INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Trustees of
The Delta Centrifugal Corporation Salary Reduction Plan

We were engaged to audit the financial statements and supplemental schedules of Delta Centrifugal Corporation Employee Salary Reduction Plan as of December 31, 2013 and 2012 and for the years then ended, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the fair value of the investments, which was certified by Mass Mutual Financial Group, the custodian of the Plan, except for comparing the information with the related information included in the 2013 and 2012 financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's financial statements and schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DELTA CENTRIFUGAL CORPORATION
EMPLOYEE SALARY REDUCTION PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Delta Centrifugal Corporation (the Company) Employee Salary Reduction Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan originally became effective January 1, 1984 and was restated effective January 1, 2005 and again January 1, 2009.

General

The Plan is a defined contribution plan covering substantially all employees of Delta Centrifugal Corporation and Texas Stainless who have completed six months of service and are age 21 or older and who are not either leased or H2-b visa employees. The plan entry date is January 1 of each year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowed by the Internal Revenue Code. Participants who are 50 years of age or older may be able to contribute up to an additional $5,500 in 2013 as a "Catch Up" contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes discretionary contributions to the Plan in an amount determined annually by the Board of Directors. This year's discretionary contribution was $215,203. There were no matching contributions made for 2013 or 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon in the year they are earned. For discretionary contributions, a participant's vesting percentage is based on years of service. Employees terminating employment for any reason other than death, disability or retirement are entitled to the value of their accounts derived from employer contributions based on the following:

Completed Years of Service	Vested Percentage
Less than two (2) years	0%
After 2 years of service	20%
After 3 years of service	40%
After 4 years of service	60%
After 5 years of service	80%
After 6 years of service	100%

2. Summary of Significant Accounting Policies

Use of Estimates

Management of the Plan has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Participant Loans

Participants may borrow from their fund accounts. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at prime rate which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Forfeited Accounts

Forfeited nonvested accounts will be added to any employer discretionary contributions or used to pay plan expenses. At December 31, 2013, forfeited non-vested accounts totaling $2,232 will be used to reduce the Company's contributions.

3. Information Certified by the Custodian

The financial information included in the financial statements and supplemental information, except for employer and employee receivables, accrued expenses, if any, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the trustee of the Plan, in accordance with 20 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

4. Tax Status

The plan obtained its latest determination letter on July 9, 1992 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

6. Party-In-Interest Transactions

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions. Certain plan investments are shares of mutual funds managed by Hartford. Hartford was the trustee of the Plan in 2011, but became part of Mass Mutual in 2012. Mass Mutual is now trustee of the plan, therefore, the mutual funds managed by Hartford are considered party-in-interest transactions, but qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $6,252 for the year ended December 31, 2013.

7. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31, 2013	2012
Hartford Fixed Account, 1,090,449.0950 and 1,648,481.8525 units	$1,561,315	$2,292,105

Ridgeworth Sm Cap Value 29,356.0334 and 5,116.3346 units	69,582	515,198

8. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3

measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.
Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.
Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of

certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013:

	Asset at Fair Value as of December 31, 2013			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds:				
Stable funds	$ 1,561,315	-	-	$ 1,561,315

Other funds	2,513,903	-	-	2,513,903
Total mutual funds	7,705,561	-	-	7,705,561
Total assets at fair value	$ 7,705,561	-	-	$ 7,705,561

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Extraordinary/Subsequent Events

For the year ended December 31, 2013, the Plan has evaluated subsequent events for potential recognition and disclosure through July 18, 2014, the date the financial statements were available to be issued.

The plan was amended on January 2, 2014 from a defined contribution plan to a safe harbor non-elective deferral plan in which the participants become eligible after six months and become 100% vested after two years.
