Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Automatic Fire Protection, Inc. 401(k) Profit Sharing Plan, (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual Financial Group) for the year ended December 31, 2013, and by the Hartford Retirement Plan Solutions for the year ended December 31, 2012, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters-Supplemental Schedule

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

Note 1 - Description of Plan

The following description of the Automatic Fire Protection, Inc. (Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of the Company who have 180 days of service and have attained age eighteen or older. Participation of the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan up to 100% of annual eligible compensation, as defined by the Plan, on a pre-tax basis subject to the Internal Revenue Code contribution limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company matching contributions are made at 100% of the amount deferred by the participant up to 4% of the participant's eligible compensation. Additionally, the Company may contribute a discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in contributions plus actual earnings thereon, and are also immediately vested in the Company's contribution portion of their accounts.

Note 1 - Description of Plan - Continued

Payment of Benefits

The full value of a participant's account becomes available upon retirement, permanent disability or death. Termination of employment for any other reason entitles the participant to only the vested portion of the account. Distributions are paid in lump sums or partial withdrawals.

Participant Loans

Participant loans are not permitted under the Plan.

Plan Administration

Plan assets were held by Massachusetts Mutual Life Insurance Company for the year ended December 31, 2013, and by The Hartford Retirement Solutions for the year ended December 31, 2012. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("MassMutual") acquired The Hartford's Retirement Plans Group ("RPG") business. MassMutual has no affiliation, and the RPG business no longer has any affiliation, with The Hartford Financial Services Group, Inc. or any of its subsidiaries. MassMutual was appointed by Hartford Life Insurance Company to provide all administrative services necessary to support the insurance contracts issued by Hartford Life Insurance Company in connection with the RPG business. Certain Plan administrative duties such as Form 5500 preparation, compliance testing, preparation of participant statements, and enrollment and transaction processing are performed by a third party administrator, July Business Services.

Certain other administrative functions are performed by employees of the Company. However, such employees receive no compensation from the Plan.

Forfeitures

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $2,640 and $2,073, respectively. These accounts will be used to reduce future employer contributions and to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive

Note 2 - Summary of Significant Accounting Policies - Continued

investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Operating Expenses

Expenses of the Plan, to the extent not paid by the Company, may be paid from the assets of the Plan. For the years ending December 31, 2013 and 2012, administrative expenses of $3,565 and $3,634 respectively, were paid by the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation or depreciation in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on investments.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through July 10, 2014, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs include quoted prices for identical or similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No Level 1 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Level 2 Fair Value Measurements

The Plan invests in variable investment options, through Pooled Separate Accounts incorporated in a group annuity contract. These unregistered Pooled Separate Accounts are subdivided into investments divisions called "Sub-Accounts". Each Sub-Account invests in shares of an underlying mutual fund. The shares of the underlying mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The Plan invests in a group annuity contract through the Hartford Life Insurance Company, which includes a fixed income/guaranteed investment contract offering called The Fixed Income Account. This account is part of Hartford Life Insurance Company's general account and is subject to the claims of Hartford's general creditors. Hartford credits interest on contributions made to The Fixed Income Account at a rate declared for a period of time, with a guaranteed minimum rate of interest. This contract is not actively traded and significant other observable inputs are not available. Thus, the fair value of the contract is measured using an income approach based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Plan's trustee/custodian. Those policies and procedures are reassessed at least annually to determine if

the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

Note 5 - Investment Contract with Insurance Company

As of December 31, 2013 and 2012, the Plan was entered into a benefit-responsive investment contract with The Hartford Life Insurance Company (Hartford). Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was $378,135 and $350,616, respectively. The crediting interest rate is determined by Hartford and may be changed periodically but may not be less than 3%.

Note 5 - Investment Contract with Insurance Company - Continued

Certain events limit the Plan's ability to transact at contract value with Hartford. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition in competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

	2012	2011
Average yields:		
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00%	3.00%

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the IRC and are exempt from the tax under Section 401(a) of the IRC. The Company believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 8 - Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 9 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Hartford Life Insurance Company, who is the custodian of the Plan. Various other Plan administration functions are performed by July Business Services, Inc., the third party administrator. Because of this, the transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan from Plan assets for services these parties provided amounted to $3,565 and $3,633, respectively, for the years ended December 31, 2013 and 2012.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500:
