Hargray Holdings LLC 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The Hargray Holdings LLC 401(k) Savings Plan (The Plan) was formed on March 1, 2009. The following description provides general information about the Plan's provisions. Hargray Holdings LLC (the Company) is the Plan sponsor. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are age eighteen or older.

The Hargray Retirement Plan Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes 75% of the first 6% of compensation that a participant contributes to the Plan. Additional discretionary contributions may be made at the discretion of the Company's board of directors. During 2013, a discretionary contribution of an additional 25% of the first 6% of compensation was made by the Company. All contributions are subject to certain limitations of the Internal Revenue Code.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If participants do not elect a specific fund at enrollment, their contributions are invested in the applicable lifecycle fund based on their age and a normal retirement date assumption until participants change their election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on one year of credited service. A participant is 100 percent vested after one year of credited service. A year of service is one in which the participant worked at least 1,000 hours.

1. Description of the Plan (cont.)

Payments of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant or beneficiary whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum distribution or may elect installment payments on a quarterly or annual basis. Participants whose vested account balance are \$5,000 or less and have not commenced receiving installment payments will automatically receive immediate lump-sum distribution equal to their vested account balances.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are regulated by the Internal Revenue Service and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Notes Receivable from Participants

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan Administrator and is recognized on the accrual basis. Principal and interest is paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

Allocation Provisions

Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions, allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (cont.)

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five year period, the forfeited contributions are reinstated. Forfeited balances of terminated participant's non-vested accounts are used first to pay administrative expenses of the Plan or reasonable costs and expenses incurred by the Company on behalf of the Plan. Forfeitures can then be used to reduce future Company contributions. At December 31, 2013 and 2012, there were approximately \$41,000 and \$25,000, respectively, in unallocated, forfeited account balances. During 2013 no forfeited non-vested contributions were used to pay expenses or to reduce Company contributions.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Plan Amendments

Beginning in 2013 the Plan was amended to automatically enroll new employees at a rate of 6% unless the eligible employee affirmatively elects otherwise.

Also in 2013, the Plan was amended to allow all reasonable costs and expenses incurred by the Company or Fidelity in administering the Plan to be paid from Plan forfeitures.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The fair value of investments in mutual funds is based upon quoted prices in active security exchanges. The fair value of investments in common collective trust funds is based upon the fair value of underlying assets including guaranteed investment contracts.

The Fidelity Managed Income Portfolio Fund is a common collective trust fund that invests in fully benefit-responsive investment contracts. This fund is recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. For the Plan years ended December 31, 2013 and 2012, the funds earned an average yield of approximately 1.54% and 1.70%, respectively, and the average yield credited to participants was approximately 0.89% and 1.05%, respectively.

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the hierarchy are described below.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition (cont.)

Basis of Fair Value Measurement:

Level 1 Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contribution Refundable

Excess contributions refundable represents amounts owed to participants who made excess contributions based on compliance testing performed by the Plan's recordkeeper.

Benefit Payments

Benefit payments to participants are recorded when paid.

- 3. Information Certified by the Plan's Trustee** The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012;
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013; and
- The schedule of assets (held at end of year) as of December 31, 2013, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedule.

- 4. Investments** Investments that represent 5% or more of the Plan's net assets are separately identified as follows:

<i>December 31,</i>	2013	2012
Fidelity Managed Income Portfolio Fund	\$ 4,094,087	\$ 3,555,632
Allianz NFJ Dividend Value Fund	\$ 3,923,282	\$ 3,320,180
Spartan US Equity Index Fund-Advantage	\$ 3,194,778	\$ 2,202,700
Fidelity Low Priced Stock Fund – Class K	\$ 1,803,920	\$ 1,394,632
Fidelity Growth Discovery Fund – Class K	\$ 1,645,299	\$ **
Fidelity Balanced Fund – Class K	\$ 1,507,557	\$ 1,335,497
PIMCO Total Return Fund – Institutional	\$ **	\$ 1,619,409

****Does not represent 5% or more of the Plan's net assets.**

During 2013, the Plan's investments (including investments purchased, sold as well as held during the year) appreciated \$3,956,464.

- 5. Tax Status** The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt. The Plan's returns are subject to examination dating back to 2010.

Notes to Financial Statements

- 6. Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.
- 7. Related-Party Transactions** Notes receivable from participants, with interest rates ranging from 4.25% to 8.75%, totaled \$813,318 and \$772,926 at December 31, 2013 and 2012, respectively, and qualify as party-in-interest transactions.
- Fees paid by the Plan to Fidelity amounted to \$6,818 for the year ended December 31, 2013.
- The Plan holds units of common/collective trust funds managed by Fidelity, the trustee of the Plan. The Plan also invests in mutual funds managed by Fidelity. These transactions qualify as party-in-interest transactions.
- 8. Excess Contributions refundable** Excess contributions refundable represents amounts owed to participants who made excess contributions based on compliance testing performed by the Plan's recordkeeper. The excess contributions refundable balance as of December 31, 2013 was returned by the Plan to the participants in March 2014.
- 9. Risks and Uncertainties** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
- 10. Fair Value Measurement** The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2013 and December 31, 2012.

Investment Assets at Fair Value as of December 31, 2013

Total investment assets at fair value	\$ 20,875,175	\$ 3,660,382	\$ -	\$ 24,535,557

(a) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These investments share the common goal of first growing and then later preserving principal and contain a mix of US common stocks, US issued bonds and cash. There are currently no redemption restrictions on these investments. The fair values of the investments in this category are based upon the active market value per share.

(b) This category represents a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in debt securities. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a twelve month redemption notice to liquidate its entire share in the fund to Fidelity. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(c) Mutual funds held are measured at net asset value per share on a daily basis based on the readily determinable fair value of the investments they hold in marketable securities. There are no restrictions on the redemption or sale of these securities.

11. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to the Form 5500:

Net assets available for benefits per the financial statements	\$	29,698,150
Excess contributions refundable		9,162

Adjustment from contract value to fair value for fully benefit-responsive investment contracts		61,710
Net assets available for benefits per the Form 5500	\$	29,711,035

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2013, to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$	4,462,796
Excess contribution refundable at December 31, 2013		9,162
Excess contribution refundable at December 31, 2012		(16,921)
Employer contribution receivable at December 31, 2013		(57,987)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2013		61,710
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2012		(104,750)
Net increase in net assets available for benefits per the Form 5500	\$	4,354,010

The accompanying financial statements report the Fidelity Managed Income Portfolio Fund, a common/collective trust with underlying investments in fully benefit-responsive investment contracts, at contract value. The Form 5500 requires that investments in common/collective trusts be reported at fair value. Therefore, the adjustment from contract value to fair value represents a reconciling item.

12. Subsequent Events
