INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying statements of net assets available for benefits of Holiday Inn Midtown 401K Plan as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by OFI Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note H, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Holiday Inn Midtown 401K Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purposes of forming an opinion on the financial statements taken as a whole. The Statement of Assets Held for Investment shown on page 6 is presented for purposes of
additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the financial statements of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note H as described in the second preceding paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HOLIDAY INN MIDTOWN 401K PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD ENDED DECEMBER 31, 2013

Note A - Description of Plan

The following description of the HI57, LLC ("Company") 401K Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to 15 percent of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit of contribution plans. The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

3. Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

5. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as printed in the Wall Street Journal) at the time they take their loan plus 1%. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his beneficiary is entitled to receive 100 percent of his or her account. There are several methods of receiving payment under the plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note B - Summary of Accounting Policies

Date of Management's Review

Subsequent events were evaluated through June 19, 2014, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Note D - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013:

Cash Reserves	$ 2,099,113
Main Street Growth Fund A	671,860
Franklin Growth Series Fund A	332,599
Gold & Special Minerals Fund	219,018
International Growth Fund A	213,968

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100 percent vested in their accounts, and their accounts will then either be distributed or held in a frozen trust until they would otherwise be entitled to receive a distribution under the terms of the Plan. However, this Plan's benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC) because the insurance provisions of ERISA do not apply to this particular Plan, upon termination.

Note F - Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values

of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
