Independent Auditor's Report

To the Plan Administrator and Participants
The Hess Collection 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Hess Collection 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility and Disclaimer of Opinion

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by John Hancock Life Insurance Company U.S.A ("John Hancock"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The plan administrator has informed us that John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from John Hancock as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by John Hancock is complete and accurate.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on these supplemental schedules.

The accompanying independent auditor's report
and notes are an integral part of these financial statements.

1. Description of the Plan

The following description of The Hess Collection 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of The Hess Collection Winery (collectively, the "Plan Sponsor"). Employees of the plan sponsor are eligible to participate in the Plan if they are at least 21 years old and have completed six months or 500 hours of service. Participants may begin deferring a portion of their compensation into the Plan following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan administrator.

Contributions

Participants may contribute a portion of their compensation to the Plan subject to an annual restriction of $17,500 for 2013 ($23,000 for those participants who are age 50 or over). Roth contributions are permitted under the Plan.

The plan sponsor has elected to operate the Plan as a "Safe Harbor Plan." Under this election, the plan sponsor matches participant deferrals on a dollar for dollar basis up to 6% of compensation. The plan sponsor is also permitted to make discretionary profit sharing contributions under the Plan. For 2013, the plan sponsor elected to forego a profit sharing contribution.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are vested immediately in their contributions, safe harbor matching contributions plus actual earnings thereon. Participants vest in all other plan sponsor contributions in ratable installments of 20% per year starting in the second year of service. Forfeitures are reallocated to the remaining participants as an additional employer contribution. Forfeitures available for allocation as of December 31, 2013 and 2012 were $42. During 2013, no forfeitures were reallocated to participant accounts.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are permitted under the Plan providing the participant has attained age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving a distribution of their account balance no later than April 15 of the year following the year the participant turns age 70½.

Notes Receivable from Participants

The Plan permits participants to receive a loan up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000 and participants may have only one loan at a

time. Loans bear an interest rate of 2 percent above prime rate determined on the date of the advance by the plan administrator. Loans generally must be repaid within five years, longer for qualified residential loans.

Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest participant's pay on their loans will be directly credited their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan was without amendment during 2013.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through June 19, 2014, the date the financial statements were available to be issued.

3. Certification of Assets

John Hancock Life Insurance Company U.S.A ("John Hancock") serves as the custodian of the Plan's assets. In their capacities as asset custodian, John Hancock held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from John Hancock as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2013 and 2012, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2013, was obtained or derived from the certified information.

4. Fair Value Measurements- unaudited

Assets at Fair Value as of December 31, 2013:

	Level 1
Mutual funds	
Balanced Funds	$ 1,237,879
Bond Funds	158,218
Equity Funds	6,045,266
International Equity Funds	629,608
Money Market Funds	138,463
Target Retirement Funds	2,850,343
	11,059,777
Cash	42
Total	$ 11,059,819

Assets at Fair Value as of December 31, 2012:

	Level 1
Mutual funds	
Balanced Funds	$ 2,833,018
Bond Funds	138,575
Equity Funds	3,398,033
International Equity Funds	545,384
Money Market Funds	207,264
Target Retirement Funds	2,144,130
	9,266,404
Cash	42
Total	$ 9,266,446

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments – unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2013 and 2012:

	2013	2012
JH Lifestyle Aggressive	$ 915,429	$ 637,631
JH Retirement Living 2035	N/A	515,081
JH Retirement Living 2030	N/A	648,922
JH Retirement Choices At 2035	819,691	N/A
JH Retirement Choices At 2030	824,274	N/A
JH Lifestyle Growth	3,157,371	2,355,496
JH Lifestyle Balanced	1,227,745	1,697,520
JH Lifestyle Moderate	781,027	*
JH Lifestyle Conservative	*	644,612

* Less than 5%

For the year ended December 31, 2013, the Plan's mutual funds (including gains or losses on investments bought and sold, as well as held during the year) appreciated in value by $1,694,244.

6. Tax Status

The plan sponsor has adopted a Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the Volume Submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

8. Related Party Transactions

John Hancock Life Insurance Company U.S.A ("John Hancock") serves as the custodian of the Plan's assets. All transactions with John Hancock qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $2,067 to John Hancock and $1,615 to the plan's third party administrator, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Independent Auditor's Report

To the Plan Administrator and Participants
The Hess Collection 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Hess Collection 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility and Disclaimer of Opinion

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by John Hancock Life Insurance Company U.S.A ("John Hancock"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The plan administrator has informed us that John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from John Hancock as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by John Hancock is complete and accurate.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on these supplemental schedules.

1. Description of the Plan

The following description of The Hess Collection 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of The Hess Collection Winery (collectively, the "Plan Sponsor"). Employees of the plan sponsor are eligible to participate in the Plan if they are at least 21 years old and have completed six months or 500 hours of service. Participants may begin deferring a portion of their compensation into the Plan following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan administrator.

Contributions

Participants may contribute a portion of their compensation to the Plan subject to an annual restriction of $17,500 for 2013 ($23,000 for those participants who are age 50 or over). Roth contributions are permitted under the Plan.

The plan sponsor has elected to operate the Plan as a "Safe Harbor Plan." Under this election, the plan sponsor matches participant deferrals on a dollar for dollar basis up to 6% of compensation. The plan sponsor is also permitted to make discretionary profit sharing contributions under the Plan. For 2013, the plan sponsor elected to forego a profit sharing contribution.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are vested immediately in their contributions, safe harbor matching contributions plus actual earnings thereon. Participants vest in all other plan sponsor contributions in ratable installments of 20% per year starting in the second year of service. Forfeitures are reallocated to the remaining participants as an additional employer contribution. Forfeitures available for allocation as of December 31, 2013 and 2012 were $42. During 2013, no forfeitures were reallocated to participant accounts.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are permitted under the Plan providing the participant has attained age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving a distribution of their account balance no later than April 15 of the year following the year the participant turns age 70½.

Notes Receivable from Participants

The Plan permits participants to receive a loan up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000 and participants may have only one loan at a

time. Loans bear an interest rate of 2 percent above prime rate determined on the date of the advance by the plan administrator. Loans generally must be repaid within five years, longer for qualified residential loans.

Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest participant's pay on their loans will be directly credited their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan was without amendment during 2013.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through June 19, 2014, the date the financial statements were available to be issued.

3. Certification of Assets

John Hancock Life Insurance Company U.S.A ("John Hancock") serves as the custodian of the Plan's assets. In their capacities as asset custodian, John Hancock held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from John Hancock as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2013 and 2012, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2013, was obtained or derived from the certified information.

4. Fair Value Measurements- unaudited

Assets at Fair Value as of December 31, 2013:

	Level 1
Mutual funds	
Balanced Funds	$ 1,237,879
Bond Funds	158,218
Equity Funds	6,045,266
International Equity Funds	629,608
Money Market Funds	138,463
Target Retirement Funds	2,850,343
	11,059,777
Cash	42
Total	$ 11,059,819

Assets at Fair Value as of December 31, 2012:

	Level 1
Mutual funds	
Balanced Funds	$ 2,833,018
Bond Funds	138,575
Equity Funds	3,398,033
International Equity Funds	545,384
Money Market Funds	207,264
Target Retirement Funds	2,144,130
	9,266,404
Cash	42
Total	$ 9,266,446

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments – unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2013 and 2012:

	2013	2012
JH Lifestyle Aggressive	$ 915,429	$ 637,631
JH Retirement Living 2035	N/A	515,081
JH Retirement Living 2030	N/A	648,922
JH Retirement Choices At 2035	819,691	N/A
JH Retirement Choices At 2030	824,274	N/A
JH Lifestyle Growth	3,157,371	2,355,496
JH Lifestyle Balanced	1,227,745	1,697,520
JH Lifestyle Moderate	781,027	*
JH Lifestyle Conservative	*	644,612

* Less than 5%

For the year ended December 31, 2013, the Plan's mutual funds (including gains or losses on investments bought and sold, as well as held during the year) appreciated in value by $1,694,244.

6. Tax Status

The plan sponsor has adopted a Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the Volume Submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

8. Related Party Transactions

John Hancock Life Insurance Company U.S.A ("John Hancock") serves as the custodian of the Plan's assets. All transactions with John Hancock qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $2,067 to John Hancock and $1,615 to the plan's third party administrator, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.
