L & H COMPANY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of L & H Company, Inc. 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Users of these financial statements should refer to the plan document for more complete information.

L & H Company, Inc. and its subsidiaries, Meade Electric Company, Inc.; Traffic Control Corporation; and Security Analysts, Inc. (collectively the Company) pool their assets into one plan for investment purposes.

General – The Plan is a defined contribution plan established by L & H Company, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Eligibility – All employees who have completed a three-month period of service with the Company, as defined in the Plan, except employees covered by a collective bargaining agreement, are eligible to participate with respect to salary reduction contributions and Company-matching contributions.

Full-time or part-time employees who have completed at least one year of consecutive eligibility service, worked 1,000 hours during the plan year, are employed on the last day of the plan year with the Company and have attained age 21, except employees covered by a collective bargaining agreement as defined in the Plan, are eligible to receive a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employer and employee contributions and earnings to any combination of various investment options.

Contributions – Each year participants may contribute up to 100% of pre-tax compensation up to Internal Revenue Service limitations (salary reduction contributions), as defined in the Plan, except for participants covered under the Company's deferred compensation plan, which is limited to 7% of pre-tax compensation. Age 50 and over participants can contribute an additional $5,500 in 2013. Effective January 1, 2007, the Company amended the Plan to have automatic deferral of 4% of a participant's compensation contributed to the Plan on behalf of the participant. The automatic enrollment applies to all eligible employees unless they elect to defer a different percentage or elect not to participate in the Plan. Amounts deferred under the automatic deferral provisions of the Plan are invested in the John Hancock Balanced Fund.

The Company matches 50% of the first 4% of the participants' contributions. Profit sharing contributions may be made at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Participant Accounts – Each participant's account is credited with the participant's salary reduction contribution, rollover contributions, and an allocation of the Company's contributions and plan earnings. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Cont.)

Vesting – Participants are immediately vested in their salary deferred and rollover contributions, Company-matching contributions plus earnings thereon.

Company discretionary profit sharing contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

| Vesting Years of Service | Percentage Vested |
|---|---|
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested.

Participant Loans – According to the Plan's provisions, participants may not borrow from their fund accounts.

Payment of Benefits – Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65 and early retirement or in-service withdrawal on or after attaining age 60 and completing 10 years of service with the Company. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. A participant experiencing financial hardship may withdraw a portion of his or her account balance as defined in the Plan.

Forfeited Accounts – Forfeitures are allocated among the accounts of participants in the same proportion that each participant's annual compensation for the plan year bears to the total compensation of all participants for such year. Only participants who have completed a year of service during the plan year and are actively employed on the last day of the plan year are eligible to share in the allocation. During 2013 and 2012, $10,475 and $11,461, respectively, were allocated to participants. At December 31, 2013, $6,397 of forfeited accounts is available for future allocation to participants.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United of States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition – The Plan's investments in registered investment companies are valued at fair value using quoted market prices. Money market investments are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Various administrative costs of the Plan are paid by the Company.

3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company LLC, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
- The information included in the schedule of assets (held at end of year) as of December 31, 2013.

| | |
|---|---|
| Registered investment companies | $ 4,845,310 |

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

*Level 1*: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

*Level 3:* Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market funds are valued at cost, which approximates fair value (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Risk and Uncertainties

Investments, in general, are subject to various risks, including credit, interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan obtained its latest determination letter dated April 3, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. Party-in-Interest Transactions

Merrill Lynch acts as the investment advisor to the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Investment related expenses are included in net appreciation in fair value of investments.

10. Subsequent Events

Subsequent events have been evaluated through July 14, 2014, the date the financial statements were available to be issued.
