401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2013

1. DESCRIPTION OF PLAN

The following description of Dwyer Group of Companies 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan and was adopted in July 1995. All employees of Dwyer Franchising, LLC and Glass Operating, LLC are eligible to participate in the Plan. Participants can enter the Plan immediately after satisfying all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employee Contributions

Participants may contribute up to 70% of their pretax annual compensation up to a maximum of $17,500 for 2013. In addition, participants may defer up to 100% of pretax bonuses. Participants may also rollover amounts into the Plan representing distributions from other qualified defined benefit or contribution plans.

Effective January 22, 2009, the plan document was amended to allow for automatic enrollment of employees at 2% of their eligible compensation, unless the employee directs otherwise. Each year, the participant will have contribution elections increase by 1%, not to exceed 6%, unless otherwise directed by the employee.

All participants who have elected to make contributions and have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500 for 2013 in accordance with, and subject to the limitations of, Section 414(v) of the Internal Revenue Code.

All participant contributions are fully vested at all times.

Employer Contributions

Each year, the Company will contribute to the Plan the following amounts:

a. A discretionary matching contribution equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals.

b. A discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching contribution, (b) any employer discretionary non-elective contribution, and (c) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service.

Participants are 20% vested after one year of service and 20% every year of service thereafter. Participants are fully vested after five years of service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than the participant's assumed life expectancy, or partial withdrawals of at least $1.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and is first used to pay any administrative expenses and any remaining amounts are used to reduce any subsequent discretionary employer contributions. As of December 31, 2013 and 2012, there were $7,198 and $7,561 of forfeitures that have not yet been applied to expenses or contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of (a) $50,000 or (b) 50% of the value of their vested interest in the Plan. Loan transactions are treated as a transfer to (from) an investment fund from (to) the Participant Notes Receivable Fund. The loans are secured by the balance in the participant's account and bear interest at 4.25% - 7.00%, which are commensurate with local prevailing rates as determined by the plan administrator. The loans are repaid ratably through payroll deductions over a period not to exceed 15 years for mortgage loans or 5 years or less for general loans.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative expenses are paid directly by the Plan, such as recordkeeping, trustee, legal, and accounting fees. Investment related expenses are included in net appreciation of fair value of investments.

Investment Options

The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the Schedule H of the 5500. Under generally accepted accounting principles, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The investments in all of the funds, except the stable value fund, are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion on fair value measurements.

The stable value fund is fully benefit-responsive and is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued net earnings, less distributions. Fair value of the investment in the stable value fund is estimated using discounted cash flows. See Note 5 for discussion on the investment contract with insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. ASSET INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds –

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash and cash equivalents –

Valued at face value

Stable value fund –

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

Fair Value Measurements at December 31, 2013 using:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds:			
Equity funds	$ 9,321,087	$ 9,321,087	$ -
International funds	1,512,198	1,512,198	-
Fixed income Funds	1,426,032	1,426,032	-
Total mutual funds	12,259,317	12,259,317	-
Cash and cash equivalent	218,123	218,123	-
Stable value fund	482,931	-	482,931
	$ 12,960,371	$ 12,477,440	$ 482,931

Fair Value Measurements at December 31, 2012 using:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds:			
Equity funds	$ 6,372,169	$ 6,372,169	$ -
International funds	1,204,070	1,204,070	-
Fixed income funds	1,718,358	1,718,358	-
Total mutual funds	9,294,597	9,294,597	-
Cash and cash equivalent	401,833	401,833	-
Stable value fund	506,860	-	506,860
	$ 10,203,290	$ 9,696,430	$ 506,860

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable units (Level 3) of the stable value investment contract with insurance company for the years ended December 31, 2013 and 2012:

Level 3 Assets
Year Ended December 31, 2013

	Stable Value Fund
Balance, beginning of year	$ 506,860
Total gains or losses included in changes in net assets available for benefits	377
Purchases, sales, issuances, and statements (net)	(24,306)
Balance, end of year	$ 482,931
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 377

Level 3 Assets
Year Ended December 31, 2012

	Stable Value Fund
Balance, beginning of year	$ 496,392
Total gains or losses included in changes in net assets available for benefits	1,691
Purchases, sales, issuances, and statements (net)	8,777
Balance, end of year	$ 506,860
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 1,691

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012, are reported in net appreciation in fair value of investments. Unrealized gains/(losses) from the stable value investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.
The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013, there were no significant transfers into or out of Level 3.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Union Bond & Trust Company (Union). Union maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. The stable value fund is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Union, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was $482,931 and $506,860, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Average yields:

	2013	2012
Based on annualized earnings (1)	1.25%	0.87%
Based on interest rate credited to participants (2)	1.17%	1.42%

1. Computed by dividing the annualized one-day actual earnings of the contract on the last day of the plan year by the fair value of the investments on the same date.

2. Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date

Certain events limit the Plan's ability to transact at contract value with Union. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The stable value fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There were no reconciling items between the net assets available for benefits per the financial statements and the Form 5500.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds administered by MBM Advisors, Inc., the third party administrator of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan as direct compensation for the administrative services amounted to $40,723 for the year ended December 31, 2013.

Certain Plan investments are shares of mutual funds managed by Charles Schwab Bank, the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan as direct compensation for the investment management services amounted to $9,839 for the year ended December 31, 2013.

During the year ended December 31, 2013, the Plan paid $43,079 in direct compensation for investment advisory services. These transactions qualify as exempt party-in-interest transactions.

8. TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated October 9, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administration and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

12. SUBSEQUENT EVENTS

For the year ended December 31, 2013, the Company has evaluated subsequent events for potential recognition and disclosure through July 9, 2014, the date of financial statement issuance. No events requiring disclosure were noted.
