MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 And 2012

1. Description Of The Plan

The following brief description of the Major Brands, Inc. Employees' 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of Major Brands, Inc. (the Plan Sponsor), Major Eagle, Inc. and Western Beverage, LLC (collectively the Employers), except certain collective bargaining employees, demonstration personnel and stockers and employees of Quality Acquisition Company, LLC, a wholly owned subsidiary of Major Eagle, Inc. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In January 2012, Major Eagle, Inc. sold substantially all assets of Western Beverage, LLC. The sale resulted in a partial plan termination, which requires all participants affected to become 100% vested in their account balances. These participants will have the option to leave their accounts in the Plan (subject to minimum balance of \$5,000) or take a distribution as permitted under Plan provisions, however, they are no longer able to make deferral contributions to the Plan.

Effective January 16, 2013, the Company restated its Adoption Agreement to include all employees under collective bargaining agreements. Major Brands made a one-time initial contribution on behalf of these employees in the amount of \$580,900 in April 2013.

Eligibility

Participation is effective the first day of the second month after an employee is hired. Participants are eligible to receive matching contributions after one month of service.

The Plan includes an automatic enrollment provision for all eligible employees. Automatic enrollment provides for default deferral contributions of 3% of eligible compensation, as defined by the Plan. Contributions will be invested in target date retirement funds, based upon the participant's date of birth. The participant has the option to make changes to deferral percentage and investment allocation at any time.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Contributions

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan, not to exceed the maximum amount allowed by law. Additionally, participants age 50 and over may make "catch-up contributions." Participants may also make rollover contributions to the Plan, provided such rollover amounts meet the criteria for transfer as established under the Internal Revenue Code (IRC). The Plan Sponsor has implemented a Qualified Automatic Contribution Arrangement under which the Employers make nonelective matching contributions to the Plan equal to 100% of the first 3% of participant deferrals, plus 50% of the next 3% of participant deferrals.

Participant Accounts

Participants direct investment of balances in their accounts among several registered investment companies, a money market fund, and self-directed brokerage accounts.

Each participant's account is credited with the participant's contributions, the Employers' matching contribution, and an allocation of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are for a period not exceeding five years unless used to purchase a primary residence, in which case the term may not exceed ten years. Loans are secured by the balance in participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Sponsor. At December 31, 2013, the interest rate on outstanding loans was 5.25%, is payable in installments through payroll deductions and are due at various dates through May 2023.

Participant Hardship Withdrawals

A participant may withdraw from the Plan the portion of his or her account resulting from elective deferrals in the event of undue financial hardship.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Vesting

Participants are fully vested in their contributions plus actual earnings. Employers' nonelective matching contributions and discretionary matching contributions are fully vested after two years of service.

In any event, participants become fully vested upon death, disability, or reaching normal retirement age of 65.

Payment Of Benefits

Upon termination of service due to death, disability or retirement, the vested account balance of the participant's account becomes payable to the participant as a lump sum distribution or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce Employers' contributions and Plan administrative expenses. Forfeitures used to reduce Employers' contributions and administrative expenses were \$18,553 and \$45,293 during 2013 and 2012, respectively. At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$35,863 and \$9,543, respectively. These accounts will be used to reduce future Employers' contributions and administrative expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to levels of risk associated with certain investment securities, it is at least reasonably possible changes in values of investment securities will occur in the near term and such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for description of fair value measurements. Purchases and sales of securities are recorded on trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Administrative Expenses

Significant expenses of the Plan are paid by the Plan Sponsor and are not included in the statement of changes in net assets available for benefits.

Subsequent Events

Management has evaluated subsequent events through July 21, 2014, the date which financial statements were available for issue.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived from Charles Schwab Bank or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies And Money Market Fund

Valued at the net asset value (NAV) of shares held by the Plan at year end.

Self-Directed Brokerage Accounts

Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

5. Income Tax Status

The Plan Sponsor adopted a prototype plan provided by the Plan's recordkeeper. The prototype plan received a favorable opinion letter from the Internal Revenue Service that the prototype plan is designed in accordance with the applicable sections of the IRC and, therefore, the related trust is tax-exempt. The Plan Administrator has determined it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The prototype plan and the Plan have been amended since the date of the opinion letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirement of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan's federal tax returns for tax years 2010 and later remain subject to examination by taxing authorities.

6. Related Party Transactions

Certain Plan investments are shares of registered investment companies and a money market fund managed by the Trustee. These transactions qualify as party-in-interest transactions allowable under ERISA regulations. Fees paid by the Plan to the Trustee for administrative expenses amounted to \$2,438 in 2013 and \$2,579 in 2012.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their accounts.

8. Subsequent Events

Effective January 1, 2015, the Company amended its Adoption Agreement to remove the automatic enrollment provision.
