology for each class of assets noted in the below table.

The following table shows the assets of the Plan measured at fair value on a recurring basis, as of December 31, 2013:

9. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 13, 2014, which is the date the financial statements were available to be issued.

On January 13, 2014, the Board of Directors of the Worthington Steel Company voted to terminate the Plan as of the close of business on January 31, 2014, and to distribute Plan assets as soon as administratively practicable after receipt of an IRS determination letter on the Plan's termination. In accordance with Plan provisions, the Sponsor vested 100% of the Plan's assets as of January 31, 2014.
