INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Midstate Employee Savings and Retirement Plan
Galesburg, Illinois

Report on the Financial Statements
We were engaged to audit the financial statements of Midstate Employee Savings and Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Frontier Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Midstate ("Company") Employee Savings and Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was adopted July 1, 1997.

All assets of the Plan are held by Frontier Trust and invested in mutual funds within the American Funds Family of Funds.

The investment options available to participants as of December 31, 2013 and their related investment objectives were as follows:

American Mutual Fund. Strives to provide for the balanced accomplishment of three objectives — current income, capital growth and conservation of principal. The fund is conservatively managed to reduce volatility and risk. The fund does not own securities of companies that derive the majority of their revenues from tobacco and/or alcohol. The fund invests primarily in common stocks, securities convertible into common stocks, nonconvertible preferred stocks, U.S. government securities, investment-grade bonds and cash. May invest up to 20% of its assets in securities of issuers domiciled outside the United States and not included in the S&P 500 Composite Index. May invest up to 5% of its assets in securities of issuers domiciled outside the United States and Canada and not included in the S&P 500 Composite Index.

EuroPacific Growth Fund. Seeks to provide long-term growth of capital by investing in companies based outside the United States. Invests in companies based chiefly in Europe and the Pacific Basin, ranging from small firms to large corporations. Invests primarily in common stocks (may also invest in preferred stocks), convertibles, American Depository Receipts, European Depositary Receipts, bonds and cash. Holdings are primarily outside the U.S. except a nominal portion that may be held in U.S. dollars. Normally, at least 80% of assets must be invested in securities of issuers domiciled in Europe or the Pacific Basin.

New Perspective Fund. Seeks to provide long-term growth of capital. Future income is a secondary objective. Diversifies among blue chip companies in the United States and abroad, emphasizing multinational or global companies and focusing on opportunities generated by changes in global trade patterns and economic and political relationships. The fund invests primarily in common stocks, convertibles, preferred stocks, bonds and cash. The fund may invest up to 100% of assets outside the United States, though this is unlikely since New Perspective Fund is a global fund.

The Bond Fund of America. Seeks to provide as high a level of current income as is consistent with preservation of capital. Broadly diversified fixed-income fund with flexibility to respond to various bond market conditions. Primarily invests in corporate debt securities, U.S. and other government securities, mortgage-related securities and cash. May invest up to 25% of assets in fixed-income securities of corporations and government entities outside the United States. Typically, the fund will be invested in intermediate- to long-term securities. The fund generally invests at least 80% of its assets in bonds, including corporate bonds, U.S. government securities and money market instruments. At least 60% of its assets will be invested in securities rated A3/A- or better at the time of purchase. It is the fund's current practice not to invest more than 10% of its assets in debt securities rated Ba1 and BB+ or below.

Note 1 – Description of Plan (continued)

The Income Fund of America. Seeks to provide current income while secondarily striving for capital growth. Seeks investments in both the stock and bond markets that provide an opportunity for above-average current income and long-term capital growth. Invests primarily in common or preferred stocks, convertible securities, bonds, U.S. and other government securities, cash and cash equivalents. The fund may invest up to 25% of assets in equities of companies outside the U.S. and up to 10% of assets in fixed-income securities outside the U.S. that are denominated in U.S. dollars. The fund may invest only 20% of its assets in securities rated below investment grade.

The New Economy Fund. Seeks to provide long-term growth of capital. Current income is a secondary consideration. Invests in securities of companies that can benefit from innovation, exploit new technologies or provide products and services that meet the demands of an evolving global economy. Invests primarily in common and preferred stocks, securities convertible into common stocks, and cash and equivalents. May invest up to 45% of assets in securities of companies domiciled outside the U.S.

Washington Mutual Investors Fund. Seeks to produce income and to provide an opportunity for growth of principal consistent with sound common stock investing. The fund seeks to be at least 95% invested in equity-type securities. The fund invests in stocks that meet strict standards evolving from requirements originally established by the U.S. District Court for the District of Columbia for the investment of trust funds. May not invest in companies that derive their primary revenues from alcohol or tobacco. Primarily invests in common stocks and securities convertible into common stocks. May invest up to 10% of its assets in companies domiciled outside the United States.

American Funds Money Market Fund. The investment objective of the fund is to provide a way to earn income on cash reserves while preserving capital and maintaining liquidity. The fund is a money market fund that seeks to preserve the value of investment at $1.00 per share.

Contributions

Each year, participants may contribute up to the lesser of 12% of wages or the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investment options for participants. The Company contribution is discretionary as defined by the Plan. The Company also has the ability to make discretionary profit sharing contributions as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of credited service.

Participant Loans and Hardship Withdrawals

Participants may not borrow from their fund accounts or make hardship withdrawals.

Note 1 – Description of Plan (continued)

Forfeited Accounts
Non-vested employer matching contributions are forfeited upon termination of employment or a participant's withdrawal from the Plan. The forfeitures account balance as of December 31, 2013 was $7,497. This account would be used to reduce future employer contributions or pay administrative expenses. During the year ended December 31, 2013, forfeitures of $3,424 and dividends and net gains of $992 were added to the account and $8,208 in expenses was paid out of the account.

Administrative Expenses
Administrative expenses are paid through participant forfeitures or by the Company.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Date of Management's Review
Subsequent events were evaluated through July 18, 2014, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used by the Plan.

Note 3 – Fair Value Measurements (continued)

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted closing net asset values of the shares held by the Plan at year-end, reported on the active market where traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual funds		
Growth and income	$ 616,564	$ 616,564
Growth	1,000,996	1,000,996
Equity	224,031	224,031
Bonds	178,489	178,489
Money market	245,337	245,337
Total	$ 2,265,417	$ 2,265,417

Note 4 – Investments in Mutual Funds

The Plan is funded through mutual funds with the American Funds Family. The contributions are maintained in mutual funds. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, because the mutual funds are fully benefit-responsive, fund value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund.

Fund value, as reported to the Plan by Frontier Trust, represents contributions made under the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fund value after separation date.

Certain events limit the Plan’s ability to transact at fund value with Frontier Trust. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at fund value with Plan participants, is probable.

Note 4 – Investments in Mutual Funds (continued)

The fair values of investments that individually represent 5 percent or more of the Plan's net assets as of December 31, 2013 and 2012 are as follows:

	2013	2012
American Mutual Fund	$ 292,121	$ 221,709
American Funds Money Market	245,337	217,161
EuroPacific Growth Fund	331,816	261,194
New Perspective fund	337,850	255,554
The Bond Fund of America	178,489	166,912
The Income Fund of America	224,031	161,987
The New Economy Fund	331,330	217,884
Washington Mutual Investors Fund	324,443	218,173

Note 5 – Non-participant Directed Investments

Non-participant directed funds are invested in the mutual funds and totaled $7,497 as of December 31, 2013. The components of the change in net assets relating to non-participant directed investments for the year ended December 31, 2013, are as follows:

	2013
Forfeitures	$ 3,424
Net appreciation/(depreciation)	856
Dividends	136
Administrative expenses	(8,208)
Change in non-participant directed funds	$ (3,792)

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Internal Revenue Service has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8 – Risks and Uncertainties

The Plan investments are comprised of underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Certification

Frontier Trust, the custodian of the Plan assets has certified to the completeness and accuracy of the Plan's investment assets, investment transactions, investment income, and schedule of investments as of December 31, 2013 and for the year ended December 31, 2013.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2013 to Schedule H of Form 5500:

	2013
