The Plan Administrator
The Mount Sinai Medical Center Salary Reduction Contribution
403(b) Plan

We were engaged to audit the accompanying financial statements of The Mount Sinai Medical Center Salary Reduction Contribution 403(b) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

The Mount Sinai Medical Center Salary Reduction Contribution 403(b) Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, including such contracts and custodial accounts included in the January 1, 2011 transfer described in Note 1. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by those conditions.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Mount Sinai Medical Center
Salary Reduction Contribution 403(b) Plan

Notes to Financial Statements

December 31, 2012

1. Description of Plan

The following description of the Mount Sinai Medical Center Salary Reduction Contribution 403(b) Plan (the Plan) provides general information about the Plan's provisions. The Plan covered employees of the Mount Sinai Hospital (the Hospital) and certain affiliates, including the eligible faculty and staff of Queens Hospital Center and City Hospital Center of Elmhurst, the Mount Sinai Medical Center, Inc. and the Icahn School of Medicine at Mount Sinai (formerly the Mount Sinai School of Medicine) (the Affiliates). The Hospital and the Affiliates were the Plan sponsors and participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsors.

Plan Merger

Effective December 31, 2012, the Plan was merged into the Mount Sinai Medical Center 403(b) Retirement Plan (Original Plan). As a result of the merger, all Plan participants and net assets of \$117,767,630 were transferred to the Original Plan. Although it has not expressed any intent to do so, the Hospital and Affiliates have the right under the Original Plan to terminate the Original Plan subject to the provisions of ERISA.

General – Prior to Plan Merger

The Plan was a defined contribution Plan effective as of January 1, 2004 and established to provide retirement income benefits to eligible employees of the Mount Sinai Hospital and the Affiliates through group annuity contracts and custodial accounts under Section 403(b)(7) of the Internal Revenue Code of 1986, as amended (the Code). The Plan was amended and restated effective January 1, 2009 to comply with the final Treasury Regulations under Code Section 403(b), the applicable provisions of the Pension Protection Act of 2006 and other applicable legislation.

The Board of Trustees of the Mount Sinai Hospital (the Board) was responsible for the general administration of the Plan regarding all filings with any governmental entity and was responsible for all non-fiduciary matters under the Plan. The Plan Administrator was authorized to designate a Benefit Committee to carry out the responsibilities of the Plan Administrator. The Benefit Committee was the named trustee pursuant to Section 402(a)(1) of the Employee Retirement Income Security Act of 1974 (ERISA) to carry out all of the fiduciary responsibilities under the

1. Description of Plan (continued)

Plan. The Prudential Insurance Company of America (Prudential), Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) and The Vanguard Group (Vanguard) were the recordkeepers and custodians of the Plan. The Plan was subject to the provisions of ERISA, as amended.

Participation

The Plan covered faculty and staff of the Hospital and the Affiliates, full-time, part-time, per diem status and regular or temporary status hired on or after January 1, 2004. The Plan was amended December 20, 2011, such that any non-union employee who was hired or rehired on or after January 1, 2012 was eligible to become a participant under the Plan. The employee became eligible to participate in the Plan, with respect to making salary reduction contributions, on the date of hire or as soon as administratively feasible. Independent contractors, agents, leased employees and participants of the Mount Sinai Medical Center 403(b) Retirement Plan were not eligible to participate in the Plan.

Contributions

Participants were permitted to contribute to the Plan an amount not to exceed \$17,000 and \$16,500, for 2012 and 2011, respectively, as prescribed by the Code. Participants may have also contributed amounts representing distributions from other qualified plans and the limits would apply to the sum of all applicable calendar year contributions. The minimum annual employee voluntary contribution to the Plan was \$200. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions limited in total each year by the Code to \$5,500. The Code also provided that combined employee voluntary contributions and employer contributions (to The Mount Sinai Medical Center Employer Contribution 403(b) Plan) could not exceed the lesser of \$49,000 (\$54,500 if 50 years or older) or 100% of the employee's gross annual earnings. Participants directed the investment of their contributions into various investment options offered by the Plan. Participants could change their investments on a daily basis, but there may have been restrictions and fees applied by the investment manager.

1. Description of Plan (continued)

Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of Plan earnings, and was charged with an allocation of administrative expenses. Plan earnings were allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses were based on the participant's account balances, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately 100% vested in their contributions and investment earnings thereon.

Notes Receivable From Participants

Participants could borrow against their accounts invested with Prudential and TIAA-CREF. Vanguard did not facilitate loans under the Plan. Participants could transfer all or part of the account balance maintained by Vanguard to Prudential or TIAA-CREF and apply the transferred funds to receive a loan. Participants could borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms ranged from 1-5 years or up to 20 years for the purchase of a primary residence. The \$50,000 limit was reduced by the participant's highest outstanding loan balance during the preceding 12-month period. The loans bore interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. Principal and interest was paid ratably on a quarterly basis by the participants. If a participant with an account balance terminated employment with the Hospital or the Affiliates, he or she still had a right to receive a loan under the Plan. If the loan was not repaid, it was automatically treated as a distribution to the participant which was reported to the Internal Revenue Service as taxable income and subject to an additional 10% penalty tax.

Mount Sinai Medical Center
Salary Reduction Contribution 403(b) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Loans from TIAA-CREF were issued directly from funds owned by TIAA-CREF and not directly from a participant's account. Adequate security was required and a portion of the participant's account was reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Loans from TIAA-CREF at December 31, 2012 and 2011 were \$0 and \$1,173,308, respectively. The amount held in collateral is included in investments on the statements of net assets available for benefits.

Payment of Benefits

Upon separation from service with the Hospital or the Affiliates due to death, attaining age 59 1/2, disability, retirement or termination, a participant whose account balance exceeded \$1,000 could elect to receive either a lump-sum or could elect installment payments. A participant whose account balance was \$1,000 or less and had not commenced receiving installment payments received an immediate lump-sum distribution equal to his or her account balance.

In-service withdrawals were available in certain limited circumstances, as defined by the Plan. Hardship withdrawals were allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. The participant could make a withdrawal from his or her employee contribution account, but not in excess of the actual contributions to his or her employee contribution account. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must have exhausted all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

All administrative expenses of the Plan were paid by the Plan unless reimbursed by the Hospital or the Affiliates. Any contribution, benefit, taxes applicable to contributions or maintenance charges or similar fees imposed by any custodian were deductible from the contributions from accounts of participants or from the benefit payments made by the custodian.

1. Description of Plan (continued)

Transfers to Other Mount Sinai 403(b) Plans

The custodians and recordkeepers of the Plan are also the custodians and recordkeepers of the Original Plan and the Mount Sinai Medical Center Employer Contribution 403(b) Plan (Employer Plan) (collectively, the Plans). The Original Plan generally provides for employee and employer contributions to eligible employees hired prior to January 1, 2004, and eligible union employees regardless of hire date. The Employer Plan provides an employer contribution to eligible non-union employees in specified job categories hired after January 1, 2004. In 2011 and 2012, it was discovered that certain participants' balances were classified incorrectly among the Plans. Management worked with the Plans' vendors to correct these errors and, as a result, the Plan recorded these reclassifications as a transfer in the accompanying 2011 statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. The Plan follows a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available.

Observable inputs are inputs that market participants operating within the same marketplace as the Plan would use in pricing the Plan's asset or liability based on independently derived and objectively determined market data. Unobservable inputs are inputs that cannot be sourced from a broad active market in which assets or liabilities identical or similar to those of the Plan are traded. The Plan estimates the price of any assets for which there are only unobservable inputs by using assumptions that market participants that have investments in the same or similar assets would use as determined by the money managers administering each investment based on the best information available in the circumstances. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable as follows:

- Level 1 – Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted market prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 – Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.
- Level 3 – Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mount Sinai Medical Center
Salary Reduction Contribution 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Plan had investments in TIAA Traditional Annuities. The TIAA Traditional Annuity guarantees principal and a specified interest rate, with the opportunity for additional amounts determined annually by TIAA's Board of Trustees. Certain restrictions limit participant access to funds based on the type of contract held. Participants with a Retirement Annuity contract are unable to receive lump-sum cash withdrawals from the TIAA Traditional Annuity and transfers must be spread over a 10-year period. Participants with a Group Retirement Annuity contract are able to receive lump-sum withdrawals from the TIAA Traditional Annuity only within 120 days after termination of employment. All other transfers from the TIAA Traditional Annuity must be spread over a 10-year period (five years for withdrawals after termination of employment).

Given the aforementioned limitations on participant access to the fund, management does not consider the contracts to be fully benefit responsive. Supplemental Retirement Annuity contracts and Group Supplemental Retirement Annuity contracts do not have such restrictions and are considered by management to be fully benefit responsive. All TIAA Traditional Annuities are reported at contract value, which approximates fair value.

The Plan also had investments in Prudential's Group Annuity Contract (GAC). Generally, withdrawals of all or a portion of the GAC balance is without fees or restrictions for termination of employment, retirement, disability, or death. Exchanges from the GAC to other Prudential investment options and transfers to other investment providers in excess of 20% of the participants beginning of year balance may be subject to a market value charge. Such charge will be equal to a percentage which is calculated based on 2.5 times the difference in the weighted average interest rate being credited to the amount requested to be exchanged and the rate being credited to new contributions (the New Rate). If the New Rate is the same or lower than the participant's weighted average rate, a market value charge will not apply. As an alternative, the participant may request that his or her GAC balance be exchanged or transferred in five annual installments without any market value charges. Prudential's GAC is reported at fair value as determined by Prudential, with an adjustment to contract value because the contract is considered benefit responsive.

All other investments are measured at market value.

2. Summary of Significant Accounting Policies (continued)

Investment income is recognized when earned and consisted of interest and dividends. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

4. Fair Value Measurements

The Plan's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2011 (due to the plan merger no assets were held as of December 31, 2012):

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Equity mutual funds ^(a)	\$ 16,430,985	\$ —	\$ —	\$ 16,430,985
Money market mutual funds ^(b)	5,940,756	—	—	5,940,756
Fixed income funds ^(c)	5,612,015	—	—	5,612,015
Lifecycle funds (hybrid funds) ^(d)	40,676,746	—	—	40,676,746
Pooled separate accounts ^(e)	—	890,098	—	890,098
Guaranteed investment contracts ^(f)	—	—	17,084,095	17,084,095
Total assets at fair value	<u>\$ 68,660,502</u>	<u>\$ 890,098</u>	<u>\$ 17,084,095</u>	<u>\$ 86,634,695</u>

^(a) This category includes investments in mutual funds that invest primarily in common stock of large-cap, mid-cap, and small-cap domestic and international corporations.

^(b) This category includes investments in mutual funds that invest primarily in short term debt securities, including treasury bills, commercial paper and certificates of deposit.

^(c) This category includes investments in mutual funds that invest primarily in debt securities of the U.S. government and corporations with short-term, intermediate and long-term maturities.

^(d) This category includes investments in mutual funds that are made up primarily of a mix of stocks and bonds, which vary proportionally over time or remain fixed. Lifecycle funds are automatically adjusted during the course of the funds time horizons.

4. Fair Value Measurements (continued)

^(e) This category includes investments in a mix of securities maintained by an insurance carrier.

^(f) This category includes an investment in fixed annuity contracts that are fully and unconditionally guaranteed by two of the custodians of the Plan.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2012 and 2011:

	Level 3 Assets	
	2012	2011
Balance, beginning of year	\$ 17,084,095	\$ 12,347,095
Transfers	—	898,868
Purchases	3,992,696	4,155,248
Sales	(1,128,679)	(289,706)
Unrealized (loss) gain relating to adjustment from contract value to fair value for guaranteed investment contracts	3,100	(27,410)
Transfer to The Mount Sinai Medical Center 403(b) Retirement Plan due to merger (<i>Note 1</i>)	(19,951,212)	—
Balance, end of year	<u>\$ —</u>	<u>\$ 17,084,095</u>

Following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan.

- *All mutual funds*: Valued at the net asset value of shares held by the Plan at year end.
- *Pooled separate funds*: Valued at the net asset value as determined by the insurance carrier.
- *Guaranteed investment contracts*: See Note 2.

5. Investment Contracts with Insurance Companies

The Plan offered contracts with Prudential and TIAA-CREF. The issuers maintain the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The Plan's contractual minimum crediting rate shall never fall below 3%.

There are provider specific restrictions for each contract offered by the Plan. See Note 2 for details.

Average Yields for Investment Contracts	2012	2011
Based on actual earnings	3.05%	3.44%
Based on interest rate credited to participants	3.05	3.44

6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for the Plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Tax Status (continued)

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

7. Related-Party Transactions

Certain of the Plan's assets were invested in funds managed by the custodians of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Subsequent Events

The Plan has considered for accounting and disclosure events that occurred through July 21, 2014, the date the financial statements were available to be issued. On September 30, 2013, the Boards of Trustees of The Mount Sinai Medical Center and Continuum Health Partners completed the transaction to establish a new, integrated health system called the Mount Sinai Health System. The Mount Sinai Hospital is a member of this newly formed health system. Management has not yet determined the impact of this transaction, if any, on the Plan. Additionally, effective November 2013, TIAA-CREF became the recordkeeper and custodian of the Original Plan. Plan assets from Prudential and Vanguard were transferred to TIAA-CREF. There were no other subsequent events or transactions which either resulted in recognition in the accompanying financial statements or required additional disclosure.
