(1) Description of the Plan

The following description of the Kansas City Royals Baseball Corporation 401(k) Plan (the Plan) is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that was adopted by the Kansas City Royals Baseball Corporation (the Company or Plan Administrator) effective June 1, 2001. The Plan is administered by the Company.

(b) Eligibility

Employees of the Company are eligible for participation in the Plan after completing one year of continuous service, attaining the age of 21, and completing 1,000 hours of service in the Plan year. Employees that are nonresident aliens or part of a collective bargaining agreement are not eligible for participation in the Plan.

(c) Contributions

The Plan establishes a qualified cash or deferred compensation arrangement permitting eligible employees to authorize the Company to make tax-deferred salary reduction contributions on their behalf up to 50% of their annual earnings, subject to certain limitations under the Internal Revenue Code. The Company makes a matching contribution of 50% of each participant's contributions, up to a maximum of 6% of each participant's annual compensation.

Contributions made by the Company and participating employees are not required to be included in the employees' taxable income until the year of withdrawal from the Plan.

(d) Vesting

Upon retirement or termination of employment, Plan participants are entitled to receive the full value of their contributions and earnings thereon. Vesting in Company contributions occurs as follows:

Years of service	Percentage vested
1	20%
2	40
3	60
4	80
5	100

Each participant is 100% vested upon disability, death, or attainment of age 65 while employed by the Company.

(Continued)

(e) Trustee

The Trustee of the Plan is the Kansas City Royals Baseball Corporation (the Trustee). The Trustee holds all assets of the Plan and executes all investment transactions in accordance with the provisions of the Plan Agreement.

(f) Investments

The Plan's investments are held by Principal in 8 nonproprietary mutual funds or in 14 pooled separate investment accounts maintained by Principal. Participants of the Plan may elect any of the following investment options:

A participant's account may be invested 100% in any fund or may be allocated among the funds. Participants may elect to change their investment allocations at any time and may elect to transfer funds between accounts throughout the year. The Company's matching contributions are 100% participant directed.

(g) Distributions

Distributions of vested balances are available upon termination (subject to the approval of the Plan Administrator), retirement at or after age 65, death, or permanent and total disability. Distributions are made in a lump sum to designated beneficiaries and joint survivors.

(h) Hardship Withdrawals

A participant may at any time withdraw any portion of his or her employee account upon showing financial hardship, as permitted by the Internal Revenue Code.

(i) Forfeitures

Forfeitures represent the nonvested portion of participant account balances upon termination. Forfeited amounts may first be applied against the administrative fees paid to Principal by the Company, with any remaining forfeitures used to reduce future Company contributions. Forfeitures totaled approximately $5,440 and $3,340 in 2013 and 2012, respectively. During 2013 and 2012, accumulated forfeitures of approximately $5,440 and $3,340, respectively, were used to offset employer contributions.

(j) Plan Termination

Although they do not have any intention of doing so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA). In the event of termination, net assets shall be distributed to participants in accordance with their account balances.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefits are recorded when paid.

(b) Investment Valuation

The investments have been reported to the Plan by the Trustee at fair value, determined principally based on quoted market prices, using similar assets in an active market, or using the underlying asset's net asset value in an actively traded market. Net appreciation (depreciation) in fair value of

(Continued)

investments includes both realized and unrealized gains and losses on securities held by the funds. Purchases and sales of investments are recorded on a trade-date basis.

(c) Administration Expenses

Substantially all costs and expenses incurred in administering the Plan are paid by the Company.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(3) Investments

Plan investments that represent 5% or more of the Plan's assets available for benefits at December 31, 2013 and 2012 are as follows:

	2013	2012
Nonproprietary mutual funds:		
American Century Mid Cap Value Advisor Fund	$ 903,394	679,201
Vanguard Primecap Fund	2,478,932	1,533,200
Janus Adviser International Growth S Fund	—	787,889
JPMorgan Large Cap Growth A Fund	994,513	689,120
Wells Fargo Advantange Discovery Institutional Fund	1,193,661	897,309
Pooled separate investment accounts:

Principal Lifetime 2040 Separate Account	918,160	644,332
Principal Lifetime 2050 Separate Account	762,657	—

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2013	2012
Nonproprietary mutual funds	$ 1,611,766	598,487
Pooled separate accounts	738,605	515,076
Net appreciation in fair value of investments	$ 2,350,371	1,113,563

(Continued)

(4) Federal Income Taxes

The Plan has received a favorable determination letter from the Internal Revenue Service, dated October 20, 2009, indicating that it is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from tax under Section 501(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

The Plan Administrator is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the schedule H, Line 4i – schedule of assets held for investment purposes as of December 31, 2013, note 3 and note 7, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012. As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

(7) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – The fair value of the mutual funds is based on quoted market prices from national securities exchanges.

Pooled Separate Accounts – Valued using similar assets in an active market or using the underlying asset's net asset value in an actively traded market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

(8) Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by Principal Mutual Life Insurance Company. Principal is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

(9) Subsequent Events

The Company evaluated subsequent events, through July 18, 2014, which is the date the financial statements were available to be issued.
