NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Plan

The following description of the Info Tech, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, which was established on July 1, 1989 and subsequently amended and restated, is classified as a defined-contribution plan, covering full-time and certain part-time employees of Info Tech, Inc. (the "Company"/"Employer") with at least 250 hours of service within three consecutive months from the date of hire (except for interns, who must complete one year of service, defined as working at least 1,000 hours during the 12-month period immediately following the date of hire). Leased employees, as defined, are excluded from the Plan. The purpose of the Plan is to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Starting in April 2012, the Company's Retirement Committee was named the Plan Administrator and is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

The Plan provides for eligible participants to be automatically enrolled in the Plan, unless they affirmatively decline to participate.

Contributions - Each year, participants may contribute a percentage of their pre-tax or after-tax (Roth) annual compensation, as defined in the Plan. The Plan currently includes a Qualified Automatic Contribution Arrangement ("QACA") Safe Harbor provision. Under this provision, the Company makes Safe Harbor matching contributions of 100% of deferrals up to 1% of pre-tax compensation, as defined in the Plan, plus 50% of deferrals on the next 5% of compensation, measured on a monthly basis. In addition, the Company may also make discretionary matching contributions, as described in the Plan. Participants must make salary deferral contributions to be eligible for the discretionary matching contributions. The Company may also make Employer (profit sharing) contributions, as defined in the Plan. Employees must be employed on the last day of the applicable Plan year to be eligible to receive Employer contributions. During the year ended December 31, 2013, the Company made a discretionary profit-sharing contribution to the Plan in the amount of $500,000.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Description of Plan *(Continued)*

Participant Accounts - Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, participants may elect to have their employee and Employer contributions, and related earnings thereon, allocated to one or more registered investment companies, and a common/collective trust held with BMO Retirement Services, a division of BMO Harris Bank N.A. (the "Plan Custodian").

Vesting - Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service.

Employer QACA Safe Harbor contributions vest as follows:

Years of Service	Percentage Vested
Less than 2	0%
2	100%

Employer matching contributions and all Employer discretionary contributions vest as follows:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts - Forfeitures of terminated participants' non-vested accounts are used to reduce Company contributions otherwise payable for the Plan year in which such forfeitures arise, and for each succeeding Plan year, if necessary, until such forfeitures have been exhausted. At December 31, 2013 and 2012, the Plan had approximately $9,000 and $15,000, respectively, of forfeited, non-vested accounts, which will be used to reduce future Employer contributions. During the year ended December 31, 2013, forfeitures in the amount of approximately $15,000 were used to offset Employer contributions.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Description of Plan *(Continued)*

Participant Loans Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or one-half of their vested account balance. Loan transactions are treated as a transfer to (from) the Investment Fund from (to) the Participant Loans Fund. Participants may not have more than two loans outstanding from the Plan at the same time. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator (currently equal to the Prime Rate plus 1%). Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - Upon the death, permanent disability, as defined in the Plan (termination due to disability for participants whose entry date is on or after October 1, 2009), or retirement of participants at the age of 65, their entire account balances become fully vested. Distribution of benefits may be made in one lump-sum cash payment or, upon retirement, in installments, based upon the participant's life expectancy at the time of retirement. Participants who terminate for reasons other than death, disability, or retirement are entitled only to their vested balances payable in a lump-sum distribution. Vested amounts allocated to accounts of participants who, as of December 31, 2013 and 2012, elected to withdraw from the Plan but had not yet been paid approximated $-0-, and $6,000, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administration and Other Costs

Plan administration costs charged to the Plan for the year ended December 31, 2013 were approximately $93,000. Certain other administration costs are paid by the Company. Investment fees, commissions, and related expenses are included in net appreciation (depreciation) in fair value of investments in these financial statements.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Summary of Significant Accounting Policies *(Continued)*

Investment Valuation and Income Recognition

The Plan's investments include registered investment companies and common/ collective trusts and are stated at fair value.

Investments held in registered investment companies are recorded at their reported net asset value ("NAV"), which is computed based on the estimated fair value of the funds' underlying securities less any fund liabilities. Valuation methods used by the Plan Custodian are based on quoted market prices.

The BMO Employee Benefit Stable Principal Fund (the "Stable Principal Fund"), which is held in a common/collective trust, invests in a variety of investments, including investment contracts, such as guaranteed investments contracts ("GICs") issued by insurance companies and other financial institutions, and other investment products, such as synthetic GICs with similar characteristics. Fixed rate traditional GIC contracts have no reset and are deemed to remain at par. Monthly reset Traditional GIC contracts are credited off of the one-month LIBOR rate and a rolling twelve-month Consumer Price Index ("CPI"). These contracts are reset monthly at a spread to their index. Contracts are deemed to be par. Monthly reset synthetic GIC contracts are credited off of the internal rate of return, dollar duration, and dollar weighted duration of an underlying portfolio. The monthly reset contracts are maintained at contract value. The underlying portfolios are priced at market value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, the relevant valuation for the investment contracts held in the BMO Employee Benefit Stable Principal Fund is its contract value, which represents contributions and reinvested income, less any withdrawals, plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, under certain circumstances, as defined in investment contracts, distributions may occur at prices other than contract value. The Stable Principal Fund could be limited in its ability to transact with issuers at contract value if the Stable Principal Fund raises its risk profile or is subjected to an extended period of significant cash outflow. BMO maintains risk parameters and works with its issuers before any risk parameter changes are contemplated. The Fund maintains cash, internal cash flow and a maturity ladder of investments to offset cash withdrawals. There are no reserves against contract values for credit risk of contract issuers or otherwise.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Summary of Significant Accounting Policies *(Continued)*

Investment Valuation and Income Recognition *(Continued)*

The statements of net assets available for benefits as of December 31, 2013 and 2012 present the fair value of the investments in the BMO Employee Benefit Stable Principal Fund, as well as the adjustment to these investments from fair value to contract value. The fair value approximated the contract value at December 31, 2013. For traditional GICs, fair value is determined using a discounted cash flow model. The fair value of synthetic GICs represents the fair value of the underlying securities and wrapper contract. The fair value of the wrapper contract is determined to be zero, since the wrapper resets monthly at market rates. The statement of changes in net assets available for benefits is prepared using activity from the BMO Employee Benefit Stable Principal Fund on a contract-value basis.

The crediting interest rate of the BMO Employee Benefit Stable Principal Fund is adjusted quarterly, but may not go below 0%. The average yield earned by the BMO Employee Benefit Stable Principal Fund was 2.15% and 2.41% for the years ended December 31, 2013 and 2012, respectively. The crediting interest rate of the BMO Employee Benefit Stable Principal Fund was 1.84% and 2.46% for the years ended December 31, 2013 and 2012, respectively.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net Appreciation (Depreciation) in Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which includes unrealized appreciation (depreciation) on those investments.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Summary of Significant Accounting Policies *(Continued)*

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to related market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant Loans

Loans to participants are recorded at their unpaid principal balance, plus accrued but unpaid interest.

Due to Brokers

Due to brokers represents amounts arising from unsettled trades related to purchases of marketable securities, which are recorded on a trade-date basis.

Contributions

Company contributions to the Plan are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition through July 2, 2014, the date the financial statements were available to be issued.

NOTE 2 - PLAN CERTIFICATION

As the Plan Custodian, BMO Retirement Services, a division of BMO Harris Bank N.A., holds the Plan's investments and executes all investment transactions. All investment and participant loan information disclosed in the accompanying financial statements and supplemental schedule, including investments and participant loans receivable held at December 31, 2013 and 2012, net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - INCOME TAX STATUS

The Plan is designed to be a qualified trust under Section 401 of the Internal Revenue Code ("IRC") and is subject to the provisions of ERISA. The Plan has adopted a volume submitter plan prepared and maintained by the Plan Custodian effective September 1, 2009. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan received a favorable opinion letter dated July 25, 2012 from the Internal Revenue Service. The Plan has not been amended since receiving the determination letter. Therefore, no provision for income taxes has been included in the Plan's accompanying financial statements. As of December 31, 2013, with few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal taxing authorities for any years before 2010.

NOTE 5 - INVESTMENTS

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	2013	2012
	Fair Value	
Lord Abbett Fundamental Equity Fund Class I No. 1403	**$8,165,362**	$6,348,638
T. Rowe Price Personal Strategy Balanced Fund No. 102	**$2,018,541**	$1,837,746
BMO Employee Benefit Stable Principal Fund	**$2,252,738**	$1,181,566

NOTE 6 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820-10, are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Investments:				
Large cap equity funds	$ 12,143,767	$ -	$ -	$ 12,143,767
