INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Nellson Nutraceutical, LLC Employee Savings and Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Nellson Nutraceutical, LLC Employee Savings and Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of: (1) Schedule H, line 4i-Schedule of Assets (Held At End of Year) and (2) Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

An employee is eligible for salary deferral contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Employees are eligible for Employer matching contributions on the first day of the month following completion of six months of continuous service and attainment of age 21. Unless an eligible employee elects otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Effective January 1, 2013, each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC of $17,500 for the year ended December 31, 2013. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $5,500 in 2013.

The Employer may make a discretionary matching contribution with each payroll (subject to determination on an annual basis of the Board of Directors of the Employer) in an amount equal to a percentage of the participant's deferred compensation (to a maximum of 4% of compensation). In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2013.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the employee contributions, rollovers and allocations of the Employer match, Employer non-elective contributions, Employer qualified non-elective contributions, and Plan earnings. Allocations for non-elective contributions are based on the same ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street Bank and Trust Company ("State Street"). Participants may change their investment options daily.

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be paid back within five years of the date of issuance, in accordance with terms established by the plan administrator. Loans for the purchase of a primary residence may be paid back over 30 years.

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balances. In the event of death, retirement or disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses and then may be used to reduce Employer contributions. As of December 31, 2013 and 2012, outstanding forfeitures available totaled $23,197 and $22,822, respectively, and are included in net assets available for benefits.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets available for Benefits is presented on a contract value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

The plan administrator authorized the Plan's record-keeper, to establish an expense budget account (EBA). The EBA is funded by the record-keeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $77,510 for the year ended December 31, 2013. Plan expenses paid during the year ended December 31, 2013 from the forfeiture account and from the EBA totaled $94,462. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Subsequent Event

Plan management has evaluated subsequent events through June 24, 2014, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by State Street, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

Total investments and notes receivable from participants held and certified by State Street in the accompanying Statements of Net Assets Available for Plan Benefits were $14,725,881 and $11,112,328, as of December 31, 2013 and 2012, respectively. Net investment income certified by State Street in the accompanying Statement of Changes in Net Assets Available for Plan Benefits was $2,537,011 for the year ended December 31, 2013. Interest income on notes receivable from participants certified by State Street in the accompanying Statement of Changes in Net Assets Available for Plan Benefits was $24,104 for the year ended December 31, 2013.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/Collective Fund	$ 8,398
Mutual Funds	2,346,324
	$ 2,354,722

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE (Continued)

Investments that represent 5% or more of total net assets available for benefits as of December 31, 2013 and 2012 were as follows:

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end and are traded at a quoted price through the National Securities Clearing Corporation.

Common/Collective Fund: The fair value of the Plan's interest in the common/collective trust fund (CCT) is determined by the issuer of the CCT at year-end based on the fair value of its underlying investments. The CCT's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. The CCT has no redemption restrictions or unfunded commitments. The CCT redemption frequency is daily and there is no redemption notice.

The Diversified Stable Pooled Fund ("DSP Fund") is a CCT and is a fully benefit-responsive investment contract. The DSP Fund is solely invested in the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo. The fair value of the DSP Fund is based on the underlying unit value reported by Fund G. Fund G primarily invests in guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions.

GICs are backed by the general account of the contract issuer. Fund G deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period. Interest is accrued on either a simple or fully compounded basis, and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). Fund G does not believe that the occurrence of any market value event would limit its ability to transact at contract value with participants, is probable.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

A security-backed contract is an investment contract (also known as a synthetic GIC or a separate account GIC) issued by an insurance company or other financial institution, backed by a portfolio of bonds. The bond portfolio is either owned directly by Fund G or owned by the contract issuer and segregated in a separate account for the benefit of Fund G. The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third party custodian. The interest crediting rate of a security-backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the net assets of Fund G. The issuer guarantees that all qualified participant withdrawals will be at contract value. In the case of a full liquidation event, the issuer is responsible for covering any amount by which the contract value exceeds fair value of the underlying portfolio. No payments related to the security backed contracts were made during the year ended December 31, 2013.

The fair value of a GIC is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issuer is the present value of the difference between the current wrapper fee and the contracted wrapper fee.

The yield earned by Fund G was 1.36% and .94% at December 31, 2013 and 2012, respectively. The yield earned by Fund G with an adjustment to reflect the actual interest rate credited to participants in Fund G was 1.52% and 1.95% at December 31, 2013 and 2012, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

State Street is the Plan's trustee and custodian and all investments are held with the trustee. Transamerica Retirement Solutions Corporation (formerly known as Diversified Investment Advisors, Inc.) provides record-keeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

In May 2011, the Employer was notified by the Department of Labor (DOL) that the Plan was selected for review for the period from January 1, 2009 through the then present date. The DOL determined that there were late remittances of employee deferrals and loan repayments during the Plan years 2009 through November 2012 totaling approximately $450,000. Certain late remittances had been previously identified by the plan sponsor and related lost earnings were remitted prior to the DOL review. The DOL determined that an additional $2,553 of lost earnings was due to the Plan. In February 2013 lost earnings on late remittances for prior Plan years were paid to the Plan and in March 2013 the Employer was notified by the DOL that it would take no further action on this matter and that it has closed its investigation. These late employee contributions and loan repayments are considered nonexempt party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - INCOME TAX STATUS

The Employer adopted the nonstandardized prototype cash or deferred profit-sharing plan sponsored by Diversified Investment Advisors, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G - INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.
