Independent Auditor's Report

Plan Administrator
Ludlum Measurements, Inc. 401(k) Plan
Sweetwater, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ludlum Measurements, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3* and notes receivable from participants and related interest income, which was certified by Great West Life and Annuity Insurance Company (Great West), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis of Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under *the Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report of Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Ludlum Measurements, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of Ludlum Measurements, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Ludlum Measurements, Inc. (Company or Employer) for the benefit of its employees who have at least three months of service and are age 20 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Great West Life and Annuity Insurance Company (Great West) is the custodian of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions, subject to a maximum dollar limit, as determined under Internal Revenue Code (IRC) regulations. Participants over the age of 50 are allowed catch-up contributions. Participants may also contribute amounts that represent distributions from other qualified plans. The Company makes matching contributions of 33% of employees' salary deferral amounts, up to a maximum of 4% of the participant's compensation. Such contributions are made at the discretion of the employer and allocated to each eligible participant in proportion to their compensation as a percentage of the compensation of all eligible participants.

The Employer may also make additional discretionary contributions as determined by the Company's board of directors, which are allocated to each eligible participant in proportion to the participants' compensation as a percentage of the compensation of all eligible participants. The discretionary contribution and the allocation thereof are not dependent on employee contributions made. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into separate investment accounts and may change the allocation daily.

Notes to Financial Statements
December 31, 2013 and 2012

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, the Company's contributions and earnings thereon.

Payment of Benefits

Upon termination of service, retirement, death or full and permanent disability, a participant may elect to receive either a lump-sum amount equal to the value of their account, or a joint or survivor annuity. As of December 31, 2013 and 2012, there were no requested unpaid benefits.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $110 and $109, respectively. These accounts are first used to pay any administrative expenses and then can be used to reduce Employer contributions.

Participant Loans

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan is $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence, which may not exceed 10 years) through payroll withholdings unless the participant is paying the loan in full. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract. The accompanying statement of net assets available for benefits presents the fair value of the investment contract. The accompanying statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts are valued at estimated fair value by the custodian, based on the quoted market prices of the underlying mutual funds.

The general account (unallocated) is valued at contract value, which approximates fair value, as provided by the custodian of the Plan. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds withdrawn.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

With few exceptions, the Plan is no longer subject to the U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for the years before 2010.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Reclassifications

Certain reclassifications have been made to the 2012 financial statements to conform to the 2013 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Investments

The Plan's investments are held by a bank-administered trust fund. The fair value of the Plan's investments at the end of the year is as follows:

	2013	2012
Pooled separate accounts	$ 9,142,346	$ 7,433,323
General account (unallocated)	567,323	424,117
	$ 9,709,669	$ 7,857,440

The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2013	2012
Pooled separate accounts	$ 1,238,785	$ 934,864

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2013	2012
Great West Lifetime 2015 Portfolio II T1	$ 2,551,380	$ 2,195,475
Great West Lifetime 2025 Portfolio II T1	$ 2,611,028	$ 2,381,953
Great West Lifetime 2035 Portfolio II T1	$ 1,257,732	$ 1,002,978
Great West Lifetime 2045 Portfolio II T1	$ 922,614	$ 679,560
Key Guaranteed Portfolio Fund	$ 567,323	$ 424,117

Interest and dividends realized on the Plan's investments for the years ended December 31, 2013 and 2012, were $6,355 and $5,593, respectively.

Information on the fully benefit-responsive contract relating to the general account carried at fair value is as follows:

	2013	2012
Average yield	1.26%	1.45%
Crediting interest rate at December 31	1.26%	1.45%
Fair value	$ 567,323	$ 424,117
Contract value	$ 567,323	$ 424,117

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of pooled separate accounts managed by Great West, which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

Note 5: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2013				
Pooled separate accounts	$ 9,142,346	$ -	$ 9,142,346	$ -
General accounts (unallocated)	567,323	-	567,323	-
December 31, 2012				
Pooled separate accounts	$ 7,433,323	$ -	$ 7,433,323	$ -
General accounts (unallocated)	424,117	-	424,117	-

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts which are valued at the net asset value of the underlying mutual funds and unallocated investments in the custodian's general account valued using an investment rate credited to the balance on a daily basis. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Investment Contract with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Great West. Great West maintains certain contributions in a general account (unallocated). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value which approximates fair value. At December 31, 2013 and 2012, the contract value approximates fair value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012, was $567,323 and $424,117, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Average yields		
Based on actual earnings	1.26%	1.45%
Based on interest rate credited to participants	1.26%	1.45%

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through July 18, 2014, which is the date the financial statements were available to be issued.
