NOTE 1. PLAN DESCRIPTION

The following description of the SD&A Teleservices, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

SD&A Teleservices, Inc. (the "Company" and "Plan Sponsor") established the Plan to provide deferred compensation benefits for its eligible employees. The Company is responsible for administering the Plan. Fidelity Management Trust Company (the "Trustee") is responsible for receiving Plan contributions from the Company, investing and safeguarding the Plan's assets held for investment, as well as maintaining the individual participant account balances. Additionally, the Trustee performs certain administrative functions on behalf of the Company such as compliance testing and statutory reporting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

All eligible employees that have attained the age of 21 and have been employed by the Company for one year that work at least 1,000 hours in a 12 month period, as defined in the Plan, are eligible to participate in the Plan.

Participant Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

Company Contributions

The Plan provides for discretionary matching contributions. The Company did not make any discretionary matching contributions for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, if any, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of service. Participants are vested in the Company's discretionary matching contributions at 20 percent after two years of service and are 100 percent vested upon three years of service.

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Plan forfeitures may be used to pay Plan administrative expenses or to reduce Company contributions. During the year ended December 31, 2013, $675 of forfeitures were used to pay Plan administrative expenses. As of December 31, 2013, forfeitures of $25 are available for future use.

Payment of Benefits

A participant's interest in the Plan becomes fully vested and distributable upon death, total disability, or retirement at or after age 65. Upon termination of service for any reason a participant may receive a lump-sum distribution for the value of the vested interest in his or her account.

Plan Termination

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by the Trustee.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan’s investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants not paid by the Plan are paid by the Company, at its discretion.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

All of the Plan's investments are Level 1 and the following table sets forth, by investment type, the Plan's investments at fair value as of December 31:

Mutual funds:	2013	2012
Blend funds	$ 1,705,324	$ 1,241,206
Growth funds	840,812	595,550
Money market fund	211,348	192,102
Target date funds	389,945	342,875
Value funds	153,816	87,931
Fixed income funds	163,517	185,764
Total investments at fair value	$ 3,464,762	$ 2,645,428

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following investments exceed five percent of net assets available for plan benefits at December 31:

	2013	2012
Fidelity Retirement Money Market Portfolio	$ 211,348	$ 192,102
Fidelity Freedom 2010 Fund	217,428	196,782
Fidelity Puritan Fund	216,679	177,063
Fidelity Growth Company Fund	196,128	155,778
Fidelity Value Fund	635,605	466,345
Fidelity OTC Fund	179,364	*
Fidelity Blue Chip Growth Fund	286,651	205,752
Fidelity Diversified International Fund	238,455	204,243

* Less than five percent of net assets at December 31.

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $570,035.

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions for which exemptions exist. The Trustee received $1,466 for participant loan and transaction fees that were paid by the participants through the Plan and $675 of Plan administrative expenses were paid from forfeitures and also received indirect compensation based on a formula.

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account, and bear interest at 4.25 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 6. BENEFITS PAYABLE TO PARTICIPANTS

Benefits are recorded when paid.

NOTE 7. RECONCILIATION TO FORM 5500

NOTE 8. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan document which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8. FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:
