Independent Auditor's Report

Design Team Sign Company
350 Pinhook Drive
Savannah, TN 38372

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Design Team Sign Company 401(k) P/S Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note 3, which was certified by Minnesota Life Insurance Company, the trustee of the Plan assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sincerely,

Alexander Thompson Arnold PLLC

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Design Team Sign Company 401(k) P/S Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution plan available to substantially all full time (defined as 1,000 hours in the plan year), non-union employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees with at least three consecutive months of service who have attained 18 years of age are eligible to participate in the Plan and receive employer contributions.

B. Contributions

The Plan provides for participant salary deferrals up to the maximum amount permitted under the Internal Revenue Code. The Plan provides for discretionary company matching contributions. During 2013 and 2012, the Company made contributions of 50% of the amount of deferrals up to 6%. The employer match only applies to eligible participants who are non-highly compensated employees. The Company can make a profit sharing contribution at its discretion.

C. Participants' accounts

Each participant account is credited with the participant's contribution and allocation of the Company's contribution, plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

D. Vesting

Participants are always 100 percent vested in their contributions. Employer contributions are vested as follows:

Years of Service	Percent Vested
1	0
2	20
3	40
4	60
5	80
6	100
Over 6	100

E. Forfeitures

Forfeitures of non-vested Company contributions are used to reduce any matching or discretionary contributions made by the employer.

F. Payments of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the vested balance in his or her account.

G. Payment of plan expenses

The Plan permits the employer to pay plan expenses.

H. Investment Options

Plan participants are permitted to direct their employee and employer discretionary contributions into one of several separate pooled investment accounts or a general investment account maintained by Minnesota Life Insurance Company.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements are prepared on the accrual method of accounting in that revenues are recognized when earned and expenses are recognized when incurred. Allocations of the Plan's assets to the participant accounts include accrued employer contributions in accordance with the provisions of the plan.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Quoted market prices are used to value investments. The fair values of participant units held by the Plan in pooled separate accounts reflect the quoted redemption values of the separate accounts, as determined by the Plan custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive

investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

D. Income Taxes

In November 2013, the Plan was restated using the Minnesota Life Insurance Company – Securian Financial Group Prototype Non-standardized Plan. This plan has a favorable determination letter dated January 31, 2006. Internal Revenue Service model amendments have been made to the Plan since that date. Management believes these amendments do not affect the tax status of the Plan. The plan is qualified and therefore, qualifies under Internal Revenue Code Section 401(a) and the trust is exempt from federal income taxes. The Company is required to file and does file Form 5500 with the Internal Revenue Service. The Form 5500 of the Company for 2013, 2012, and 2011 are subject to examination by the IRS, generally for three years after they were filed.

E. Date of Management's Review

Subsequent events were evaluated through July 16, 2014, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2013 and 2012 which was prepared by the custodian of the Plan assets and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets (held at end of year)

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 5- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net reasonable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

	Fair Value Measurements Using:		
	Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)
	<u>Fair Value</u>		
<u>December 31, 2013</u>			
Mutual funds	\$ 913,244	\$ 913,244	\$ -
Guaranteed insurance contract	<u>12,851</u>	<u>-</u>	<u>12,851</u>
Total	<u>\$ 926,095</u>	<u>\$ 913,244</u>	<u>\$ 12,851</u>

	Fair Value Measurements Using:	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	
	<u>Fair Value</u>	
<u>December 31, 2012</u>		
Mutual funds	\$ 625,825	\$ 625,825

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of the pooled separate accounts for which quoted market prices are not available are valued based on the value of the underlying mutual funds.

DESIGN TEAM SIGN COMPANY 401(k) P/S PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	<u>Guaranteed Insurance Contract</u>
<u>December 31, 2013</u>	
Beginning balance	\$ -
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	14
Sales	(2)
Purchases	<u>12,839</u>
Ending balance	<u>\$ 12,851</u>

<u>Level 3 Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Input</u>	<u>Range of Significant Input Values</u>
Guaranteed investment account	\$ 12,851	Discounted cash flow (income approach)	Crediting rate	150 – 150 bps

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012 are reported in net income from pooled separate accounts.

For the year ending December 31, 2012 plan assets were held with PAi in mutual funds valued as Level 1 assets. For the year ending December 31, 2013 plan assets were held with Minnesota Life Insurance Company in mutual funds valued as Level 2 assets and a guaranteed insurance contract valued as a Level 3 asset.

NOTE 6 – PARTY IN INTEREST

Certain Plan investments are shares of guaranteed interest and pooled accounts managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Minnesota Life Insurance Company (MN Life). MN Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by MN Life. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Minnesota, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the insurance contract at December 31, 2013 and 2012 was \$12,851 and \$0, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with MN Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Under no event may MN Life terminate this contract and settle at an amount different from contract value.
