1. Description of the Plan

The following description of Vino Farms, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Vino Farms, LLC (the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 21 and completed one year of service. Participants may begin deferring a portion of their salary into the Plan on the January 1 or July 1 following eligibility. Employees covered by a collective bargaining agreement, employees of Kidco #1 LP, J&J Brothers LLC, or Sibco, LLC, independent contractors, and non-resident aliens are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participants may defer up to 100% of their compensation, subject to certain anti-discrimination tests and to an annual limitation of $17,500 for 2013 ($23,000 for those participants who are age 50 or over).

The plan sponsor has the option under the Plan to make discretionary matching contributions. Participants are eligible for an allocation of the discretionary matching contribution providing they have been employed with the plan sponsor for a period of twelve months, have accumulated 1,000 hours of service, and are employed on the last day of the year. For 2013, the plan sponsor matched participant contributions at the rate of 25% for each dollar contributed, up to the first 6% of compensation.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of those funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment activity pursuant to the participant's investment allocations. Allocations of income are based strictly on the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

A participant has a 100% non-forfeitable interest at all times in their contributions and earnings thereon. Participants vest in discretionary matching contributions at the rate of 20% per year after the first year of service. Participants are immediately vested in the event of death, disability, or attainment of age 65. Forfeitures are first used to pay administrative expenses then offset plan sponsor contributions. At December 31, 2013 and 2012, forfeitures available to offset future expenses and plan sponsor contributions were $8,973 and $885, respectively. During the year ended December 31, 2013, no forfeitures were used to reduce employer contributions.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, death, disability, financial hardship or termination of employment. In-service distributions are available to those participants age 59½ or older. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum or partial withdrawals. Benefits payable under the Plan shall be distributed solely from the assets of the trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution at the discretion of the plan administrator. Account

balances under $5,000 but greater than $1,000 will be distributed directly to an individual retirement account. Account balances that are under $1,000 will be distributed as a lump sum in cash. Retired participants must begin receiving distributions no later than April 15 of the year following the year the participant turns age 70 ½.

Notes Receivable from Participants
The Plan provides for participants to obtain a loan up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $500. Loans bear an interest rate similar to those rates offered in commercial lending determined on the date of the advance by the plan administrator. Participants may have only one loan outstanding at a time. All loans have a term of not more than five years (unless the loan is used to acquire a principal residence) and are payable through regular payroll deductions. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other plan investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan was without amendment during 2013.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, insurance company and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through July 7, 2014 the date the financial statements were available to be issued.

3. Certification of Assets

John Hancock Life Insurance Company ("Hancock") served as the custodian of the Plan's assets. In that capacity, Hancock held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from Hancock as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2013 and 2012, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2013, was obtained or derived from the certified information.

4. Fair Value Measurements - unaudited

Assets at Fair Value as of December 31, 2013:

	Level 1
Pooled Separate Accounts:	
Equity Funds	$ 3,453,616
Balanced Funds	876,410
Stable Value Funds	188,151
Bond Funds	633,959
International Equity Funds	518,813
Total Pooled Separate Accounts	5,670,949
Interest-bearing cash	8,973
Total	$ 5,679,922

Assets at Fair Value as of December 31, 2012:

	Level 1
Pooled Separate Accounts:	
Equity Funds	$ 2,590,927
Balanced Funds	755,433
Stable Value Funds	160,322
Bond Funds	622,512
International Equity Funds	414,027
Total Pooled Separate Accounts	4,543,221
Interest-bearing cash	885
Total	$ 4,544,106

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the quoted net asset value of shares of the underlying investments held by the plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments – unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2013 and 2012:

	2013	2012
JH Lifestyle Moderate	$ 537,978	$ 531,343
JH Lifestyle Balanced	876,410	755,433
JH Pimco Total Return	633,959	622,512
JH 500 Index Fund	797,511	586,281
JH Europacific Growth Fund	473,950	378,329
JH VS Blue Cp	797,170	553,173
JH Equity Income Fund	474,407	340,356

For the year ended December 31, 2013, the Plan's pooled separate accounts (including gains or losses on investments bought and sold, as well as held during the year) appreciated in value by $920,007.

6. Investment Contract

The Plan has an investment contract with John Hancock Life Insurance Company ("Hancock"). Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract is not fully benefit-responsive therefore investments are reported at fair value and not contract value.

7. Tax Status

The plan sponsor has adopted the Valley Pension Services, Inc. Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

9. Related Party Transactions

John Hancock Life Insurance Company serves as the asset custodian of the plan. All transactions with John Hancock qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $3,698 to the third party administrator and custodian which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

11. Subsequent Event

Effective January 31, 2014, the Plan amended its loan policy as follow:

- Loan interest rate will be based on the Wall Street Journal Prime rate at the time the participant applies for a loan plus one percent.
- Minimum loan amount shall be $1,000.
