Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the StaffScapes, Inc. 401(K) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description or the prototype Plan document and the accompanying adoption agreement for a more complete description of the Plan's provisions. The Summary Plan Description has been made available to all participants in the Plan, and a copy of the Plan documents is available from the Plan administrator.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective May 1, 2007, the Plan was restated in its entirety to a Volume Submitter Multiple Employer Tax Favored Saving and Discretionary Contribution and Trust Agreement (Volume Submitter Plan) provided by Transamerica Financial Life Insurance Company. The amendment did not reduce the benefits or lessen the rights of employees with respect to benefits accrued prior to the date of the restatement. On March 31, 2008, the IRS approved the amended Volume Submitter Plan for changes required by the Economic Growth and Tax Relief Reconciliation Act of 2001 and various final Treasury regulations and IRS guidance published within the last several years. On January 1, 2011, the Plan was amended to comply with the Small Business Jobs Act of 2010. As of December 31, 2013 and 2012, the Plan had 19 and 16 adopting employers, respectively.

Eligibility - Eligibility varies according to the requirements of the individual adopting employers. Eligibility age ranges from 18 to 21 years, and the term of service requirement prior to eligibility ranges from three months with no minimum hours worked to one year and 1,000 hours worked.

Participant Contributions - During any taxable year, participants may contribute up to 100 percent of compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions - Certain adopting employers offer company contributions, some offer discretionary contributions, and some employers offer neither company nor discretionary contributions.

Participant Accounts - The administrator of the Plan maintains separate participant accounts for each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-two pooled separate accounts and one money market fund. Each participant's account is credited with the participant's contribution, an allocation of the adopting employer's contribution, if any, Plan earnings (losses), and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued):

Vesting - Participants are immediately vested in their voluntary contributions and in the adopting employer's contribution plus actual earnings thereon. Vesting in the adopting employer's matching discretionary contributions portion of participant accounts, if applicable, plus actual earnings thereon varies by employer from the first day of eligibility to six years. Participants are eligible for benefits under the Plan upon normal retirement at age 65 or upon death or termination of service due to disability.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the vested portion of their account balance. Loan terms may range up to five years, unless the loan is for the purchase of a primary residence when the term can be extended to fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Loan transactions are treated as transfers between the investment and loan fund. Interest earned on loan balances is treated as income to the loan fund and a subsequent transfer into the employee's investment funds. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Distribution of Benefits - On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions are subject to the applicable provisions of the Plan agreement, and are made as soon as is administratively possible after the receipt of the distribution request. The Plan allows for in-service distributions for participants who have attained age 59 ½. Hardship distributions, of elective deferrals only, are also allowed under the Plan. The Plan incorporates the automatic rollover provisions of the Internal Revenue Code for mandatory distributions over \$1,000. Benefits are recognized when paid.

Administration of the Plan - The Plan is administered by StaffScapes, Inc. (the Company) who has the sole and ultimate responsibility to interpret plan provisions and determine plan benefits. Funds of the Plan are held in trust, and Plan benefits are distributed from the trust. The custodian of the Plan is Transamerica Retirement Solutions Corporation. The custodian is responsible for the safe keeping of the Plan investments and also for investing the Plan contributions. The Company has appointed certain members of the Company to serve as trustees of the Plan. Certain administrative expenses incurred by the Plan have been paid for by the Company.

Forfeited Accounts - Forfeited nonvested accounts totaled \$1,167 and \$1,029 as of December 31, 2013 and 2012, respectively. These accounts will be used to first pay plan expenses, then to reduce employer contributions to the plan.

Termination of the Plan - Although the Plan is intended to be permanent, the sponsor of the Plan has the right to amend or terminate the Plan in whole or in part, subject to the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's trustees, who are responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Presentation - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

General Account - The general account contains investments in a fully benefit responsive investment contract, and the investments are stated at contract value which is also the fair market value. The average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to the plan participants. Interest rates are reset monthly at the beginning of each month and are applied daily to the total outstanding balance of the investment. There is no stated maturity date for the investment. As of December 31, 2013 and 2012, there are no reserves against the contract for credit risk of the contract issuer or otherwise. For the years ended December 31, 2013 and 2012, the average yield earned on the contract was 1.44% and 1.75%, respectively.

Pooled Separate Accounts - Investments in pooled separate accounts are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair market values.

Purchases and sale of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Participant Loans - Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Due to the certainty of settlement at the stated terms and the duration to maturity of these loans, the Plan administrator believes unpaid principal balance plus unpaid interest to be a reasonable estimate of the fair value of these instruments.

Contributions - Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Matching contributions, where applicable, are recorded in the same period.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 3 - INCOME TAX STATUS:

The Plan is intended to be exempt from Federal income tax law under current provisions of the Internal Revenue Code. The Plan operates under a determination letter dated April 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and has been operated through December 31, 2013, in accordance with applicable provisions of the Internal Revenue Code.

The Plan is subject to audit or examination by various regulatory jurisdictions. As of June 24, 2014, there were no audits or examinations in progress. With few exceptions, as of December 31, 2013, the Plan was no longer open to audit or examination for fiscal years ended prior to December 31, 2010.

NOTE 4 - RISK AND UNCERTAINTIES:

In determining the fair value of financial instruments, the Plan administrator uses a variety of methods and assumptions that are based on market conditions and risks existing at the date of the Statement of Net Assets Available for Benefits. All methods of assessing fair value result in a general approximation of value, and such value may never actually be realized.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate fluctuations, market fluctuations, and credit risks. Due to the level of risk associated with certain types of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 5 - INVESTMENTS:

As of December 31, 2013 and 2012, the investments of the Plan exceeding 5% of net assets available for benefits consisted of the following:

	2013	2012
Transamerica Stable Value	\$ 198,677	\$ 294,765
Neuberger Berman Genesis	119,183	137,471

NOTE 6 - FAIR VALUE MEASUREMENTS:

Accounting principles generally accepted in the United States of America provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements.

The three levels of valuation methodology within the fair value hierarchy are described as follows:

Level 1 - The valuation methodologies of Level 1 assets and liabilities are based upon adjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - The valuation methodologies of Level 2 assets and liabilities include: quoted prices for similar assets or liabilities in active markets; quoted prices for similar identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 valuation methodology must be observable for substantially the full term of the asset or liability.

Level 3 - The valuation methodologies of Level 3 assets and liabilities are based upon inputs which are unobservable and significant to the fair value measurement.

Fair value measurement of financial assets and liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Determination of Fair Value - Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instruments, including estimates of timing, amount of expected future cash flows, and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value:

STAFFSCAPES, INC. 401(K)
PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued):

General Account – Investment contracts with an insurance company are valued at fair value, which approximates contract value, because the contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Pooled Separate Accounts - The fair value of pooled separate accounts is based on the quoted net asset values of the shares held by the Plan at year-end.

There have been no changes in methodologies used as of December 31, 2013 and 2012.

As of December 31, 2013, the following financial assets of the Plan were measured at fair value on a recurring basis consistent with the fair value hierarchy provision:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
