INDEPENDENT AUDITOR'S REPORT

To the Administrator of
US Manufacturing Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of US Manufacturing Corporation 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the supplemental schedule, as shown in the table of contents, as of December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

US MANUFACTURING CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the US Manufacturing Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion employees of U.S. Manufacturing Corporation (the Company) who have completed 90 days of service. Employees enter the Plan on the first day of the calendar quarter following completion of the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and Administration

Wilmington Trust Company is the Trustee and the investment custodian of the Plan. The Trustee holds all of the Plan's assets and executes all investment transactions. The Newport Group performed recordkeeping and administration services on behalf of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of eligible compensation up to the maximum amount currently allowed by law through payroll withholdings to several investment alternatives as directed by the participant. The Plan has an 'automatic enrollment' feature wherein eligible employees are enrolled at 3 percent of compensation unless they affirmatively elect a different percentage. The amount of a participant's contributions for any calendar year may not exceed certain limits under Section 402(g) of the Internal Revenue Code. The limit is \$17,500 and \$17,000 for the years ended December 31, 2013 and 2012, respectively. Participants who have attained age 50 before the end of the year are eligible to make additional "catch-up" contributions.

The Company contributes safe harbor contributions of 100% of each participant's contribution up to 1% of the participant's compensation, plus 50% of each participant's contribution between 1% and 6% of the participant's compensation. The Plan also provides for discretionary employer profit sharing contributions. The Company elected to make a discretionary contribution of \$435,032 to the Plan for the year ended December 31, 2013. The Company elected not to make discretionary profit sharing contributions for the year ended December 31, 2012.

US MANUFACTURING CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Plan may also accept rollover contributions of retirement benefits that originate from another qualified retirement plan or from a "conduit" IRA. However, the plan administrator reserves the right to refuse acceptance of any rollover which might affect the status of the Plan. Rollover contributions will be subject to the terms of the Plan, will be fully vested and will not be subject to forfeiture.

The Internal Revenue Code also sets limits on total employer and employee contributions made to a participant's account. This limit, referred to as the Annual Addition Limit, is the lesser of \$51,000 and \$50,000 or 100% of a participant's compensation net of salary deferrals for the years ended December 31, 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) the employees' voluntary contributions; and (c) plan earnings. The accounts are charged for any withdrawals, distributions and administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions, safe harbor contributions, employer-matching contributions, and actual earnings thereon. These amounts are not subject to forfeiture for any reason.

A participant vests 20% in Company discretionary contributions after one year of credited service and 20% each successive year through year five, at which time the participant is fully vested.

Participants also become 100% vested in employer contributions when termination of employment is the result of attaining retirement age, and upon death or total disability.

Forfeitures

Forfeitures attributable to contributions shall first be used to pay administration expenses of the Plan. Any remaining forfeitures will be allocated as additional contributions to participants. Forfeitures of \$733 and \$5,172 were used to pay administration expenses during the Plan years ended December 31, 2013 and 2012, respectively. There was no balance in the forfeiture account at December 31, 2013 and 2012.

US MANUFACTURING CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant or their designated beneficiaries may receive a lump-sum payment or payment through periodic installments. The plan administrator has the option to issue lump-sum distributions to those participants whose account balances are less than \$1,000. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the Plan document.

Benefit payments are recorded when paid.

Participant Loans

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum is reduced by the participant's highest outstanding loan balance during the last 12 months. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear the prevailing rate of interest. Interest rates on loans outstanding as of December 31, 2013 and 2012, ranged from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend, modify, terminate or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested and the net assets would be distributed to the participants according to the participants' account balances.

Administrative Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees, are paid directly by the plan sponsor. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Other fees and expenses relating to the day-to-day plan operations are paid by the Plan.

US MANUFACTURING CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employer contributions and income from investments are recorded when earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, excluding the stable value fund, represent the Plan's interest in the fair value of the net assets of interest in registered investment companies as determined by the trustee of the Plan, at December 31, 2013 and 2012. Investment transactions are reflected on a trade-date basis. Gains and losses on investment transactions are based on average costs. Dividend income is recorded on the ex-dividend date. Investment income represents the Plan's pro rata share of the aggregate income of the registered investment companies.

Investment income also includes the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) of those investments. The Plan's guaranteed investment contract is valued at fair value using a market approach based on market rates of similar contracts.

The stable value fund invests in fully benefit-responsive investments contracts. This fund is recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Allocation of Investment Income and Gains and Losses

Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Tax Status

The Plan is a non-standardized prototype plan, which has been filed with the Internal Revenue Service and has received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS). Management believes the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan's management has performed a review of events subsequent to the statement of financial position through July 17, 2014, the date the financials were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wilmington Trust Company, the trustee of the Plan.

NOTE 4 – INVESTMENTS

Investments at fair value representing five percent or more of the Plan's net assets are as follows:

	December 31,	
	2013	2012
Wells Fargo Stable Value C	\$ 2,006,247	\$ 2,948,562
American EuroPacific Growth	\$ 987,107	\$ 823,222

Vanguard Total Bond Market	N/A	\$ 651,301

NOTE 5 – FAIR VALUE MEASUREMENTS

ASC Topic *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under ASC Topic *Fair Value Measurements* as described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value or certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Although not required by the Plan, the Company paid certain administrative expenses on behalf of the Plan in 2013 and 2012. Such expenses were not significant to the Plan's net assets. Such transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

The Plan's third party advisors, Newport Retirement Services, Inc. and Retirement Funding Advisors, Inc. provided various administrative and advisory services to the Plan during the year. Transactions involving these services are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees paid to the third party advisors for the years ended December 31, 2013 and 2012 were \$61,923 and \$57,510, respectively.
