ENERTECH GLOBAL
401(k) PLAN

NOTES TO FINANCIAL STATEMENT

1. PLAN DESCRIPTION

The following description of the Enertech Global 401(k) Plan (the "Plan"), (formerly the Enertech, Inc. 401k Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Enertech Global, L.L.C. (the "Company") who are 21 years of age or older and complete 250 hours of service in a three month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions

For each Plan year, participants may contribute up to 100% of annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes an amount equal to at least 3% of each eligible employee's annual compensation under the "safe harbor" provisions of the Plan. In addition, profit sharing amounts may be contributed at the option of the Company's Board of directors; the Company directs the allocation of those contributions to individual employee accounts. Contributions are subject to certain limitations as determined by applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's "safe harbor" contributions, any profit sharing contributions made by the Company, and allocations of any earnings or expenses thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENT

1. **PLAN DESCRIPTION** (Continued)

Vesting

Participants are immediately vested in their salary deferrals, the Company's "safe harbor" contributions, and the earnings thereon. Participants vest in 20% of their employer discretionary and profit sharing contributions each year beginning in the second year of participation and are fully vested after six years of credited service. Forfeitures of terminated participants' non-vested accounts are used to reduce future employer contributions.

Notes Receivable from Participants

A Participant may borrow up to fifty percent of his or her vested account balance with a minimum loan amount of $1,000 and a maximum of $50,000. Loans are repaid through payroll deductions over periods ranging up to 5 years. The interest rate is determined by the Plan's Administrator based on prevailing market conditions and is fixed over the life of the note. The interest rate on outstanding loans at December 31, 2013 and 2012 was 5.25%. Principal and interest are paid ratably through payroll reductions.

Payment of Benefits

On termination of service due to death, a participant may elect to receive either a lump-sum amount or an annuity equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Plan Administration

An Officer of the Company serves as the Plan's trustee. John Hancock Life Insurance Company serves as record keeper and Custodian of the Plan. Advanced Benefits Consulting serves as the third party administrator for the Plan.

NOTES TO FINANCIAL STATEMENT

1. PLAN DESCRIPTION (Continued)

Forfeited Accounts

The Plan uses forfeitures to pay plan administrative expenses and any remaining forfeitures are used to reduce employer contributions. There were no forfeitures in 2013 and 2012.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are reclassified as distributions.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses

The Plan incurs administrative expenses and investment advisory fees. Any other Plan expenses are paid by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Management fees and operating expenses charges to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. These fees are reflected as a reduction in investment return for such investments.

Reclassifications

Certain prior year numbers have been reclassified to be consistent with the current year presentation.

NOTES TO FINANCIAL STATEMENT

3. TAX STATUS

The Internal Revenue Service has determined and informed CCH Incorporated, the volume submitter plan sponsor, by a determination letter dated March 16, 2010, that the Plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting standards require management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities that are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

5. INVESTMENTS

The following presents investments held by the Plan that represent 5% or more of the Plan's net assets at December 31:

	2013	2012
Pooled Separate Investment Accounts:		
Lifestyle Growth	$ 2,057,341	$ 1,629,201
Lifestyle Balanced	444,404	401,166

During the years ended December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2013	2012
Pooled Separate Investment Accounts	$ 586,726	$ 336,555

6. FAIR VALUE MEASUREMENTS

Financial accounting standards establishe a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

6. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate investment accounts: John Hancock Life Insurance Company offers pooled separate accounts (PSA) as investment options through a group annuity contract. PSA's are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value of each PSA is determined by the issuer based on the market value of its underlying investments. The fair value of the underlying investment is adjusted by accrued income, taking into account any distribution income, and reduced by an administrative maintenance charge, service fees, and other items. The unit value is John Hancock's method of valuing the accounts and is not the same as the net asset value reported by the underlying investment. Due to the valuation process used, the pooled separate accounts are within Level 2 fair value hierarchy. The accounts have no restrictions on redemptions, no unfunded commitments and no redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value as of December 31, 2013 and 2012:

7. INFORMATION CERTIFIED BY THE CUSTODIAN

John Hancock Life Insurance Company (the "Custodian") has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule, and accompanying notes. Accordingly, this information was not audited. The following is a summary of information furnished by the Custodian.

- Investments as reported in the statements of net assets available for benefits at December 31, 2013 and 2012.
- All items of income and expense related to Plan investments, and all transactions for the year ended December 31, 2013 and 2012.
- Investments as reported in the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTES TO FINANCIAL STATEMENT

8. PARTY-IN-INTEREST INFORMATION

Certain Plan investments are units of pooled separate investment accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the Custodian as defined by the Plan and, Therefore, these transactions qualify as party-in-interest transactions. The Plan paid John Hancock Life Insurance Company $2,676 and $2,694 for contract administration during the years ended December 31, 2013 and 2012, respectively.

9. PLAN AMENDMENTS

Effective July 1, 2013, the Plan allows Roth Contributions. Roth Contributions are after-tax contributions similar to that of a Roth IRA.

There were no plan amendments for the year ending December 31, 2012.

10. SUBSEQUENT EVENTS
