FINANCIAL STATEMENTS
DECEMBER 31, 2013
(WITH INDEPENDENT AUDITORS REPORT

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Fesco, Ltd. 401(K) Plan

We have audited the accompanying financial statements of Fesco Ltd. 401(K) Plan as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the year(s) then ended, and the related notes to the financial statements.

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are fee of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Fesco, Ltd. 401(K) Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year(s) then ended in accordance with accounting principles generally accepted in the United States of America.

FESCO, LTD. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE A – DESCRIPTION OF PLAN

The following description of the FESCO, Ltd. 401(K) Plan (the Plan) of FESCO, Ltd., (the Company) provides only general information. The original Profit Sharing Plan was adopted by the Company effective August 1, 1966, and was amended to include the 401(K) provision on August 1, 1988. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full time employees of the company who have one year of service as defined in the Plan articles and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions. Active participants are eligible to share in and benefit from the profits of the Company in such amounts as the Company determines at its discretion each year. A portion of the Company's profit each year may be placed in the Trust Fund for the benefit of all employees who participate in the Plan. Active participants may make pre-tax contributions up to $17,500 in 2013 if the participant is less than 50 years old and $23,000 if 50 or older. The Company will match employee contributions up to 5% of employee gross earnings.

Participant Accounts. Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings or losses, and (c) forfeitures of terminated participant's non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan articles. The benefit to which a participant is entitled is the accumulated balance of each participant's account.

Vesting. Vesting in the participant's account is based on years of continuous service. Participants are fully vested after 3 years of service. Participants are vested 0% for less than three years of

service. A participant is automatically vested in the event of death or if permanently disabled. However, regardless of this vesting schedule, a participant is always 100% vested in the contributions made through salary deferral.

Payment of Benefits. On termination of service, a participant may elect to receive a lump sum amount equal to the value of his or her vested account, or elect equal installments to be paid over a period not exceeding the participant's and his designated beneficiary's life expectancy.

Forfeited Accounts. For the period ending December 31, 2013 forfeited non-vested accounts totaled $172,622 allocated as matching contributions. For December 31, 2012, forfeitures allocated as matching contributions totaled $81,014.

Participant Loans. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are allowed to be offset against participant balances.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review. Subsequent events were evaluated through July 17, 2014 which is the date the financial statements were available to be used.

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported accounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interst income is recorded

on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

LEVEL 1 FAIR VALUE MEASUREMENT:
The fair value of mutual funds is based on quoted net asset values of the shared held by the PLAN at year end. The fair value of common stocks, corporate bonds, and US Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following represents all of the investments held by the plan.

Mutual Funds - $55,644,932 – Level 1

	Fair Value	Quoted Prices In Active Market for Identical Assets
Growth	$31,742,275	$31,742,275
Income	2,294,717	2,294,717

Balanced	13,361,110	13,361,110
Fixed	8,246,830	8,246,830
Total	$55,644,932	$55,644,932

Investments are self-directed by participants.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE E – TAX STATUS

The Plan has received a favorable determination letter and qualifies under the provisions of Section 501(a) of the Internal Revenue Code as a tax-exempt organization; consequently, no federal tax provision is required.

NOTE F – INVESTMENTS

The following investments individually represent five percent or more of the net assets available for plan benefits at December 31, 2013 and December 31, 2012:

	12/31/13	12/31/12

Registered Investment Companies	$7,762,430

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – Statement of Assets Available for Benefits

Net assets available for benefits at December 31, 2013 include $3,621,998 allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the earnings and operations of the plan. The $3,621,998 is payable to the former participants.
