Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements

December 31, 2013

1. Description of Plan

The following description of the Zale Corporation Puerto Rico Employees Savings and Investment Plan (the “Plan”) provides general information about the Plan’s provisions. Zale Corporation (the “Company” or “Employer”) is the Plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all Puerto Rico employees of the Company who have completed one year of service (1,000 or more hours) and are age 21 or older. Eligible participants are automatically enrolled in the Plan unless they decline to participate. Employees who work outside of Puerto Rico, leased employees, independent contractors and self-employed persons, employees covered under a collective bargaining agreement that does not provide for participation in the Plan, and certain nonresident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (“ERISA”) and the tax qualification and other applicable requirements of the Puerto Rico Internal Revenue Code (“PR Code”).

The Plan is administered by the Zale Corporation Savings and Investment Plan Committee (the “Committee”), which is appointed by the Company’s Board of Directors (the “Board”) or Chief Executive Officer. Banco Popular de Puerto Rico serves as the trustee for the Plan’s assets, and Fidelity Workplace Services LLC (“Fidelity”) serves as the recordkeeper of the Plan and as an agent on behalf of the trustee. The Committee engaged the firm of RBC Wealth Management as investment advisor.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Employee Contributions

Participants are permitted to make pre-tax contributions, from 1% to 60% (or 30% if the participant is a highly-compensated employee as defined by the PR Code) of their annual compensation, as defined by the Plan. The deferral for automatically enrolled participants is set at a pre-tax contribution of 2% of eligible compensation unless changed by the participant. Participants who attain the age of 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the PR Code.

Employer Contributions

The Plan generally provides that the Company will make matching contributions to each eligible participant who makes pre-tax contributions to the Plan. The Company does not make matching contributions with respect to catch-up contributions. The Plan was amended May 20, 2014, effective with the payroll beginning on February 27, 2009, to indefinitely suspend the Company's matching contributions until reinstated by the Committee. There was a gap in documentation of the amendment, which if found by a governmental agency to be insufficient, the Company could be subject to the payment of matching contributions for the period of August 1, 2013 to May 20, 2014. When applicable, the amount of the Company's matching contributions made with respect to each eligible participant is currently 50% of the first 4% of annual compensation contributed to the Plan by the participant as a pre-tax contribution. The Plan authorizes the Company to make matching contributions in cash.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in whole percentage increments to various mutual funds and a money market mutual fund. If a participant is automatically enrolled, the participant's contributions are invested in the applicable multi-strategy mutual fund based on the participant's age until the participant changes his or her election. Participants may reallocate the investment of their Plan accounts on a daily basis among any of the Plan investment options. Earnings or losses of the Plan are allocated to the participants based on their relative account balances in the respective Plan investment options.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans

Eligible participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their respective vested account balance. The \$50,000 limit is reduced by the participant's highest loan balance in the preceding 12-month period. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. Generally, a participant may not have more than one loan outstanding at any point in time. The loans are secured by up to 50% of the participant's vested accounts and bear interest at 1% plus the prime rate as of the last business day of the month immediately preceding the month in which the loan is made. Principal and interest are paid ratably through bi-weekly payroll deductions or through electronic funds transfers. If the loan is not repaid, the total outstanding balance will be treated as a distribution to the participant effective on the last day of the grace period (as defined by the Plan).

Vesting

Participants are immediately vested in their pre-tax contributions, catch-up contributions, rollover contributions, and, if the participant began making pre-tax contributions prior to January 1, 2009, in their Employer contributions plus actual earnings thereon. Participants who first begin making pre-tax contributions on or after January 1, 2009, must complete two years of vesting service prior to becoming vested in Employer contributions. A year of vesting service is generally a plan year in which an employee has performed 1,000 or more hours of service.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions may be reinstated if the prior distribution is re-contributed to the Plan. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Distributions and Withdrawals

A participant will be entitled to a complete distribution of the participant's vested Plan accounts upon the participant's retirement, disability (as defined in the Plan), or termination of employment for any reason in the form of a single, lump-sum distribution or a direct rollover to an Individual Retirement Account, another employer's qualified retirement plan, or certain other retirement accounts, annuities, or plans permitted under the Plan document and the PR Code (collectively, an "Eligible Retirement Plan"). In the event of the participant's death, the participant's accounts will be distributed to the participant's beneficiary. In any case, if the participant's vested account balance is less than \$1,000, it will be automatically distributed in the form of a single lump-sum payment as soon as practicable following the distribution event, unless the participant elects to roll it over to an Eligible Retirement Plan.

If the participant's vested account is at least \$1,000, the participant may leave the balance in the Plan until the participant's normal retirement date. Participants may also make withdrawals during employment upon the attainment of age 59 ½ or the occurrence of a hardship, subject to terms of the Plan. In-service withdrawals may also be made from the participant's Rollover Account at any time, as defined by the Plan.

Amendment or Termination of the Plan

The Company's Board has the right to amend or terminate the Plan or to reduce or stop contributions either temporarily or permanently at its sole discretion, subject to the provisions of ERISA. In addition, the Chief Executive Officer has the authority to amend the Plan to comply with changes in the law or to implement changes recommended by the Committee that will not materially increase the cost of maintaining the Plan. If the Board exercised its right to stop contributions permanently or to terminate the Plan, the entire amount in each participant's account would be 100% vested and distributed under the direction of the Committee. The Board has no intention at this time to terminate the Plan.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Investments held by the Plan are valued at fair value using published market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Payments to participants and beneficiaries are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in certain investments that are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Plan management has evaluated subsequent events through July 8, 2014, the date the accompanying financial statements were available for issuance.

3. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement*, establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair values. These tiers include:

- Level 1: Quoted prices for *identical* instruments in active markets;
- Level 2: Quoted prices for *similar* instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose significant inputs are observable; and
- Level 3: Instruments whose significant inputs are *unobservable*.

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 provides a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012. The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Investments	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Domestic equity	\$ 91,238	\$ —	\$ —	\$ 91,238

4. Investments

The following investments are greater than five percent of the Plan's ending net assets as of December 31, 2013 and 2012:

Investments	2013	2012
Fidelity Freedom Fund 2020	\$ 254,330	\$ 335,123
Fidelity Freedom Fund 2025	*	150,396

Fidelity Freedom Fund 2035	137,588	115,115
Fidelity Freedom Fund 2040	321,727	284,950

* Investment was less than five percent of the Plan's ending net assets as of December 31, 2013.

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Banco Popular de Puerto Rico, the trustee of the Plan, at and as of December 31, 2013 and Fidelity, the agent on behalf of Banco Popular de Puerto Rico, at and as of December 31, 2012.

5. Related-Party Transactions

During the years ended December 31, 2013 and 2012, the Plan held shares of certain funds managed by Fidelity Management Trust Company, an affiliate to the recordkeeper of the Plan. Such transactions are considered to be exempt party-in-interest transactions.

6. Tax Status

The Plan has received a determination letter from the Commonwealth of Puerto Rico's Department of Treasury ("PRDT") dated October 29, 2009, with respect to the amended and restated Plan document effective January 1, 2009, stating that the Plan is qualified under Sections 1165(a) and 1165(e) of the Puerto Rico Internal Revenue Code of 1994 ("1994 PR Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the PRDT, the Plan was amended and restated and PRDT approval was obtained. The 1994 PR Code was replaced January 31, 2011, by the Puerto Rico Internal Revenue Code of 2010 ("2010 PR Code"), and the retirement plan rules are now enacted as Section 1081.01 of the 2010 PR Code. Once qualified, the Plan is required to operate in conformity with the 2010 PR Code to maintain its qualification. The Plan sponsor has indicated that it has taken the necessary steps to bring the Plan's operations into compliance with the applicable requirements of the 2010 PR Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the PRDT. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013 and 2012, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

7. Merger Agreement

On February 19, 2014, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Signet Jewelers Limited, a Bermuda corporation (“Signet”), and Carat Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of Signet (“Merger Sub”). The Merger Agreement provides for the acquisition of the Company by Signet at a price of \$21 per share in cash. On May 29, 2014, the merger was consummated and Merger Sub was merged with and into the Company (the “Merger”) and became a wholly owned subsidiary of Signet. The merger may result in future changes to the Plan.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements

December 31, 2013

1. Description of Plan

The following description of the Zale Corporation Puerto Rico Employees Savings and Investment Plan (the “Plan”) provides general information about the Plan’s provisions. Zale Corporation (the “Company” or “Employer”) is the Plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all Puerto Rico employees of the Company who have completed one year of service (1,000 or more hours) and are age 21 or older. Eligible participants are automatically enrolled in the Plan unless they decline to participate. Employees who work outside of Puerto Rico, leased employees, independent contractors and self-employed persons, employees covered under a collective bargaining agreement that does not provide for participation in the Plan, and certain nonresident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (“ERISA”) and the tax qualification and other applicable requirements of the Puerto Rico Internal Revenue Code (“PR Code”).

The Plan is administered by the Zale Corporation Savings and Investment Plan Committee (the “Committee”), which is appointed by the Company’s Board of Directors (the “Board”) or Chief Executive Officer. Banco Popular de Puerto Rico serves as the trustee for the Plan’s assets, and Fidelity Workplace Services LLC (“Fidelity”) serves as the recordkeeper of the Plan and as an agent on behalf of the trustee. The Committee engaged the firm of RBC Wealth Management as investment advisor.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Employee Contributions

Participants are permitted to make pre-tax contributions, from 1% to 60% (or 30% if the participant is a highly-compensated employee as defined by the PR Code) of their annual compensation, as defined by the Plan. The deferral for automatically enrolled participants is set at a pre-tax contribution of 2% of eligible compensation unless changed by the participant. Participants who attain the age of 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the PR Code.

Employer Contributions

The Plan generally provides that the Company will make matching contributions to each eligible participant who makes pre-tax contributions to the Plan. The Company does not make matching contributions with respect to catch-up contributions. The Plan was amended May 20, 2014, effective with the payroll beginning on February 27, 2009, to indefinitely suspend the Company's matching contributions until reinstated by the Committee. There was a gap in documentation of the amendment, which if found by a governmental agency to be insufficient, the Company could be subject to the payment of matching contributions for the period of August 1, 2013 to May 20, 2014. When applicable, the amount of the Company's matching contributions made with respect to each eligible participant is currently 50% of the first 4% of annual compensation contributed to the Plan by the participant as a pre-tax contribution. The Plan authorizes the Company to make matching contributions in cash.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in whole percentage increments to various mutual funds and a money market mutual fund. If a participant is automatically enrolled, the participant's contributions are invested in the applicable multi-strategy mutual fund based on the participant's age until the participant changes his or her election. Participants may reallocate the investment of their Plan accounts on a daily basis among any of the Plan investment options. Earnings or losses of the Plan are allocated to the participants based on their relative account balances in the respective Plan investment options.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans

Eligible participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their respective vested account balance. The \$50,000 limit is reduced by the participant's highest loan balance in the preceding 12-month period. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. Generally, a participant may not have more than one loan outstanding at any point in time. The loans are secured by up to 50% of the participant's vested accounts and bear interest at 1% plus the prime rate as of the last business day of the month immediately preceding the month in which the loan is made. Principal and interest are paid ratably through bi-weekly payroll deductions or through electronic funds transfers. If the loan is not repaid, the total outstanding balance will be treated as a distribution to the participant effective on the last day of the grace period (as defined by the Plan).

Vesting

Participants are immediately vested in their pre-tax contributions, catch-up contributions, rollover contributions, and, if the participant began making pre-tax contributions prior to January 1, 2009, in their Employer contributions plus actual earnings thereon. Participants who first begin making pre-tax contributions on or after January 1, 2009, must complete two years of vesting service prior to becoming vested in Employer contributions. A year of vesting service is generally a plan year in which an employee has performed 1,000 or more hours of service.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions may be reinstated if the prior distribution is re-contributed to the Plan. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Distributions and Withdrawals

A participant will be entitled to a complete distribution of the participant's vested Plan accounts upon the participant's retirement, disability (as defined in the Plan), or termination of employment for any reason in the form of a single, lump-sum distribution or a direct rollover to an Individual Retirement Account, another employer's qualified retirement plan, or certain other retirement accounts, annuities, or plans permitted under the Plan document and the PR Code (collectively, an "Eligible Retirement Plan"). In the event of the participant's death, the participant's accounts will be distributed to the participant's beneficiary. In any case, if the participant's vested account balance is less than \$1,000, it will be automatically distributed in the form of a single lump-sum payment as soon as practicable following the distribution event, unless the participant elects to roll it over to an Eligible Retirement Plan.

If the participant's vested account is at least \$1,000, the participant may leave the balance in the Plan until the participant's normal retirement date. Participants may also make withdrawals during employment upon the attainment of age 59 ½ or the occurrence of a hardship, subject to terms of the Plan. In-service withdrawals may also be made from the participant's Rollover Account at any time, as defined by the Plan.

Amendment or Termination of the Plan

The Company's Board has the right to amend or terminate the Plan or to reduce or stop contributions either temporarily or permanently at its sole discretion, subject to the provisions of ERISA. In addition, the Chief Executive Officer has the authority to amend the Plan to comply with changes in the law or to implement changes recommended by the Committee that will not materially increase the cost of maintaining the Plan. If the Board exercised its right to stop contributions permanently or to terminate the Plan, the entire amount in each participant's account would be 100% vested and distributed under the direction of the Committee. The Board has no intention at this time to terminate the Plan.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Investments held by the Plan are valued at fair value using published market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Payments to participants and beneficiaries are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in certain investments that are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Plan management has evaluated subsequent events through July 8, 2014, the date the accompanying financial statements were available for issuance.

3. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement*, establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair values. These tiers include:

- Level 1: Quoted prices for *identical* instruments in active markets;
- Level 2: Quoted prices for *similar* instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose significant inputs are observable; and
- Level 3: Instruments whose significant inputs are *unobservable*.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 provides a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012. The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Investments	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

4. Investments

The following investments are greater than five percent of the Plan's ending net assets as of December 31, 2013 and 2012:

* Investment was less than five percent of the Plan's ending net assets as of December 31, 2013.

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Banco Popular de Puerto Rico, the trustee of the Plan, at and as of December 31, 2013 and Fidelity, the agent on behalf of Banco Popular de Puerto Rico, at and as of December 31, 2012.

Zale Corporation Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements (continued)

5. Related-Party Transactions

During the years ended December 31, 2013 and 2012, the Plan held shares of certain funds managed by Fidelity Management Trust Company, an affiliate to the recordkeeper of the Plan. Such transactions are considered to be exempt party-in-interest transactions.

6. Tax Status

The Plan has received a determination letter from the Commonwealth of Puerto Rico's Department of Treasury ("PRDT") dated October 29, 2009, with respect to the amended and restated Plan document effective January 1, 2009, stating that the Plan is qualified under Sections 1165(a) and 1165(e) of the Puerto Rico Internal Revenue Code of 1994 ("1994 PR Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the PRDT, the Plan was amended and restated and PRDT approval was obtained. The 1994 PR Code was replaced January 31, 2011, by the Puerto Rico Internal Revenue Code of 2010 ("2010 PR Code"), and the retirement plan rules are now enacted as Section 1081.01 of the 2010 PR Code. Once qualified, the Plan is required to operate in conformity with the 2010 PR Code to maintain its qualification. The Plan sponsor has indicated that it has taken the necessary steps to bring the Plan's operations into compliance with the applicable requirements of the 2010 PR Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the PRDT. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013 and 2012, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.
