Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees

J.H. Routh Packing Company Union Pension Plan
Sandusky, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of J.H. Routh Packing Company Union Pension Plan, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by SEI Private Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule of Assets Held for Investment Purpose at End of Year – 2013 and the Schedule of Reportable Transactions – 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

J.H. ROUTH PACKING COMPANY UNION PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

1. Description of the plan

The following description of the J.H. Routh Packing Company Union Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all J.H. Routh Packing Company (the Company) union employees that are members of the United Food and Commercial Workers Union hired before January 1, 2007 and was established to provide retirement benefits for eligible employees, after completing one year of service, as defined in the Plan. Any employee who is hired by the Company on or after January 1, 2007 will not be eligible to participate in the Plan, will not be credited with service or credited service for the purpose of earning an accrued benefit and will not be credited with earnings and will not accrue a benefit under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension benefits

Employees hired before January 1, 2007 with one or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) based upon the number of years of credited service. The Plan permits early retirement to participants who have attained age 55 and have completed ten years of vesting service. The standard retirement benefit is a single life annuity; however, the Plan provides as an option joint and survivor benefits and surviving spouse benefits. If employees hired before January 1, 2007 terminated before rendering one year of service, they forfeited the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions.

Pursuant to the terms of a collective bargaining agreement between the Plan and Local 75, AFL-CIO of the United Food and Commercial Workers Union, the amount of monthly retirement benefit to be provided for each participant shall be equal to his accrued benefit. The accrued benefit is based on a retirement benefit formula equal to a schedule of benefits earned per month for each year of credited service with the Company.

Death and disability benefits

If a participant has been married throughout the one-year period ending on the participant's date of death, a minimum spouse's death benefit will be payable in the form

1. Description of the plan – continued

of a pre-retirement survivor annuity. Such annuity payments shall be equal to the amount which would be payable as a survivor annuity.

Active participants who become totally and permanently disabled prior to retirement or separation from service, work at least 870 hours within one year of the time of the disability, have at least five years of credited service, and such condition continues for a period of five consecutive months, are entitled to 75% of their accrued benefits.

Funding policy

Contributions are determined pursuant to the Unit Credit Actuarial Cost Method. The Company contributes an amount at least sufficient to meet the minimum funding requirements of ERISA. The minimum required contribution for the year ended December 31, 2013 was \$214,482. The company exceeded that requirement and contributed the recommended contribution of \$384,969 for the year ended December 31, 2013.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation

The Plan's investments are recorded at fair value, as defined by FASB ASC 820, based upon the last traded or current bid prices in active markets. Where there are no readily available last traded or current bid prices, fair value is determined as discussed in Note 5.

Investment income recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) spouses of employees who have died, and (c) present employees hired before January 1, 2007 or their beneficiaries. Benefits under the Plan are based on a retirement benefit formula equal to a set monthly benefit amount earned for each year of credited service.

2. Summary of significant accounting policies - continued

The accumulated plan benefits for active employees hired before January 1, 2007 are based on the total credited years of service for each participant multiplied by the set monthly benefit amount earned for each credited year on the date of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Bryan, Pendleton, Swats & McAllister, LLC and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations are as follows:

Actuarial cost method	Unit Credit Actuarial Cost Method
Interest Rate	Calculated using segment rates of 4.43%, 5.62% and 6.22% in 2013 and 4.94%, 6.15% and 6.76% in 2012.
Normal Retirement	Age 65
Mortality basis	Combined Table for Small Plans

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Administrative expenses

The Company pays certain expenses on behalf of the Plan. Other expenses, such as investment advisory services, incurred by the Plan are paid directly by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and

2. Summary of significant accounting policies - continued

assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent events

Management has evaluated subsequent events through July 13, 2014, the date the financial statements were available to be issued.

3. Plan termination

In the event the Plan is terminated, employees become 100% vested in their accrued plan benefit at the time of termination, the net assets of the Plan will then be allocated, as prescribed by ERISA and its related regulations to provide the following benefits in the order indicated:

- a. Benefits payable to participants who have retired or are eligible to retire.
- b. Other benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- c. All other benefits not insured by the PBGC.
- d. All non-vested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individuals' monthly benefit.

Whether all participants receive benefits, should the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided at all.

4. Investments

The investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2013 and 2012, and net appreciation in the fair value of investments, interest and dividends for the year ended December 31, 2013 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

The fair values of individual investments that represent five percent or more of the Plan's net assets are as follows:

	<u>2013</u>	<u>2012</u>
Mutual Funds:		
SEI Large Cap Disciplined Equity	\$4,892,343	\$4,041,414
SEI World Equity Ex-US Fund	3,138,324	2,717,083
SEI Core Fixed Income Fund	3,078,964	2,805,700
SEI Small/Mid Cap Equity Fund	1,611,708	1,176,269
SEI High Yield Bond	806,567	762,239
SEI Dynamic Asset Allocation Fund	1,009,069	782,901

During 2013, the Plan's investments in mutual funds (including gains and losses on investments bought, sold and held during the year) appreciated in value as follows:

Mutual funds	<u>\$ 2,089,300</u>
--------------	----------------------------

5. Fair value measurements

FASB ASC 820 establishes that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and establishes a fair value hierarchy based upon the inputs used to measure fair value. The three levels of the fair value hierarchy defined by FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 – Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

5. Fair value measurements - continued

As required by FASB ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. The Plan's investments accounted for at fair value as of December 31, 2013 are summarized below:

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$15,057,295	\$ -	\$15,057,295
Limited partnership	<u> </u>	<u>30,000</u>	<u>30,000</u>
	<u>\$15,057,295</u>	<u>\$ 30,000</u>	<u>\$15,087,295</u>

Reconciliation of limited partnership value (level 3):

Beginning balance 1/1/2013	\$ 30,000
Change in value	<u>-</u>
Ending balance 12/31/2013	<u>\$ 30,000</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013.

Mutual funds and money market funds are valued at the net asset value of shares held by the Plan at year end.

The limited partnership is valued based on the unit share price for which limited partners sold units in October 2009.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Gains and losses (realized and unrealized) are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

6. Reconciliation to Form 5500

As discussed in Note 2, the Plan's financial statements are presented on the accrual basis of accounting and the Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared and filed on the cash basis of accounting. The following schedule reconciles the differences between those two methods as of and for the year ended December 31, 2013 and the differences in classifications of investment income, gains and losses for the year ended December 31, 2013.

	Per financial Statements	Reclassifi- cations to Form 5500 Presentation	Per Form 5500

Benefits paid to participants	(503,187)	-	(503,187)
Administrative expenses	<u>(52,519)</u>	<u>-</u>	<u>(52,519)</u>
Net increase in net assets available for benefits	<u>\$ 2,196,975</u>	<u>\$ -</u>	<u>\$ 2,196,975</u>

7. Tax status

The Plan received a determination letter from the Internal Revenue Service dated September 24, 2002 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor believes the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Transactions with parties-in-interest

Party-in-interest transactions include the investment in the funds of the trustee of the Plan, and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

Asset Valuation Method

Market value adjusted for any accruals and further adjusted for weighted gains and losses during the prior 2 years. Weighted gains and losses for each plan year reflect interest at the applicable third segment rate. The resulting value shall not be more than 110% or less than 90% of market value.

Form of Payment

100% of vested decrementing active participants are assumed to elect a straight-life annuity.

Provision for Expenses

Replacement of previous plan year's administrative expenses.

Summary of Provisions of the Plan

This summary is not a Summary Plan Description or a plan document. You should not rely solely on this summary in making a determination of eligibility for the plan or its benefits.

Effective Date and Plan Year

The plan was established effective January 1, 1983, with the latest plan restatement effective January 1, 2002. The plan year ends on each December 31 and the employer's fiscal year ends on the last Saturday in December.

Eligibility

Each employee who is covered by the collective bargaining agreement between the Employer and the Local Union of the United Food and Commercial Workers International Union is eligible to become a participant in the plan on the earlier of the January 1 or July 1 immediately following his completion of one year of service with at least 870 hours. No participants hired on or after January 1, 2007 shall enter into the plan.

Credited Service

Service credited for benefit purposes means the number of plan years in which the employee completes at least 1,740 hours of service, subject to certain break in service rules. Partial years of service are earned in accordance with the following schedule:

Hours of Service	Years of Credited Service
0-173	0.0
174-347	0.1
348-521	0.2
522-695	0.3
696-870	0.4
870	0.5
871-1740	Exact proration of actual hours to 1,740 (maximum)

Vesting Service

Service credited for vesting purposes means the number of plan years in which the employee completes at least 750 hours of service.

Normal Retirement

Condition

The normal retirement date is the first day of the calendar month coincident with or next following the participant's 65th birthday.

Benefit

The normal retirement benefit, payable monthly for the life of the participant, is equal to the following schedule of benefits for each Year of Credited Service:

Accrued Benefit

The accrued benefit is the monthly benefit that has been earned due to credited service as of any determination date. The accrued benefit payable for the life of the participant is computed in the same manner as for normal retirement, using the participant's credited service at the determination date.

Early Retirement

Condition

A participant may retire early after he has attained age 55 and completed 10 years of vesting service.

Benefit

The deferred benefit, to commence at the participant's normal retirement date, is equal to the participant's accrued benefit determined as of his early retirement date.

Upon making a written request, the participant's benefit may commence at any time after his termination of employment. If the benefit is to commence immediately, the deferred benefit is reduced by 0.25% for each month by which the commencement age precedes the participant's normal retirement date. This benefit shall not be less than the actuarial equivalent of the accrued benefit payable at the normal retirement date.

Late Retirement

Condition

A participant may choose to postpone his retirement beyond his normal retirement date, in which event no benefit shall be payable until actual retirement.

Benefit

The benefit, payment of which commences the first day of the month following the participant's actual date of retirement, is computed in the same manner as the normal retirement benefit based upon service accrued through the date of retirement. This benefit shall not be less than the actuarial equivalent of the benefit the participant would have received at his normal retirement date.

Disability Retirement

Condition

If a participant with at least five years of Credited Service becomes totally and permanently disabled, as determined by the Board of Trustees, he will be entitled to retire and receive a disability retirement benefit commencing on the first day of the month following five full months of disability. Furthermore, this disabled participant must have worked at least 870 hours within the 12 month period preceding his date of disability.

Benefit

The disability retirement benefit is equal to 75% of the participant's accrued benefit as of the date of disability. This benefit will be payable until the disabled participant attains early or normal retirement age. At that point, early or normal retirement benefits will commence.

Death Before Retirement

Condition

In the event of the death of a participant after becoming eligible for a vested benefit under the plan, and while either (i) actively employed by the employer, or (ii) on deferred vested status but prior to receiving any retirement benefits, a monthly survivorship benefit shall be payable to the participant's surviving spouse.

Benefit

The monthly benefit is equal to the amount which would be payable as a survivor annuity under the joint and survivor annuity provisions of the plan if:

1. In the case of a participant who dies after age 55, such participant had retired with an immediate joint and survivor annuity on the day before the participant's date of death
2. In the case of a participant who dies between age 50 and age 55, such participant had retired with an immediate joint and survivor annuity on the day before the participant's 55th birthday
3. In the case of a participant who dies before age 50, such participant had retired with an immediate joint and survivor annuity equal to the actuarial equivalent of his vested accrued benefit on the day before the participant's date of death.

Termination of Employment

Condition

If a participant terminates his employment after completing 3 or more years of vesting service, he is entitled to a deferred vested benefit with payment commencing on his normal retirement date. Upon completion of 10 years of service, a participant may elect a reduced benefit with payment commencing the first day of the month in which he attains age 55.

Benefit

The amount of the benefit is calculated as the product of a vesting percentage and the accrued benefit determined as of the participant's date of termination. The vesting percentage is determined from the following table.

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	20
4	40
5	60
6	80
7 or more	100

Optional Modes of Benefit Payments

Subject to the applicable plan conditions, a participant may select an optional method of benefit payment, in lieu of the prescribed life income, which is actuarially equivalent thereto. The purpose of the optional method is to provide a continued life income to a surviving beneficiary after the death of the participant (for example, 50%, 75%, or 100% of the participant's actuarially reduced retirement income from the plan). However, if no option is elected and the participant is married at the date the benefit commences, the monthly benefit will automatically be paid in the form of a 50% joint and survivor annuity.

If the actuarial equivalent single sum amount due a terminated participant is less than \$5,000, such amount may be distributed to the participant in lieu of any other benefits under the plan.

Actuarial Equivalence

Actuarial equivalent values shall be computed based on the UP-1984 Mortality Table and an interest rate of 7%. For purposes of determining single sum benefits, such benefit shall not be less than the amount based on the mortality as defined under Code Section 417(e)(3) and the interest rates, defined by Code Section 417(e)(3), in effect for the month of December preceding the date of distribution.

Contributions to the Plan

The employer contributes actuarially determined amounts to finance the plan benefits. No contributions by participating employees are required.

Investment of Plan Funds

The assets of the pension plan will be invested by the trustee in accordance with the terms of the trust agreement.
